CARBIDE TIP DRILL BITS

These Carbide Tip Drill bits are specially designed for drilling through safes, hard plate, and other demanding metal work.

Sizes range from 1/8" to 5/16" in diameter, and from 3" to 30" in length. See complete product line-up to the right.

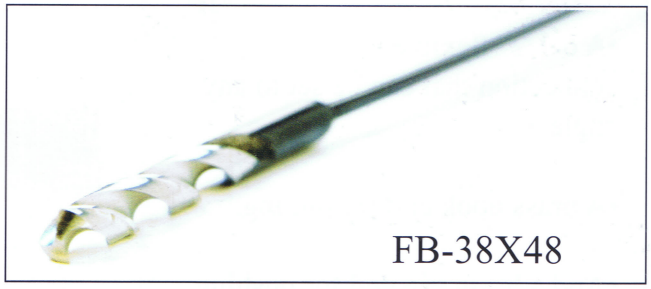
Stock numbers and Sizes

Stock Number	Diameter and Length
K-B18X3	1/8" x 3" Carbide Tip Safe Drill Bit
K-14X4	1/4" x 4" Carbide Tip Safe Drill Bit
K-14X6	1/4" x 6" Carbide Tip Safe Drill Bit
K-14X13	1/4" x 13" Carbide Tip Safe Drill Bit
K-316X4	3/16" x 4" Carbide Tip Safe Drill Bit
K-316X6	3/16" x 6" Carbide Tip Safe Drill Bit
K-38X4	3/8" x 4" Carbide Tip Safe Drill Bit
K-38X6	3/8" x 6" Carbide Tip Safe Drill Bit
K-B38X13	3/8" x 13" Carbide Tip Safe Drill Bit
K-38X30	3/8" x 30" Carbide Tip Safe Drill Bit
K-12X4	1/2" x 4" Carbide Tip Safe Drill Bit
K-12X6	1/2" x 6" Carbide Tip Safe Drill Bit
K-B12X13	1/2" x 13" Carbide Tip Safe Drill Bit
K-12X24	1/2" x 24" Carbide Tip Safe Drill Bit
K-516X4	5/16" x 4" Carbide Tip Safe Drill Bit
K-516X6	5/16" x 6" Carbide Tip Safe Drill Bit
K-516X13	5/16" x 13" Carbide Tip Safe Drill Bit
K-516X30	5/16" x 30" Carbide Tip Safe Drill Bit

The longer bits, such as the 24" & 30" bits, are ideal for access control & alarm work. With their sharpened tips, designed for opening safes, they are ideal for drilling through walls and especially helpful if you should encounter any rebar!

FLEX BIT

Keedex Flex Bits are a great new product available from Keedex. These bits are long enough for core drilling doors, drilling at (install) sites for running wiring in walls and crawl spaces.



Available in these sizes:

FB-14X24 - 1/4" x 24" Flex Bit
FB-38X24 - 3/8" x 24" Flex Bit
FB-14X36 - 1/4" x 36" Flex Bit
FB-38X36 - 3/8" x 36" Flex Bit
FB-14X48 - 1/4" x 48" Flex Bit
FB-38X48 - 3/8" x 48" Flex Bit

- Designed to drill through steel plates as well as wood.
- 118 degree point provides more gradual breakthrough and limits the grabbing that occurs when using a traditional 135 degree point.
- Split point tip and slow spiral design improves bit self-cleaning and eases pull back.
- 3/16" flexible shaft allows you to easily align the bit along a stud for reference drilling.
- Holes in drill bit head and chuck end for attaching wire.

ALWAYS WEAR SAFTEY GOGGLES WHEN USING THIS PRODUCT!
