PXS SERIES

The PXS series represents our determination to build the perfect rock and metal guitar for today's most demanding professional players. These guitars are loaded with features eliminating the need for aftermarket modification. With comfortable access to the highest frets, big tone and fast necks you won't find a better choice for your recording and live performances.

Fantomen

A collaboration between the design team at Hagstrom and “Papa Emeritus” and the Ghouls of the band Ghost, Fantomen (Swedish for “The Fantom”) transports Hagstrom’s legendary playability and technical excellence into a new, edgier realm. We started with an elegantly asymmetrical solid-mahogany body to which we have joined a mahogany neck using our classic mortise-and-tenon neck joint system. Of course, since it’s a Hagstrom, the Fantomen uses our H-Expander® truss rod and Resinator® fingerboard, providing the ultimate in playing surface stability and optimal tonal enhancement.

TRAMONTANE 70

Beyond the singular aesthetics of French craftsmanship that characterizes the Tramontane series, the T70 imposes itself in the world of the entry-level acoustic guitars with a solid spruce top that's rich and deep in tone. Sound quality, combined a comfortable playing experience essential to the beginner, make it the best value of the moment. The HIT models have a headstock integrated tuner.

TRAMONTANE 170

The T170 is the first model on the range with a solid red cedar top meticulously chosen for its acoustic qualities. Available in dreadnought and auditorium shapes the T170 promises a deep and warm sound, which is faithfully reproduced with the Astro-Lâg preamp that appears in the acoustic-electric versions. As all the new Nature serie, the T170 is also avalaible in Folk Nylon model.

T88D

T88A

T88ACE

TRAMONTANE 88

Worthy heir to the T80 (several times awarded in the United States), this T88 takes the specificities of the one that preceded it for many years and pushes them to a higher level of detail. Solid top, fingerboard and bridge in brownwood, delicate finishes with carved headstock and elegant bindings. The sound quality is not left out since it benefits from all the improvements made by Maurice Dupont and make it one of the best acoustics in this price range.

MODEL		LIST	MAP	STD	ELITE
T88D	LÂG Tramontane T88D Dreadnought	$449.99	$314.99	$215.00	$204.25

T88ACE	LÂG Tramontane T88ACE Auditorium cutaway electro	$659.99	$459.99	$315.00	$299.25

TRAMONTANE 98

Khaya, also known as African mahogany, is used as the solid top and the back and sides of this guitar. Khaya was chosen for its singular sound characteristics; smooth, felted bass, a very present mid-range, and delicate treble. Consequently, the T98 deliver a warm, deep sound that blues lovers and roots music will enjoy, whatever their playing style: picking, rhythm or solo.

MODEL		LIST	MAP	STD	ELITE

Nut: black graphite / 43 mm
Acoustic electric models: Astro-LÂG system

TRAMONTANE 118

Thanks to the khaya body and its red cedar top with warm balanced acoustic properties, the T118s largely dominate the competition in their price range. From the slim auditorium body that is focused and precise in its voice to the dreadnought body, that is more powerful, you are sure to find a sound that fits your style. The Tramontane 118 series is available in several finishes, with or without cutaway, to satisfy all demands of musicians in search of a versatile instrument.

Occitania

The Occitania series offers a modern approach to the proven tradition of Spanish guitar craft that separates it from the competition. These guitars impress with their rich, warm tones and extremely comfortable playability. Upon first contact with the guitar one instantly recognizes the abundant harmonics and projection that is so valuable to the classical guitarist. A double tension bar allows for complete adjustment over the neck, an advantage that is not typical of guitars of this style. Moreover, the expressiveness and emotion inherit of the classic guitar is faithfully amplified with our DirectLâg Plus or StudioLâg Plus preamps, both of which were designed in collaboration with the German company Shadow Electronics.

HyVibe

It is not surprising that at a time when standard telephones have evolved into power smartphones, an identical digital phenomenon would finally happen to the acoustic guitar. By combining Doctor Adrien Mamou Mani's 7+ years of research at the famous IRCAM institute in Paris, with 40 years of guitar manufacturing expertise, Lâg offers all guitar lovers a new category of instruments providing the best in technology and lutherie design.

PIXIE ACOUSTIC-ELECTRIC

The Pixie Acoustic/Electric guitar is a full scale instrument designed especially for girls. This beautiful guitar is lightweight and it sounds great! It features Daisy Rock's trademark "Slim & Narrow" neck which makes it easier for girls with smaller hands to play. This guitar produces a rich tone, and its slightly smaller sized body fits girls just right. It also includes a Daisy custom piezo preamp/pickup system so you can plug into an amp, crank it up, and rock the stage! All Daisy Rock guitars arrive set up, ready to play, and are backed by a limited lifetime warranty.

