AMD-ADCI600D021

- 1 MP resolution for true HD quality images
- True Day/Night (TDN) functionality for a true color image
- 3D noise reduction for sharper images and lower bandwidth use in low light
- IR illuminators for clear images in low light conditions
- Motion detection for instant alert of intruders
- IP66-rated enclosure to protect against dust and water damage
- IK10 vandal-resistant housing
- A variety of mounting options for quick and easy installation
- UL listed
- ONVIF 2.2 profile S compliant

**Illustra Flex 600 Bullet Outdoor**

AMD-ADCI600FB521

- 1 MP resolution for true HD quality images
- 9-22mm varifocal megapixel lens
- True Day/Night (TDN) functionality for a true color image
- 3D noise reduction for sharper images and lower bandwidth use in low light
- IR illuminators for clear images in low light conditions
- Motion detection for instant alerts of intruders
- IP66-rated enclosure to protect against dust and water damage
- Integrated mount for quick and easy installation
- ONVIF 2.2 profile S compliant
- UL listed

**Illustra Flex 600 Box Indoor**

AMD-ADCI600X002

- 1 MP resolution for true HD quality images
- Bandwidth and storage friendly
- 3D noise reduction for crystal clear images, even in low light conditions
- True Day/Night (TDN) functionality for a true color image
- Motion detection for instant alerts of intruders
- ONVIF 2.2 profile S compliant
- UL listed
- Ideal for a variety of indoor commercial environments
- Accommodates a variety of lens types, mounts, and housing accessories
- H.264 and MJPEG video compression

**Illustra Flex 600 Wireless Cube Indoor**

AMD-ADCI600FW012 - Includes power supply AMD-ADCI600FW012N - Does not include power supply

- 1 MP resolution for true HD quality images
- Bandwidth and storage friendly
- Crystal clear images, even in low light conditions
- Wi-Fi enabled for easy installation and setup
- Motion detection for instant alerts of intruders
- Tilting and swivel options to maximize viewing
- ONVIF 2.2 profile S compliant
- UL listed
- IR illuminators help provide clear images from up to 24 feet away
- H.264 and MJPEG video compression

Illustra Flex 800 Mini-Dome Indoor

AMD-ADCI800FD111

- 3 MP resolution for true HD quality images
- Bandwidth and storage friendly
- True Day/Night (TDN) functionality for a true color image
- 3D noise reduction for sharper images and lower bandwidth use in low light
- Motion detection for instant alerts of intruders
- UL listed
- A variety of mounting options for quick and easy installation
- ONVIF 2.2 profile S compliant
- H.264 and MJPEG video compression
- Ideal for retail stores, K-12 schools, and small to medium businesses
