0861 Tpr. Griffith, David S

On 12/28/2014, Lieutenant M.J. Hamilton of the Lebanon Highway Patrol Post contacted me by phone. Lieutenant Hamilton said that a pedestrian was struck by a vehicle on IR 71 southbound near SR 48. I arrived on scene at 3:52 AM, and first spoke to Sergeant Bierer about the incident. Sergeant Bierer said a pedestrian was struck by a tractor trailer and did not survive the incident. The driver of the vehicle had stopped just south of SR 48 on the right shoulder. Sergeant Bierer provided a backpack that was located in the median near the scene. Sergeant Bierer said that a laptop computer was found inside the backpack. The laptop computer was seized by Sergeant Bierer and taken back to the Lebanon Patrol Post where it was placed into the evidence locker.

I spoke with the parents of Joshua Alcorn (Doug and Carla Alcorn) at their residence. Carla Alcorn took me to the kitchen where she had thrown a note into a trash can. Carla explained the note was found on Joshuas bed after Trooper B.M. Lee had made the death notification earlier that morning. I asked Carla Alcorn if I could have the note. Carla went to the trash can and pulled the note from the trash. The note said, "Ive had enough." I asked Carla if it was Joshuas handwriting. Carla said it looked to be his handwriting. Carla agreed to provide us with the handwritten note. The note was placed into evidence as property # 1. Carla and Doug both said Joshua had been dealing with depression over the past summer. Both parents said they thought he was doing much better over the past few months. Carla and Doug said Joshua was seeking professional help to treat his depression, and he was placed on medication for the depression.

Trooper J. Soderquist, a Crash Reconstructionist, arrived on scene at 4:13 AM to assist in the investigation. Trooper Soderquist conducted damage analysis of the vehicle and photographed the scene and victim.

A vehicle examination report was completed by Motor Carrier Enforcement Inspector R.M. Scott at 4:20 AM. Inspector R.M. Scott examination report is summarized below:

Violations Discovered- Federal Motor Carrier Safety Administration (FMCSA) Violation Code (393.47)

Clamp type brake out of adjustment on tractor axle #3, right side measured 3 inches, allowed 2 1/2 inches. This is the distance the push rod must travel to apply the brake pads to the wheel drum. Clamp type brake out of adjustment on trailer axle #5, left side measured 2 1/2 inches, allowed 2 inches. This is the distance the push rod must travel to apply the brake pads to the wheel drum. The push rods being 1/2 inch out of adjustment does not mean the brakes were not operational at the time of the incident. The measurements only show that the push rods had to travel a 1/2 inch further than the FMCSA guidelines require to press the brake pads to the wheel hubs. According to FMCSA guidelines, the vehicle could have been placed out of service due to the number of defective brakes being equal to or greater than 20 percent of the total number of brakes on the vehicle.

The Warren County Coroner arrived on scene at 4:14 AM and was able to locate a driver's license on the victim. The victim was identified as Joshua R. Alcorn of Kings Mills, Ohio. The backpack and its remaining contents were turned over to the Warren County Corner at the scene. The victim was transported to the Montgomery County Morgue.

#### COMPUTER FORENSICS REPORT

CASE#: 14-412024-0801

CCU#: 2014-152

DATE OF REPORT: 01/07/2015

FORENSIC ANALYST: Trooper M. J. Ortiz U-1311

PHOTO POUCH#: GHQ00-20269

#### **SUMMARY**

On December 28, 2014 Troopers from the Ohio State Highway Patrol Cincinnati Post responded to a report of a pedestrian struck on Interstate Route (IR) 71. Through the course of the investigation it was learned the pedestrian appeared to purposely walk in front of a tractor trailer resulting in the pedestrian's death. A backpack was located near the scene of the incident containing a laptop. The laptop was forwarded to the Ohio State Highway Patrol's Computer Crimes Unit for analysis.

#### **MENTIONED**

Investigator/Case Agent: Trooper D. S. Griffith

Suspect: Joshua R. Alcorn

CASE#: 14-412024-0801

Page 1 of 4

#### **ACTION TAKEN**

On December 30, 2014, the evidence was received from Trooper Griffith. The device was removed from the evidence bag and identified as an Apple Mac Book Pro. It was discovered the laptop was still powered on. A hard shutdown was conducted due the device not having an external battery. The device was then photographed and disassembled. The laptop contained a Solid State PCle hard drive which was not supported by any hardware owned by the CCU.

The log file, seen above, validated the image files matched using SHA1 hash.