Daisy Rock® Girl Guitars®

WILDWOOD SHORT SCALE ACOUSTIC

The Wildwood Acoustic is a short scale instrument designed specifically for younger girls with smaller frames, and for older girls looking for a 3/4 size or easily portable guitar. This beautiful guitar is lightweight, it sounds great, and because it's designed to perfectly fit girls, it's extremely comfortable to hold and to play! It features Daisy Rock's trademark "Slim & Narrow" neck which makes it easier for girls with smaller hands to play. The flamed maple top with mahogany back and sides produces a great sound that will inspire musicians at any skill level. All Daisy Rock guitars arrive set up, ready to play, and include a limited lifetime warranty.

QCHORD

The Award Winning Musical Instrument Anyone Can Play!

0 to Musician...in 9 Seconds Flat!
Everyone loves music, but turning the desire into reality takes a commitment in time and money. Whether you're 3 or 93, you can make music the very first time you try. No trick fingering or breathing techniques. No long practice sessions.

Technically Speaking, QChord Has A Lot To Say!
A powerful on board micro processor and advanced sound engine gives QChord exceptional flexibility. Play up to 84 different chord combinations, 100 instrument voices and fully orchestrated rhythms using the LCD display, all assignable to 4 octave strumplate or melody keyboard. A pitch bend wheel adds expression.

QCHORD DIGITAL SONGCARD GUITAR

Includes 8 C batteries, keyboard overlay, and instruction manual.

Hagstrom

Hardshell Cases

Hagstrom hardshell cases are manufactured using high grade plywood featuring heavy duty gold plated latches, a comfortable ergonomically soft handle, and a deep plush protective lining reducing interior movement. The case exterior is made of durable Tolex in a vintage tan tone, gracefully branded with the Hagstrom logo. Seams are enforced with heavy brown stitching, featuring tasteful leatherette stitched sides.

The rectangular flat cases for the F-series and XL guitars also feature dark brown leatherette end caps with distinctive brown stitching. The cases for the Select models, Swedes, Super Swedes, Deuces, Ultra Swedes, Vikings, Viking Basses, and hollow body models feature an rigid arch top and form fitting design. The rectangular flat cases for bass guitar are offered in two different sizes: one size to fit the Beluga Series, and the other to fit the FXB and HB models.

LWA Series Bass Heads

LWA1000

This convenient package of 2 input channels with full Eq section and compressor on each channel combined with a power amp stage that is designed using the latest advances in so called Class D technology gives you a chameleon that can be used in pretty much any situation. The configuring of the Amp to give 500W at 8 Ohms and 1000W at 4 Ohms makes it possible to have the power you need for the gig regardless of the size of the venue. The 2 inputs lets you have 2 Basses plugged in and ready to go with their own unique settings already dialed in.

Paradigm Strings

PARADIGM wrap wire uses an exclusive plasma enhanced process to remove defects and greatly improve corrosion resistance. Our patented Everlast nanotechnology is applied once the strings are wound, changing the way they react to moisture and oils. Get strings that last longer and sound fresher - without the tone-killing side effects of a coated string.

CHALLENGE YOUR SENSES

with OPTIWEB Coated Electric Strings

As you develop as a musician, your rig evolves with you. Your strings can now too.

Many uncoated players sacrifice tone life believing coated strings feel unnatural and sound less bright.

Times have changed.

OPTIWEB™ Coated Electric Strings challenge everything you've ever thought about coated electric guitar strings. Now you get the best of all worlds. Crisp tone. Natural feel. And the long-lasting tone life of Elixir® Strings.

Take up the challenge and listen now to compare at elixirstrings.com/experience.

BEST SELLERS! BEST SELLERS! BEST SELLERS!

ELECTRIC STRING SETS

Sound great 3x to 5x longer than ordinary strings. Balanced tone with smooth response. Comfortably smooth. Reduces finger squeak.

OPTIWEB™ String Sets

The New OPTIWEBTM Coating provides players the performance of a natural string – that crisp tone, natural feel and playable grip they know and love, but with the long-lasting tone life of ELIXIR Strings Our coating technology protects against common corrosion and debris buildup, extending tone life longer than any other brand's coated or uncoated strings*. Anti-Rust Plating on plain steel strings ensures longer tone life for the entire set.

ACOUSTIC STRINGS

Accurate Core Technology© (ACT©) is at the heart of VERITAS™ strings. Superior core wire is the foundation for tone, accuracy, and durability. DR's patented Accurate Core Technology strengthens the core wire and perfects any variation of the core wire. The core wire is far stronger and more accurate along its entire length for highly improved pitch and longer life.

Loud · Bright · Accurate / Phosphor Bronze on Hex Core

- Lasts up to 4 times longer
- Loud and bright, notes seem to jump to lock in tune
- Extremely stable, they seem to lock in tune
- Robust and resonant tone, excellent sustain
- Pitch perfect

DRAGON SKIN™ Electric Guitar Strings feature DR's K3™ clear coating on a nickel-plated steel wrap wire to prevent dirt and perspiration from reaching the hexagonal core wire, preventing corrosion. The K3™ coating, which is applied to all strings in the set, is ultra-hard and doesn't dampen vibration like softer coatings can.

