1.1 STAND ALONE ACCESS CONTROLS

A. Narrow Style Digital Keypad, Integrated, Indoor /Outdoor:

1. Product: Model 923 Narrow Style Indoor/Outdoor EntryCheck as manufactured by SDC.
Narrow style keypad with 500 users. User Codes to be 4 to 6 digits in length, programmable for
individual or simultaneous control of 2 relay outputs momentary, timed or latching with 2
additional programmable solid state outputs
a. Two LEDs - Output Red/Green and Amber status indicators.
b. Four Outputs: Relay #1, SPDT, 5 Amps at 30 V. Relay #2, SPDT, 2 Amp at 30 V. Output
 #3 and #4, solid state open collectors 100 mA at 24 VDC.
c. Voltage: 12/24 VDC or AC (AC supply shall be transformer isolated). Current: 30 mA
 typical, 150 mA maximum.
d. Automatic time-out REX input,
e. Choice of Keypad disable or Door Sense input
  1) Forced Entry
  2) Door ajar
  3) Inhibit Relay 1 or 2
  4) Auto relock when door closes
f. Choice of two solid state output functions
  1) Alarm shunt
  2) Forced entry
  3) Door ajar
  4) Tamper lockout
  5) Keypad active
g. Timed Anti-tailgate
h. Blue illuminated keys with tactile feel
i. Narrow style rugged cast housing (7.3125"Hx 1.75"Wx 1.375"D)
j. Operating Temperature; -22 degree F to +149 degree F (-30 degree C to +65 degree C).
k. Humidity: 5% to 95%, non-condensing.
