

Cathy Kremer

Agri-Tourism Advocate

Life-time Gardener

As a young prairie girl, gardening was a significant part of growing up in Alberta. Respecting the land has now become a passion of Cathy's, as a graduate of the Organic Master Gardener Program based in Stony Plain. She is also dedicated to educating others about native plant species to support pollinators.

Cathy's background in Tourism and Marketing was reflected in her involvement with award-winning agri-tourism initiatives in the Edmonton area. Her curiosity to learn more about the amazing endeavors in communities in Alberta fuels her interest to continue to be involved in Communities in Bloom.

For the last six years, Cathy has worked as a garden centre vendor representative showcasing annual and tropical plants, and is currently a garden maintenance provider.

Cathy has been a provincial Communities in Bloom Judge since 2019.