Hi-Beam stainless steel bass strings are round wound and constructed on a round core which is unique in the industry. Hi-Beams require much more time, care and extra steps to make than other bass strings. The extra effort DR expends making Hi-Beams results in a bass string that is highly flexible and musically but not harshly bright..

Fat-Beams are compression wound to produce fat mids, bright highs and that distinct edgy Fat-Beam sound. Hand-made with the finest American stainless steel available, wound on round cores for increased flexibility and tone. DR Strings are hand-made (not machine-made) because our expert string-makers are capable of making micro adjustments needed through the winding process.

Bass players who are into slapping, popping and tapping will love the high end and depth of Lo-Rider. The slight bit of stiffness makes Lo-Rider bass strings very accurate when playing harmonics. Great consistency and great string-to-string balance are DR hallmarks. Lo-Rider provides more depth of tone, and are a bit stiffer than Hi-Beams.

DCV-50C	Curved	$33.52	**$18.10**
DCV-50F	Flat	$33.52	**$18.10**

Picker's Pal Capo

This amazing capo fits curved and flat fingerboards and works on 6-string, 12-string, nylon- or steel-string guitars thanks to its unique convertible pressure bar. The Picker's Pal® centered CAM pressure points ensure even clamping. It changes fret position easily and can be stored on the peghead when not in use. High-quality material and construction.

MODEL	LIST	NET
50CF	$17.39	**$8.44**

Johnny Cash Capo

In a career that spanned almost five decades, Johnny Cash gave us more than 100 records and dozens of hit singles. And he did it all with the simple, powerful honesty that became his trademark. Inspired by Cash's trusty Victor® Capo, this Capo in Black is rugged and durable, with a solid, cast-bronze construction for increased mass and sustain. Its precise worm gear adjustment provides even pressure across your strings for excellent tuning stability and easy repositioning.

TRIO + LOOPER = AWESOME

Get your groove on with TRIO+ Band Creator. TRIO+ listens and learns the chords and rhythm you play and automatically creates drum and bass accompaniment. TRIO+ now also allows you to loop your guitar parts and arrange custom looped sequences to create full songs on the fly. Additional features like: Expanded Styles, FX send/return, SD card memory expansion, and simplified bass make TRIO+ irresistible.

SDRUM - Strummable Drums

SDRUM is the world's first intelligent drum machine for guitarists and bassists. By simply scratching across your guitar strings, you teach the SDRUM a kick and snare pattern that forms the foundation of the beat you want to hear. Based on this pattern, the SDRUM supplies a professional sounding drum beat with different embellishments and variations to perfectly complement your beat. Gone are the days of having your creative flow disrupted by searching through lists in a frustrating attempt to find the beat you want.

- BeatScratch™ Technology creates drum patterns by strumming your strings
- 5 kits and studio quality samples for professional sounding drums
- 36 song memories
- Verse/Chorus/Bridge parts; 12 different hats/rides styles
- Alternate instruments/voicings
- Dedicated Amp and stereo Mixer outputs
- Kick/Snare pads for tapping in a beat; External FS3X support
- JamSync™ connectivity for interfacing with JamMan loopers

MODEL	LIST	MAP	EA.
SDRUM	$305.63	$139.99	$85.97

The Trio +

Band Creator + Looper

The TRIO+ is a simple-to-use guitar pedal that listens to the way you play and automatically generates bass and drum parts that match your song. Just plug your guitar into the TRIO+, press the Band footswitch to teach the TRIO+ your chords and rhythm, then press the Band footswitch again to start playing with your own personal band! Bass and drum levels can be adjusted for the perfect mix using the TRIO+'s Bass and Drums knobs. The TRIO+ also features a Simple Bass button lets you select between 3 bass line modes for busy or simple bass lines.

Pushing the Band Creator™ paradigm further, the TRIO+ also allows you to loop and custom sequence your looped guitar parts to create full songs on the fly. Press the TRIO+'s Looper footswitch to record a loop along with an unlimited number of overdubs. The Loop level can be individually controlled using the TRIO+'s Loop knob. Loops can be recorded by themselves, operating just like a traditional looper, or along with the band. You can also apply built-in effects to your guitar signal by enabling the TRIO+'s Guitar FX button, or connect your favorite effects to the TRIO+'s FX Send and FX Return jacks.

- 12 Music Genres To Choose From; 12 Styles Selectable Per Genre
- Can Learn Up To 5 Different Parts Per Song
- Programmable Song Part Intensities For Creating Song Dynamics
- Programmable Song Part Sequencer
- 3 Bass Line Modes
- Built-in Looper With Unlimited Overdubs
- Adjustable Tempo With Audiolastic Time Stretching & Quick Selection Of Alternate Time Interpretation
- Independently Adjustable Level Controls For Bass, Drums, & Loops
- Built-In Guitar Effects Designed For Each Genre
- Amp & Mixer Outputs
- FX Loop For Connecting External Effect Pedals
- 1/8" (3.5 mm) Mini Headphone Output With Headphone Level Control
- Up To 12 Songs With Loops Can Be Stored To A Micro SD Card (Included)
- Additional Hands-Free Control Available Using An Optional DigiTech FS3X Footswitch

POSITIVE FEEDBACK

The DigiTech FreqOut Natural Feedback Creator allows you to get sweet, natural feedback at any volume, with or without distortion. The FreqOut automatically identifies the harmonic content of your chords or single notes and then "encourages" user-selectable harmonics to feedback. The FreqOut is perfect for situations where volume must be controlled like in the studio, with in-ear monitors, or low-volume performance and practice. However, the FreqOut can also be used at gig volume to focus out-of-control feedback. The FreqOut also has adjustable onset, level, dry kill, latching or momentary operation, true bypass.