#### **DRIVE GEOMETRY**

#### **EXAMINATION RESULTS**

The image file obtained was forensically processed using FTK. The file system was manually examined. A review of the user profile "Josh" did not reveal any suicide letters written and saved to the machine. A keyword search was conducted with the word "Suicide", which revealed numerous internet activity logs related to suicide prevention. An iChat conversation with "Abby" was located from November 2014, where Mr. Alcorn wrote about feeling like he had no way out and killing himself was a viable option.

#### **EXAMINER'S CONCLUSION**

The evening of Mr. Alcorn's death he searches the word "suicide" in Tumblr, which brought up several different assistance agencies and suicide quotes. Mr. Alcorn then searched in Google for runaway assistance. The information located does not definitively prove circumstances surrounding Mr. Alcorn's death; however, allusions to suicide and depression are present.

#### DISPOSITION

The evidence from this report was released to Trooper Griffith on 01/06/2014. This report will be forwarded at a later time. Disseminate

#### SUICIDE NOTE

If you are reading this, it means that I have committed suicide and obviously failed to delete thi post from my queue,

Please don't be sad, it's for the better. The life I would've lived isn't worth living in... because I'm transgender. I could go into detail explaining why I feel that way, but this note is probably going to be lengthy enough as it is. To put it simply, I feel like a girl trapped in a boy's body, and I've felt that way ever since I was 4. I never knew there was a word for that feeling, nor was it possible for a boy to become a girl, so I never told anyone and I just continued to do traditionally "boylsh" things to try to fit in

When I was 14, I learned what transgender meant and cried of happiness. After 10 years of confusion I finally understood who I was. I immediately told my mom, and she reacted extremely negatively, telling me that it was a phase, that I would never truly be a girl, that God doesn't make mistakes, that I am wrong. If you are reading this, parents, please don't tell this to your kids. Even if you are Christlan or are against transgender people don't ever say that to someone, especially your kid. That won't do anything but make them hate them self. That's exactly what it did to me.

My mom started taking me to a therapist, but would only take me to christian therapists, (who were all very biased) so I never actually got the therapy I needed to cure me of my depression. I only got more christians telling me that I was selfish and wrong and that I should look to God for help.

When I was 16 I realized that my parents would never come around, and that I would have to wait until I was 18 to start any sort of transitioning treatment, which absolutely broke my heart. The longer you wait, the harder it is to transition. I felt hopeless, that I was just going to look like a man in drag for the rest of my life. On my 16th birthday, when I didn't receive consent from my parents to start transitioning, I cried myself to sleep.

I formed a sort of a "fuck you" attitude towards my parents and came out as gay at school, thinking that maybe if I eased into coming out as trans it would be less of a shock. Although the reaction from my friends was positive, my parents were pissed. They felt like I was attacking their image, and that I was an embarrassment to them. They wanted me to be their perfect little straight christian boy, and that's obviously not what I wanted.

So they took me out of public school, took away my laptop and phone, and forbid me of getting on any sort of social media, completely isolating me from my friends. This was probably the part of my life when I was the most depressed, and I'm surprised I didn't kill myself. I was completely alone for 5 months. No friends, no support, no love. Just my parent's disappointment and the cruelty of longings.

At the end of the school year, my parents finally came around and gave me my phone and let me back on social media. I was excited, I finally had my friends back. They were extremely excited to see me and talk to me, but only at first. Eventually they realized they didn't actually give a shit about me, and I felt even lonelier than I did before. The only friends I thought I had only liked me because they saw me five times a week.

After a summer of having almost no friends plus the weight of having to think about college, save money for moving out, keep my grades up, go to church each week and feel like shit because everyone there is against everything I live for, I have decided I've had enough. I'm never going to transition successfully, even when I move out. I'm never going to be happy with the way I look or sound. I'm never going to have enough friends to satisfy me. I'm never going to have enough love to satisfy me. I'm never going to find a man who loves me. I'm never going to be happy. Either I live the rest of my life as a lonelier woman who hates herself. There's no winning. There's no way out. I'm sad enough already, I don't need my life to get any worse. People say "it gets better" but that isn't true in my case. It gets worse. Each day I get worse.

That's the gist of it, that's why I feel like killing myself. Sorry if that's not a good enough reason for you, it's good enough for me. As for my will, I want 100% of the things that I legally own to be sold and the money (plus my money in the bank) to be given to trans civil rights movements and support groups, I don't give a shit which one. The only way I will rest in peace is if one day transgender people aren't treated the way I was, they're treated like humans, with valid feelings and human rights. Gender needs to be taught about in schools, the earlier the better. My death needs to mean something. My death needs to be counted in the number of transgender people who commit suicide this year. I want someone to look at that number and say "that's fucked up" and fix it. Fix society. Please.

Goodbye,

(Leelah) Josh Alcorn
