

IM740P(-S)

In-wall Mount For 22"-40" Flat Panel Screens

Make the most of your flat panel experience by installing it flat against the wall with Peerless' IM740P In-Wall Articulating Arm. Installation is quick and easy thanks to the mount's stud-locating tabs that fit the in-wall box snugly between 16" wood stud centers. View the flat panel screen in its virtually no-profile home position, or extend the arm up to 13.75" to watch it practically anywhere else within the room. This mount is so flat, it may even allow installations to meet ADA requirements.

FEATURES

- Installs between 16" (406mm) wood stud centers
- Stud-locating tabs adjust 1/4" (6mm) left to right to accommodate stud spacing
- Includes articulating mount for 22"-40" displays
- Convenient installation of power and cables with removable outlet receptacle and cable access plates
- Height adjustment points in box to set screen in desired position
- VESA® 75, 100, 200 x 100 and 200 x 200mm compliant
- Can be inverted to position screen to the right or the left

Screen size: 22"-40"

Max load: 80lb (36kg)
