

Multi-Monitor Mounts

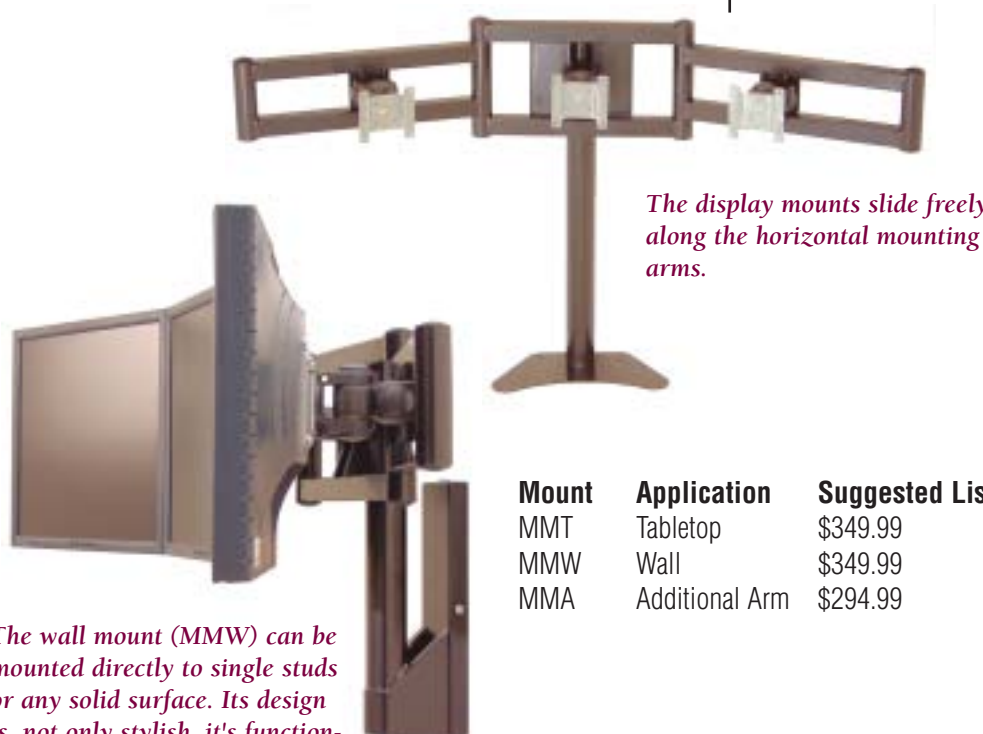

Our new multi-monitor mount series allows you to create a sleek, flexible videowall with your LCD displays.

- Fits most VESA-standard monitors from 10" to 20".
- Features tilt and pivot adjustments for each display.

MULTI-MONITOR MOUNTS

Mount 2 to 6 displays

- Allows 360° screen rotation.
- Available in tabletop or wall-mount versions.
- Tabletop series allow you to mount up to six flat-panel monitors.
- Wall series holds up to three monitors.
- Additional mounting arms are available.

The display mounts slide freely along the horizontal mounting arms.

The wall mount (MMW) can be mounted directly to single studs or any solid surface. Its design is not only stylish, it's functional as well, freeing up valuable desk or floor space.