BP90

The BP90 features 27 effects, 11 amps, 5 cabinets, and 5 stompboxes. Placing any tone right at your feet, the BP90 features 100 presets locations (50 user and 50 factory).

The BP90 also features 40 high-quality drum patterns to practice with while adding a built-in chromatic tuner and headphone jack for silent practicing. A built-in expression pedal gives you real time control over wah, volume, and DigiTech® Whammy™ effects.

MODEL	LIST	MAP	EA.
BP90	$142.79	$99.95	$79.96

DOD Carcosa -Analog Fuzz

MODEL	LIST	MAP	EA.
DOD-CARCOSA	$153.50	$109.99	$85.96

The DOD Carcosa Fuzz is a doorway into an alternate fuzz universe, where classic tones of legend coexist with splattered and shattered Pollock abstractions. Combining the Carcosa's wide-ranging AFTER bias control with two toggle positions creates tones that range from porcine fatness to desiccated shards. This versatility makes the Carcosa Fuzz a good companion for dirty or clean amps. True bypass, tons of output, and the visage of the King in Yellow sets the stage for fuzzy madness.

The DOD Carcosa Fuzz has an exaggerated mid-range and treble character that help it stand out in a mix. It has been designed to cut through a dense and heavy band but still have great note articulation with chords. However, when extreme bias (AFTER) ranges are selected many wild and over-the-top sounds are possible.

DO A DOUBLE-TAKE

The new DOD Rubberneck Analog Delay has double the features with the cool new double-wide chassis. The Rubberneck boasts over a second of warm and musical 100% analog repeats you crave. Double concentric knobs give you independent control of the modulation rate and depth as well as gain and tone of the delay. The double footswitches allow for unique extended features like momentary control of the dizzying pitch sweep of “Rubbernecking.” Feedback loop send/return, remote footswitch control, and true bypass make the Rubberneck Analog Delay the must have delay of the year.

DOD Rubber Neck - Analog Delay

The new DOD Rubberneck Analog Delay has double the features with the cool new double-wide chassis. The Rubberneck boasts over a second of warm and musical 100% analog repeats you crave, along with tap-tempo, subdivisions, and tails. Double concentric knobs give you independent control of the Modulation Rate and Depth as well as Gain and Tone of the delay.

Double footswitches allow for unique extended features like user customizable momentary control of oscillation and momentary control of the dizzying pitch sweep of "Rubbernecking." These extended features are controlled by individual clear mini knobs that double as multi-color LED status indicators

- Over 1 Second of 100% Analog Delay with Tap Tempo
- Modulation, Gain, and Tone controls for Shaping Delay
- "Rubbernecking" Time stretching and Regen Adjust performance controls

Celebrating fifty years of Cry Baby® | jimdunlop.com

Cry Baby® Mini Wah

Don't let its small size fool you—the CBM95 Cry Baby Mini Wah doesn't skimp on tone or usability. It comes equipped with the legendary Fasel® inductor, a full sweep range, and three internally adjustable voicings—Low, Vintage, and GCB95. At half the size of a standard Cry Baby pedal, the CBM95 saves precious space without sacrificing tone. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
CBM95	$142.84	$99.99	$85.70

Cry Baby® Standard Wah

When people talk about wah pedals, they're talking about the Cry Baby Wah, the one that created some of the most timeless sounds in rock. Created in 1966 by engineers at the Thomas Organ Company, this expressive effect was a hit with players like Jimi Hendrix and Eric Clapton, and its popularity continues today. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
GCB95	$114.27	$79.99	**$68.56**

Cry Baby® 95Q Wah

We've taken the original Cry Baby Wah and added three of our most popular upgrades: the famous Q control, which varies the intensity of the wah effect by adjusting the effect's bandpass shape; volume boost, for up to +15dB added gain; and our auto-return function that automatically engages the effect when you place your foot on the pedal. It all adds up to a versatile, great sounding wah.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
95Q	$185.70	$129.99	$105.85

Cry Baby® Bass Wah

The 105Q incorporates a proprietary potentiometer and custom circuitry specifically optimized for bass frequencies. Applying the effect to mids and highs only, the Cry Baby Bass Wah leaves a strong fundamental to hold down the bottom so you can take solos or throw in fills without ever disturbing your low end. Auto-return switching.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
105Q	$185.70	$129.99	$111.42

