

Leading the Way in Megapixel Video™

# Surround Video G5 IP Megapixel Dome Cameras

H.264 All-in-One 180° Panoramic Motorized P-iris Lens True Day/Night Indoor/Outdoor Dome IP Cameras with WDR (Wide Dynamic Range) and STELLAR™ (Spatio Temporal Low Light Architecture) Models

The SurroundVideo G5 multi-sensor, multi-megapixel dome camera pushes the boundaries of next generation technology, providing users with four (4) integrated, Remote Focus P-iris lenses for an incredible 180° panoramic experience in a single indoor/outdoor housing. SurroundVideo G5 cameras provide an all-in-one solution for capturing wide area video surveillance while maximizing the field-of-view and reducing the total number of cameras required.

The SurroundVideo G5 multi-megapixel camera series delivers 5-, 12-, or 20-megapixel resolutions. For added flexibility, users can view the camera's four (4) sensors individually or as a smooth transition of all images blended together for a full 180° panoramic view. The camera is factory aligned with a slight image overlap to ensure you never miss a thing. For an optimal image, each sensor can be individually adjusted for the best exposure ratio per sensor (AV12586PM WDR model).

The series combines a day/night mechanical IR cut filter for the highest image quality at any time of day. The SurroundVideo G5 camera features

four (4) factory-installed Remote Focus P-iris lenses, ensuring the best possible depth of field and image clarity for precise performance from each individual sensor. Once mounted, the operator can quickly focus the camera remotely, eliminating the need to adjust the camera on-site. No more hassle individually installing multiple cameras to cover a wide area, manually focusing lenses, or risk missing critical information from a 180° scene.

For challenging low-light applications, the 5MP STELLAR, "Spatio Temporal Low Light Architecture" model offers best-in-class light sensitivity capturing details in extreme low-light. The 12MP SurroundVideo G5 camera (AV12586PM) features Wide Dynamic Range (WDR) to produce clear images in harsh lighting conditions.

SurroundVideo G5 is designed for demanding environments. Subjected and certified to rigorous dust and water tests, the IP66 rating, and its extended operating temperature range make it ideal for outdoor applications. The IK-10 rated, rugged dome housing is perfect for deterring vandals since it can withstand the equivalent of 55 kg (120 lbs) of force.

180° Panoramic

True Day/Night

Dual Encoder H.264/MJPEG

Integrated Motorized Lenses with Remote Focus

P-Iris Control for Best Depth of Field and Image Clarity

STELLAR™ Low Light Technolog on 5MP Models

Wide Dynamic Range on 12MP Models

Pixel Binning Mode on 12 and 20MP

Impact / Weathe Resistant IK-10 and IP66 Rated

## **Series Features**

- 5-, 12-, 20MP Models
- Individual or Seamless Situational Awareness
- True Day/Night Functionality with Mechanical IR Cut Filter
- Privacy Mask, Motion Detection, Flexible Cropping, Bit Rate Control and Multi-Streaming
- Four (4) Integrated Motorized P-iris Lenses with Remote Focus
- · Easily Adjustable 2-Axis Camera Gimbal with 360° Pan and 90° Tilt
- +/- 5° Electrical Vertical Alignment to Locate Each Sensor Position
- PoE and Auxiliary Power: 18-48V DC, 24V AC

#### **Model Dependent Features**

- STELLAR (Spatio Temporal Low Light Architecture) Reduces Motion Blur, Noise and Storage Requirements, While Enhancing Contrast and Allowing Color Imaging in Near Complete Darkness on 5MP Models
- True WDR up to 100dB at Full Resolution Available on 12MP Models:
  See Clearly in Shaded and Bright Light Conditions Simultaneously
- Binning Mode for Strong Low Light Performance in 12MP and 20MP Resolutions

# Camera Specifications
