

How to play ⏰ 10 min

- From 2 to 4 players
- The goal is to collect whole families. The winner is the player with the most families.

* Give 5 cards to each player. The rest of the cards form a stock.

* Ask a player for a specific card from a family: "Please, can I have the mother in the Windsor family?"

- If the player does not have the card, he/she says "Pick a card!"
- If the player picks the right card, he/she says "Lucky dip!" and plays again.
- As soon as a player collects a book of 5 cards of the same family, he/she must say "Happy family!"

Play "Happy Families"
