TILTING TV WALL MOUNT FOR 37"-70" TVs

The Paramount™ series tilting wall mounts are easy to install and offer TV angle versatility. Designed for medium to larger TVs, the Hook-and-Hang™ system means just one person can easily install even larger TVs. The Easy-Glide™ adaptors easily hook into the wall plate for quick, simple and secure installation. The low-profile design holds the TV just 2.66" (67mm) from the wall. After installation, use the side-to-side adjustment to perfectly position the TV. The +15°/-5° of tool-less tilt ensures you'll always have the perfect viewing angle. With the InceLok™ tilt technology, you can lock the tilt angle at installation, and prevent tampering or moving. Plus, the open wall plate allows total wall access, which increases electrical and cable management options.

+15°/-5° TILT
Vertical tilt offers the ideal viewing angle

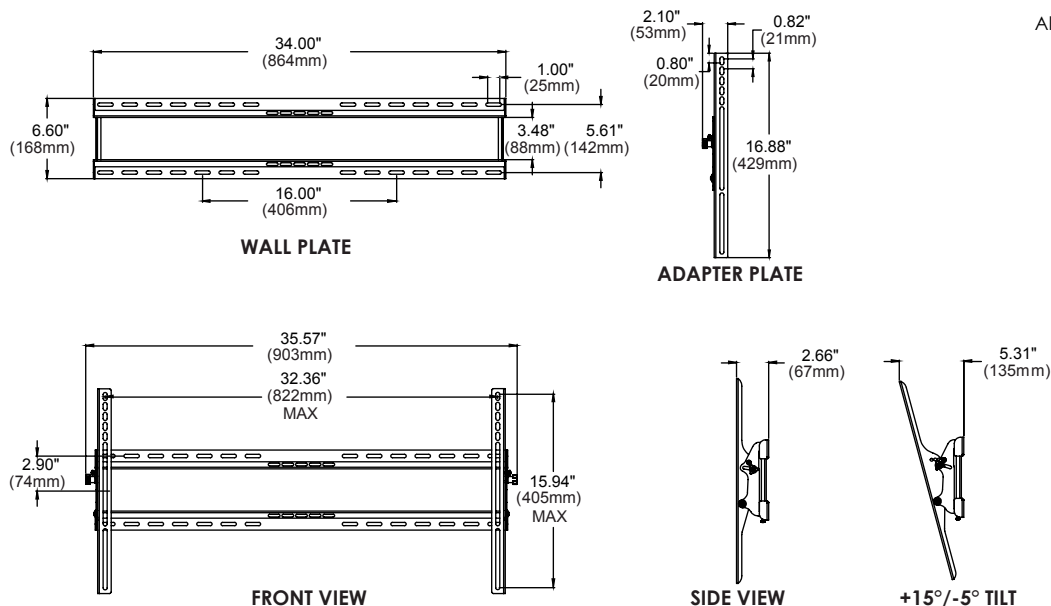

UNIVERSAL MOUNTING PATTERN
Accommodates a variety of TV mounting patterns

HOOK-AND-HANG™ INSTALLATION

TV is easily installed by a single person

MOUNTS TO WOOD STUD, CONCRETE, CINDER OR BREEZE BLOCK
