

MRX MORTISE TEMPLATE

RESPONSIBILITY

Door and Frame Manufacturers are responsible for providing adequate construction or reinforcements for proper installation of hardware shown. All architectural builders hardware must be installed on properly reinforced doors and frames, regardless of the type, material, or method of construction.

TEMPLATE SCALE IS 1:1 IF THIS MEASURES 1":

HAND

The diagram is divided into two horizontal sections. The top section is labeled 'OUTSIDE OF DOOR' and shows two figures. The left figure is labeled 'LH Left Hand Reverse' and the right figure is labeled 'RH Right Hand Reverse'. Both figures are shown from the side, with their arms extended forward and slightly downward, holding a long, thin object (likely a door handle or lever) with their hands. Dashed lines indicate the range of motion for the hands. The bottom section is also labeled 'OUTSIDE OF DOOR' and shows two figures. The left figure is labeled 'LH Left Hand' and the right figure is labeled 'RH Right Hand'. Both figures are shown from the side, with their arms extended forward and slightly downward, holding a long, thin object (likely a door handle or lever) with their hands. Dashed lines indicate the range of motion for the hands.
