

Discover 550 Series

700 TVL Box Camera

Features That Make a Difference:

- 1/3" Sony 960H image sensor for true color reproduction
- 700 TVL resolution
- True Day/Night (TDN) mode
- Service jack with second video output for camera setup
- On-screen display for easy setup
- C-CS lens adapter included
- 15 programmable privacy zones
- 12VDC/24VAC or 230V (PAL)

The compact Discover 550 Series Box Camera provides exceptional high-resolution images and true color reproduction in a variety of diverse lighting environments. Easy to use and simple to setup, this camera is engineered for optimal performance and reliability. With notable True Day/Night mode and 700 TVL resolution, the box camera delivers exceptionally accurate images during day and night, and in extremely challenging lighting conditions. With interchangeable lenses, this camera is ideal for almost any video surveillance application.

Discover 550 Series Box Cameras leverage Sony 960H technology which provides a horizontal resolution of 700 TVL capturing natural, high-definition video for clear, crisp images. These cameras provide a full range of true color pictures with higher sensitivity in less than ideal lighting conditions compared to conventional CCTV cameras.

Using an intuitive on-screen display menu, you can configure and adjust various camera settings to adjust for challenging environments, making setup quick and easy. Settings include exposure, white balance, backlight compensation, Day/Night selection, privacy zones, etc.

With up to 15 privacy zones, you can configure the camera to protect sensitive data or personal privacy by concealing areas prohibited from being monitored.

The Discover 550 Series Box Camera is ideal for indoor commercial environments and is commonly used with a weatherproof, vandal-resistant enclosure for outdoor applications such as a building's campus or a parking lot.

Specifications

Operational
Imager 1/3" Sony® Super HAD-II image sensor
Horizontal Resolution 700 TVL
Active Pixel Count (H x V)