Cry Baby® Bass Mini Wah

The Cry Baby Bass Mini Wah delivers the same sound and auto-return functionality as the popular 105Q, but it's half the size with a lighter aluminum housing. Just like its bigger brother, this pedal is optimized to retain a strong, solid fundamental while sweetening up fills and solos, and it'll fit nicely on your downsized travel board.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
CBM105Q	$171.41	$119.99	$97.71

Cry Baby® 535Q Multi-Wah

The 535Q is the Swiss Army Knife of wah pedals. With control over the most important wah parameters, you can easily create your ultimate wah tone. Select the frequency center of the effect, then dial in the frequency sweep range. Use the adjustable, switchable boost to create lasting sustain on any note. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
535Q	$214.27	$149.99	$128.56

Cry Baby® Classic Wah

The Cry Baby Classic Wah is built with the heart and soul of the original wah pedals: the legendary Fasel® inductor, which was the key to the gorgeous tone, voice, and sweep of those first wahs. It comes housed in a heavy-duty die cast housing and features a CTS potentiometer and true bypass operation. Power: Dunlop ECB003 AC Adapter.%

MODEL	LIST	MAP	NET
GCB95F	$157.13	$109.99	$94.28

CAE Wah

The CAE Wah features dual Fasel® inductors with two distinct voices and a built-in MXR MC401 Boost/Line Driver. Choose between inductors and toggle the boost with side-mounted kick switches; bright LEDs on each side of the wah indicate operation status. Features true bypass, a long-life CTS potentiometer, and internal pots for Q and GAIN adjustments. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
MC404	$242.84	$169.99	$145.70

Dimebag Cry Baby® Wah

The Cry Baby From Hell Wah features an extended sweep range with a fine-tune knob, 6-way range selector, kick-in volume boost and LED indicators (wah on/off, boost on/off) at the back of the pedal.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
DB01	$228.56	$159.99	$130.28

Joe Bonamassa Cry Baby® Wah

When Joe Bonamassa really wants to express himself in a solo, he steps on this wah. With its classy looks, vintage style Halo™ inductor, and huge vocal sweep range, this is one of the vibiest, most expressive wahs ever. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
JB95	$242.84	$169.99	$138.41

High Gain™ Volume

This gold standard of volume controllers is great for pedal steel swells and instant dynamics. Quiet operation and heavy-duty construction combine with an ultra-sensitive 1 million cycle taper potentiometer for the most delicate control ever.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
GCB80	$128.56	$89.99	$77.14

Kirk Hammett Cry Baby® Wah

Developed with metal guitar icon Kirk Hammett, this wah has been meticulously tuned and tweaked to deliver the sound that revolutionized metal solos in the '80s and onward. Dunlop's engineers took Kirk's EQ, volume, and tone settings and meticulously reproduced them. This pedal is exceptionally even in response as you move from heel to toe, with a thick top end and full dynamic range.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
KH95	$228.56	$159.99	$130.28

EVH Cry Baby® Wah

The EVH Wah Wah is customized with a more vocal high Q inductor and a wider frequency sweep. With true hardwire bypass, dual bright blue bypass LEDs, and graphics based on the black and yellow-striped guitar featured on Van Halen II, this Cry Baby Wah has a voice and look all its own.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
EVH95	$242.84	$169.99	$138.41

Slash Cry Baby® Wah

The Slash Signature Cry Baby wah's cutting edge circuit deploys searing high gain distortion coupled with the Fasel®-loaded Classic circuit for leads that cut and sing with a sweet, lush top end. Convenient LEDs indicate distortion on/off and wah on/off modes, and the battery compartment is readily accessible from the top of the rocker pedal. A side-mounted switch engages the distortion circuit, which is tuned by separate volume and gain knobs.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
SW95	$242.84	$169.99	$138.41

Slash Cry Baby® Classic Wah

Tuned to a lower frequency and featuring a custom-wound resonance inductor, this wah has a huge dynamic range and a wide sweep. Two side-mounted blue LEDs indicate ON/OFF status, viewable from any angle onstage, so you can always tell when the effect is on. The Slash Cry Baby Classic also features high quality components, such as a true hardwire bypass switch and a long-life pot, and comes in housed in a heavy duty die-cast casing featuring custom Slash artwork and a distressed hot-rod paintjob.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
SC95	$214.27	$149.99	$122.13

John Petrucci Cry Baby® Wah

Factory set to John's personal settings, the JP95 features all the controls he used to find his Cry Baby voice: Volume to add gain, Q to shape the width of the effect, and a 6-band EQ to shape the tone of the wah sound, from 100Hz to 3.2KHz. Want to fine-tune the sound to your own preference? Just take off the bottom plate and tweak away.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
JP95	$285.70	$199.99	$171.42

Volume(X)™ Mini Pedal

This pedal does everything that the larger DVP3 does but at half the size, and it's just as durable and solidly built with a lightweight aluminum chassis, aggressive non-slip tread, and our patented low friction band-drive for a smooth range of motion and consistent, reliable performance. Internal controls set the FX mode's minimum level parameters and the rocker's heel/toe. Features fully adjustable rocker tension and external aux jack for switchable tuner/expression functionality.
Power: passive pedal requires no power.

