---

---

## INSTRUCTIONS:

- 1 Print out this page.
- 2 Fill out the label on the left side of this page by adding your return address and your message.
- 3 If you have a highlighter pen, use it to highlight the address inside the large black box. This will help ensure the postal workers will route the can appropriately.
- 4 Cut out the label, wrap it around an **empty aluminum can** that has not been crushed or had its shape deformed and then affix it to the can with clear plastic tape.
- 5 Place tape over the mouth of the can to ensure nothing falls into the can and to protect anyone who handles the can from sharp edges.
- 6 Add **\$2.32** in postage for an empty 12oz can.
- 7 Take a picture of yourself holding the can that's ready to mail. Then:
 

OPTION 1: Upload the picture to Instagram, Facebook and/or Twitter with a brief message and the hashtag **#KickBanksInTheCan**.

Sample tweet/message: *"I'm mailing an aluminum can to tell the Fed: Stop greedy and reckless banks. #KickBanksInTheCan. More info: [www.credoaction.com/banks](http://www.credoaction.com/banks)"*

OPTION 2: E-mail the picture to us at **CanPictures@credoaction.com** or text it to us at **256-333-2267 (256-FED-CANS)** along with your name, city and message to the Fed.
- 8 Put the can in the mail.
- 9 Get your friends involved. The more people who send a can, the bigger the impact we'll make.
- 10 Enjoy a job well done.

And yes, we tested this out, it'll really get there.
