ABOUT US

Parents as Teachers provides personalized support services to women and their families, beginning in pregnancy and continuing until children are 3 years old.

The program provides your own parent educator/coach to help address the changing needs of your family. You, as your child's first and most important teacher, will have individual support to ensure your young children grow up healthy, safe, and ready to learn.

Using a proven educational model (Parents as Teachers, or PAT) your parent educator/coach will provide regular home visits and monthly group activities for families. Virtual visits are also possible.

Families are only able to enroll during pregnancy.