MODEL	LIST	MAP	NET
DVP4	$171.41	$119.99	$102.85

Jerry Cantrell Cry Baby® Wah

Alice in Chains' Jerry Cantrell favors wahs with a wider, darker response, and Dunlop has created this signature pedal to achieve that sound. Custom-voiced for a tight, punchy heel-down tone, a side-control knob lets you fine tune the toe-down frequency. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
JC95	$228.56	$159.99	$130.28

Volume (X)™ Pedal

The Volume (X) Pedal combines both volume and expression pedal functionality in one sturdy, pedalboard friendly housing. Create smooth volume swells or control effect parameters with the road-proven, patented heavy-duty Low Friction Band-Drive. Internal controls set the expression mode's minimum effect level parameters and the rocker's heel/toe polarity.
Power: passive pedal requires no power.

MODEL	LIST	MAP	NET
DVP3	$171.41	$119.99	$102.85

Jimi Hendrix™ Wah

This is the unmistakable tone heard on Hendrix classics like "Voodoo Child (Slight Return)," "Little Miss Lover" and "Still Raining, Still Dreaming." The Jimi Hendrix Signature Wah reproduces these throaty and expressive timbres with startling accuracy. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
JH1D	$199.99	$139.99	$119.99

Rotovibe® Chorus/Vibrato

The Rotovibe Chorus/Vibrato simulates rotating speaker sounds popularized by Hendrix and many others. Choose either CHORUS or VIBRATO, adjust the intensity of the effect, and then control the effect's speed by rocking the pedal back and forth.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
JD4S	$399.99	$219.99	$239.99

Fuzz Face® Distortion

The original Fuzz Face Distortion is constructed to the vintage specs, with the original Germanium PNP transistor design. This is the classic fuzz box used by Jimi Hendrix, Eric Johnson, and more.
Power: Single 9-volt battery.

MODEL	LIST	MAP	NET
JDF2	$185.70	$129.99	$111.42

Germanium Fuzz Face® Mini Distortion

The Germanium Fuzz Face Mini Distortion is based on '66–'68 era pre-silicon Fuzz Face pedals famous for warm vintage fuzz tones provided by slightly mismatched germanium transistors.
Power: Dunlop ECB003 AC Adapter.

MODEL		LIST	MAP	NET
FFM2	GERMANIUM	$185.70	$129.99	$105.85

Jimi Hendrix™ Fuzz Face® Distortion

The Jimi Hendrix Fuzz Face Distortion is a faithful reproduction of the 1969–70 Dallas Arbiter Fuzz Face Distortion that Jimi used on classic albums like Band of Gypsys. This pedal is built around the tone-ful BC108 silicon transistor with a hand-wired brown circuit board and circuitry carefully matched to original specs. It's all housed in that groovy circular chassis with tooled clones of the original Fuzz Face knobs, in vintage hammertone finish.
Power: Single 9-volt battery.

MODEL	LIST	MAP	NET
JHF1	$214.27	$149.99	$122.13

Jimi Hendrix™ Fuzz Face® Mini Distortion

The Jimi Hendrix Fuzz Face Mini Distortion has the same circuit as the JHF1 in smaller housing, delivering the thick, smooth Fuzz Face tone that Jimi Hendrix made famous—in a pedalboard-friendly size. Power: Dunlop ECB003 AC Adapter.

MODEL	DESCRIPTION	LIST	MAP	NET
FFM3	JIMI HENDRIX	$171.41	$119.99	$97.71

Eric Johnson Fuzz Face® Distortion

Developed with Fuzz Face guru Jeorge Tripps and inspired by EJ's prized personal Fuzz Face Distortions, this pedal features hand-selected BC183 silicon transistors (for higher gain), custom retro '68–'69 knobs, and a vintage-style hammertone finish. The result: a beautifully dynamic, expressive and powerful pedal. Power: Single 9-volt battery.

MODEL	LIST	MAP	NET
EJF1	$285.70	$199.99	$162.85

Silicon Fuzz Face® Mini Distortion

The Silicon Fuzz Face Mini Distortion is spec'd from a 1970 Fuzz Face pedal in our own collection, prized for its bright and aggressive Fuzz Face sound delivered by its matched BC108 silicon transistors.
Power: Dunlop ECB003 AC Adapter.

MODEL		LIST	MAP	NET
FFM1	SILICON	$142.84	$99.99	$81.41

Band Of Gypsys™ Fuzz Face® Mini Distortion

Over the course of '69–'70, Jimi Hendrix appeared at his most noted live shows with a mysterious red Fuzz Face Distortion with white knobs. Its sound was unlike any other Fuzz Face pedal in Jimi's arsenal, snarling with a far more aggressive, biting tone. Now, you can get that sound in a pedalboard-friendly Fuzz Face Mini housing with an AC power jack and an on/off status LED.
Power: Dunlop ECB003 AC Adapter.

