

Padlock Steel 83S/45 LFIC

Page 1 of 1

Technology

- Body and shackle made of chrome-plated hardened steel with extra NANO PROTECT™ coating for more corrosion resistance
- Patented "Z-bar" for 2-in-1 function: converts key-retaining to non-key-retaining and vice versa within seconds
- Easy Shackle Change: Shackle can be exchanged within seconds
- Accepts Large Format Interchangeable Core (LFIC) cylinders
- Double stainless steel ball deadlocking mechanism for high tensile and torsion strength
- Key-retaining only

Large Format Interchangeable Core
