Boston Globe
Release 12 (Education), August 10-12, 17-19 2014

In 2011, Governor Patrick signed the Massachusetts Gaming Act which allows for up to three destination resort casinos across three geographically diverse regions across the state. This November, there will be an initiative on the ballot calling for repeal of this law.

Based upon the information you have today, would you (a) vote to keep the current law in place, or (b) vote to repeal the law?

Currently there is a debate about whether or not to lift the cap on the number of charter schools in Massachusetts. Those who support lifting the cap on charter schools say that charter schools give parents more choice in their child's education and that charter schools have had positive impacts on the school districts where they exist. Those who oppose lifting the cap on charter schools say that keeping the cap in place allows for resources to be kept in locally controlled public schools, where they are needed most.