M77	$142.84	$99.99	$85.70

Custom Badass™ '78 Distortion

The Custom Badass '78 Distortion roars with huge amp stack tones and old school distortion. We took a classic distortion tone and hot-rodded it to deliver over-the-top soaring leads and rich, saturated rhythms. With only three knobs, dialing in a badass tone is a cinch. Hit the CRUNCH button to boost the harmonic content of the distortion. This high performance machine is built for a lifetime of use. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M78	$114.27	$79.99	$68.56

Super Badass® Distortion

The super badass distortion puts decades of 100% analog distortion at your feet. With its highly responsive distortion control, the m75 covers a full spectrum, from early '70s low gain overdrive to modern "scooped" metal distortion and every shade of dirt in between. Once you've dialed in your desired amount of crunch, you can use the bass, mid, and treble controls to finely sculpt your sound. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M75	$142.84	$99.99	$85.70

GT-OD

The GT-OD pedal creates smooth, warm, and classic overdrive without excess noise or tone coloring. The simple controls make it easy to dial in a great tone quickly, from crunchy rhythm tone with chord clarity to sparkly and harmonic-rich lead tones with tons of sustain.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M193	$142.84	$99.99	$85.70

Fullbore® Metal Distortion

The Fullbore Metal Distortion turbo charges your guitar signal with lethal amounts of ultra high gain. This is combined with a built-in gate to knock out the noise associated with extreme gain levels while adding definition and tightness to syncopated metal riffs. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M116	$142.84	$99.99	$85.70

Classic 108 Fuzz

We placed the guts of a BC-108 loaded Fuzz Face Distortion in a more pedalboard friendly shape and added the modern conveniences of a battery door, optional AC operation, and true bypass with LED. The BUFFER switch eliminates the audible oscillation caused when some wahs are placed in front of a Fuzz Face Distortion. Comes in a heavy-duty Phase 100-sized box with a sweet hammer-tone turquoise finish. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M173	$185.70	$129.99	$105.85

Distortion III

The Distortion III delivers everything from sweet singing overdrive to massive distorted crunch. Its natural, amp-like distortion is versatile enough to appeal to any playing style and transparent enough to let your guitar's personality shine through.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M115	$114.27	$79.99	$68.56

Noise Clamp

By sensing your guitar's dry signal, the Noise Clamp reduces the noise level (up to -26dB) within the effect loop, coming down hard on even the noisiest signals. A single TRIGGER knob allows you to set the volume threshold at which the pedal is active, and an LED shows whether the gate is on/off.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M195	$128.56	$89.99	$77.14

Super Comp Compressor

The Super Comp Compressor takes the classic compressor one step further. OUTPUT and SENSITIVITY knobs let you dial in the perfect setting to keep your parts where they belong in the mix. The ATTACK LEVEL control lets you keep your initial bite and chunk as you pour on the sustain.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M132	$128.56	$89.99	$77.14

Bass Envelope Filter

The Bass Envelope Filter delivers classic, analog envelope filter sounds. Separate DRY and EFFECT controls let you dial in the perfect mix of effected and direct signals, and its wide range of filter tones can be shaped with the DECAY and Q controls. The SENS. knob can tailor the pedal for your attack, as well as adjust for passive or active basses.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M82	$214.27	$149.99	$128.56

Bass Distortion

DRY and WET level controls let you set the perfect mix for your sonic needs, while the tone control cuts the distortion signal's top end and the DISTORTION control sets the distortion signal's intensity. LED/SIL switch changes character of distortion.
Power: Dunlop ECB003 AC Adapter

MODEL	LIST	MAP	NET
M85	$199.99	$139.99	$113.99

Bass Chorus Deluxe

The Bass Chorus Deluxe delivers full-spectrum shimmering, liquid chorus. A FLANGER button applies an organic swooshing effect; the X-OVER button ensures the punch and fundamental of your low end is maintained; and BASS and TREBLE controls allow fine-tuning of modulation EQ. True Bypass. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M83	$242.84	$169.99	$145.70

Bass Preamp

The Bass Preamp combines a pristine bass preamp with a studio-quality DIRECT OUT in a Phase 90-sized box, providing clear tone without hogging precious pedalboard space. Dial it in just the way you want it and send it straight to the house—pre or post-EQ—with the built-in DIRECT OUT.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M81	$242.84	$169.99	$138.41

Smart Gate® Noise Gate

The Smart Gate Noise Gate is equipped with three selectable types of noise reduction to handle virtually any type of signal, cutting down excess hum and buzz. With its uncanny ability to sense precisely when—and how fast—to engage, this pedal will never get in your way.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M135-DUNLOP	$185.70	$129.99	$111.42

Bass Fuzz Deluxe

The Bass Fuzz Deluxe delivers a cutting and bold fuzz tone without degrading the punch and clarity of your original signal. With separate DRY and WET level controls, it sounds like you're running two separate amps. Blend to taste, from subtle crunch to thick shaggy fuzz, with FUZZ and TONE controls affecting only the wet signal.
Power: Dunlop ECB003 AC Adapter.

