

Research Intern

Venice - CA

Snap Inc. is a camera company. We believe that reinventing the camera represents our greatest opportunity to improve the way people live and communicate. Our products empower people to express themselves, live in the moment, learn about the world, and have fun together.

At Snap Inc. Research, we create new technology that inspires our Product and Design teams, and we partner with Engineering to help develop and deliver amazing new features.

We have tons of interesting technical challenges, including designing cutting edge techniques to innovate our products, deploying algorithms to handle our scale, and improving the user experience of an application that sees millions of users and billions of requests per day. We are looking for interns with strong technical research and software engineering skills who are interested in the fields of Computer Graphics, Natural Language Processing, Computer Vision, Machine Learning, Data Mining, Speech and Audio Processing, Human-Computer Interaction, and more!

What you'll do:

- Collaborate with world class researchers and engineers in your area of expertise
- Develop the state of the art technology that will impact our products
- Evaluate trade-offs of various competing approaches

Who we're looking for:

- Enrolled in school (Bachelors, Masters, and PhD all welcome) in a technical field, such as Computer Science
- Strong academic performance in technical coursework
- Strong problem-solving skills
- Experience conducting academic research and applying technical concepts to real-world problems
- Successful previous project experience that could potentially impact our products
- Strong knowledge of Snap Inc. products and how research initiatives could contribute to future innovation.
- Ability to thrive in a fast-paced, dynamic, and collaborative work environment
- Someone who thrives on solving tough technical challenges

At Snap Inc., we believe that having a team of diverse backgrounds and voices working together will enable us to create innovative products that improve the way people live and communicate. Snap Inc. is proud to be an equal opportunity employer, and committed to providing employment opportunities regardless of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, pregnancy, childbirth and breastfeeding, age, sexual orientation, military or veteran status, or any other protected classification, in accordance with applicable federal, state, and local laws. If you have a disability or special need that requires accommodation, please don't be shy and contact us at accommodations-ext@snap.com.
