

FOODSERVICE PRODUCTS DIVISION

tomlinson®

Everything you need to operate a successful foodservice establishment can now be found in one easy-to-follow catalog. Tomlinson Industries' updated Foodservice Products Division catalog now includes the foodservice product line, C&K product line and our newest line — Fusion Commercial Products.

Tomlinson Industries is a leading manufacturer of high-quality, durable equipment that delivers years of reliable service, including soup cooking and warming equipment, wood products, cast iron skillets and thermal platters. C&K products offer the solutions you need to comply with or surpass HACCP and other safety standards, including disposable and safety/work gloves, cutting boards, liners and matting. The Fusion line of commercial equipment includes pizza ovens and merchandisers, warmers and servers, and heat lamps.

12" Pizza Oven

The 12" Pizza Oven has been used extensively by frozen pizza manufacturers for 30+ years. Designed to bake thin and regular crust pizzas in 15 minutes or less! Delivers desired taste, texture, and appearance! This 12" oven features pre-set temperature, 15-minute timer and ergonomically designed flip-up handle.

Model #	Description	Volts/Watts	Dimensions inches (mm)	Ship Wt. lbs./kgs.
1023221	507FC 12" Pizza Oven	120/1450	7-3/4 H x 20 L x 17-1/2 W (197 x 508 x 445)	20/9
Replacement parts				
1923236	Timer, 15 minute			
1923280	Knob for timer			

NEW! Baking sheets in 12" and 16" sizes transform Pizza Ovens into multi-purpose ovens. See page 3 for details.

Pizza & Snack Merchandiser

This Pizza & Snack Merchandiser is the perfect complement to our pizza ovens for pizza programs and in self-service environments. The merchandiser features front and rear doors for easy accessibility, adjustable temperature control, three heated shelves with raised racks — each shelf holds up to a 16" pizza. A great way to merchandise other foods including biscuits, chips, cookies, and more!

Model #	Description	Volts/Watts	Dimensions inches (mm)	Ship Wt. lbs./kgs.
1023226	513FC Pizza & Snack Merchandiser	120/475	19-1/2 H x 19 L x 19 W (495 x 483 x 483)	52/24
Replacement Parts

Thermal Platters keep hot foods sizzling hot and chilled foods crispy cold. Their distinctive look and stylish appearance lets you serve food with style! Made of cast aluminum, Thermal Platters are available in a variety of shapes and sizes. Matching underliners help retain temperature and make handling easy. See page 9 for maximum operating temperatures.

Finish Definitions

- Frosty: As cast, dull finish.
- Burnished: Similar to frosty, but ball burnished for rich, shiny finish.

To retain color and finish on cast aluminum products, DO NOT put in automatic dishwasher. Highly concentrated detergent compounds darken all aluminum. For easy cleaning, use metal wool soap-filled pads.

Casseroles

Solid cast aluminum casseroles in oval or round design. Available in 8 oz., 12 oz. or 16 oz. All in burnished finish. Shipped 12 per case.

Model #	Description	Ship Wt. lbs./kgs.

Disposable Gloves

Barrier-control products are your first line of defense in the fight against foodborne hazards. Our gloves are tested to the highest standards and provide exceptional value. All gloves are made of USDA-accepted materials and are non-sterile, single-use, and ambidextrous.

- Non-latex gloves look, fit, and perform like latex but without the risk of latex allergies.
- Vinyl gloves are an ideal, economical alternative for the latex-sensitive user. Vinyl offers a snug fit, yet is easier to slide on and off than latex.
- Poly gloves are the lowest-cost single-use hand protection.

Size	Powdered Non-Latex	Powder-Free Non-Latex	Powdered Vinyl	Powder-Free Vinyl	Powdered Blue Vinyl	Powder-Free Clear Poly	Powder-Free Elbow Poly
S	1036340	1036365	1036306	1036621	1036710	1036321	1036715*

CUTTING BOARDS

Chef's Edge® Cutting Boards

Premium commercial brand of hygienic cutting boards and food preparation surfaces. Available in Premium White and Color ID Series. Available with Microban® Anti-Microbial Product Protection. Microban is built in to last the life of the board, inhibiting the growth of the bacteria, mold and mildew that can cause stains and odors. Also helps keep boards cleaner between washings. Microban Antimicrobial Product Protection meets strict NSF and EPA guidelines and has been used extensively in foodservice and manufacturing environments. All Chef's Edge® Cutting Boards offer the following features:

- NSF listed; NSF seal embossed on board
- Easy on knives
- Resists heat up to 185°F — dishwasher safe
- Nonskid finish, nonskid feet (not available on boards with Microban)
- Non-absorbent, high-density extruded polyethylene
- Individually film wrapped
- Won't chip, crack or warp; rounded corners

Richlite® Heat-Resistant Surfaces

Richlite® surfaces are made of resin-impregnated paper composite. Heat resistant up to 200°F for 30 minutes in an oven or indefinitely under heat lamps. Can hold hot pots, fry baskets and skillets (up to 350°F) while cooling. 1/4" thick.

- Ideal for cutting boards, pizza serving and prep surfaces and for equipment applications such as steam tables, griddle stands, bread warmers, under heat lamps or carving boards
- Low absorbency — won't transfer odors
- Dense surface protects knives, helps resist dulling
- Stain-resistant even to food coloring and spices
- Dishwasher safe — won't warp

1035824	Black, 2' x 10' roll	1

Case Liners

Grip-Net Case Liners hold fast to virtually any surface and will not absorb or produce odors. They meet FDA requirements for food contact. Use to cushion and protect china or foodstuffs. Or choose Multi-Mesh Case Liners to line refrigerated case shelves. Multi-Mesh Case Liners maximize air circulation and can help you save on repair bills, reduce case maintenance and improve display case appearance. When used in sinks, liners help to capture meat and other debris before it can harm drains and pipes. Both Grip-Net and Multi-Mesh liners are made from FDA-approved materials.

Liner	Model #	Description	Case Qty.
Grip-Net	1035935	Red, 36" x 60' roll	1
