

# PATIENTS OVER POLITICS

## A DOCTORS FOR AMERICA CAMPAIGN

### Patients Over Politics Declaration Of Support

We believe in an America where everyone has quality, affordable health care and where doctors and the public work together to build a health care system that works for all.

We took a critical first step toward this vision when we passed the Affordable Care Act, a law supported by the largest physician organization in the country. We must now ensure the Affordable Care Act is implemented so millions of Americans can realize the full promise of the law.

**We, the undersigned, demand our politicians put Patients Over Politics. We must work together to build on the Affordable Care Act with further reforms and commit to a future where everyone can get health care when they need it.**
