City Subpoenaed by Hamilton County Prosecutor Joe Deters Required to hand over all copies of June 19 Dash Cam Video

CINCINNATI – Today, Hamilton County Prosecutor Joe Deters issued a grand jury subpoena (attached) to the City of Cincinnati for all copies of the June 19 dash cam video and other investigatory materials related to the incident involving the tragic death of Police Officer Sonny Kim.

As required, the City of Cincinnati has complied with this court action and turned over the requested materials, including the dash camera video, to the County Prosecutor.

“There is a process we must follow, and we will continue to cooperate with the prosecutor on this investigation, which is in his hands,” said City Manager Harry Black. He continued, “Sonny Kim remains a hero, and every time we talk about this incident I am reminded of the pain and loss experienced by Officer Kim’s family and his brothers and sisters on the Cincinnati Police Department.”

Questions about the investigation, or release of the video should be directed to the Hamilton County Prosecutor’s Office.
