

WHY ARE BILLIONAIRES FROM OUT-OF-STATE FUNDING MARK ELLIOTT'S CAMPAIGN?

Because **Mark Elliott** supports taking money from our public schools and putting it into unaccountable private schools.

Mark Elliott received tens of thousands of dollars of support from a special interest group pushing to defund public schools and put taxpayer money into private schools.

The group is funded by the billionaire DeVos family of Michigan. This effort is managed by Scott Jensen, the disgraced former Assembly Speaker who was convicted of criminal charges for illegal campaign activity.

VOUCHER PROGRAMS PUT OUR SCHOOLS AT RISK.

Voucher programs take much needed money away from our schools and give it to unaccountable private schools and for-profit schools. Our public schools are the path to success for thousands of Wisconsin kids.

Cutting public school funding is wrong and is bad for Wisconsin.