M84	$185.70	$129.99	$111.42

Bass D.I.+

Dial in your tone with the 3-band EQ. Blend in as much distortion as you like without losing any low end. Then send your new tone to your amp with the ¼" output, to the PA via the XLR out, and your dry tone to the recording console with the parallel ¼" jack.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M80	$199.99	$139.99	$113.99

Bass Octave Deluxe

The Bass Octave Deluxe is a dual-voice octave pedal that offers analog tone, true bypass, and a variety of tonal options. Use the DRY knob to mix in your direct signal, and hit the MID+ switch to add up to +14dB of internally adjustable mid frequencies (400Hz or 850Hz). Finally, mix in two separately controlled octave voices—GROWL for throaty tone and GIRTH for deep tone.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M288	$214.27	$149.99	$128.56

Bass Compressor

This transparent compressor allows your full dynamic range to shine through until your signal reaches the compression threshold, indicated by the ten gain-reduction status LEDs.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M87-DUNLOP	$271.41	$189.99	$162.85

Bass Overdrive

The Bass Overdrive delivers warm, tube-like overdrive. Along with standard VOLUME, TONE, and DRIVE controls, this pedal features a CLEAN control so you can blend a pre-set EQ clean signal with the overdrive signal, resulting in sweet burly bass overdrive. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M89	$185.70	$129.99	$105.85

CAE Boost / Overdrive

The CAE Boost/Overdrive offers the combination of a simple dynamic overdrive and an independent clean boost circuit—all in one compact pedal.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
MC402	$199.99	$139.99	$113.99

EVH 5150 Overdrive

The MXR design team has collaborated with Eddie Van Halen to deliver a full range of powerful saturation and hyper-driven tones right at your feet. The resulting EVH 5150™ Overdrive joins hand-adjusted multi-stage MOSFETs with a full complement of controls to deliver overdriven tube-like tones and exceptional sonic flexibility through a wide variety of amps and speaker cabinets.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
EVH5150	$285.70	$199.99	$171.42

EVH Flanger

The EVH 117 Flanger features the same bucket-brigade technology that provided the sweeping, whooshing magic of the original. We've added the EVH switch, which instantly calls up Eddie's "Unchained" sound with the exact settings that he used to get one of the greatest guitar tones of all time. Power: Dunlop ECB004 AC Adapter.

MODEL	LIST	MAP	NET
EVH117	$271.41	$189.99	$162.85

Kerry King Ten Band Equalizer

This beastly, tattoo-covered pedal sports the same great features and hard core construction as the M108, but the King can punish two amps at once thanks to its dual outputs. Power: Dunlop ECB004 AC Adapter

MODEL	LIST	MAP	NET
KFK1	$199.99	$139.99	$113.99

CAE Boost / Line Driver

The Boost/Line Driver has been used for years by CAE in the world's best guitarist's rigs to remedy these problems and rejuvenate the sparkle, punch, and brilliance that can be lost. It can also be used as an ultra-clean boost for solos or to drive effects for more dynamics and sensitivity.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
MC401	$142.84	$99.99	$81.41

EVH Phase 90

The EVH 90 will give you the same great spacey swirls and hypnotic warbles that made the phase 90 famous, along with a SCRIPT switch that lets you instantly toggle between a vintage, Script Logo phase tone and a more modern, in-your-face Block Logo phaser.
Power: Dunlop ECB003 AC Adapter

MODEL	LIST	MAP	NET
EVH90	$185.70	$129.99	$111.42

Dime® Distortion

The Dime Distortion delivers a heavy and aggressive tone that rages with distortion but remains tight and focused enough to keep up with fast rhythm lines and scorching solos. With its 3-band EQ, proprietary scoop switch, and ungodly output, this stompbox from Hell has the guts and the muscle to stand up to your heaviest displays of power. Power: Dunlop ECB004 AC Adapter.

MODEL	LIST	MAP	NET
DD11	$185.70	$129.99	$105.85

Carbon Copy® Deluxe Analog Delay

The Carbon Copy Deluxe Analog Delay features extended delay time with tap tempo functionality, optional modulation, a switch to toggle between the warm sound of the original pedal and vibrant sound of the Bright version, and much more.

MODEL	LIST	MAP	NET
M292	$328.56	$229.99	$197.14

Booster Mini

Get the sonic secret sauce of the Echoplex Preamp with the legendary boosting power of the MXR Micro Amp in a lightweight, space-saving mini housing.

MODEL	LIST	MAP	NET
M293	$142.84	$99.99	$85.70

Classic 108 Fuzz Mini

Now in an MXR mini housing, the Classic 108 Fuzz gives you all the same vintage fuzz tones in a much smaller footprint.

MODEL	LIST	MAP	NET
M296	$142.84	$99.99	$85.70

Sugar™ Drive

Based on a rare and elusive circuit, the MXR Sugar Drive provides a diverse range of clear and transparent overdrive tones, from sauced up boosting to blown-tube distortion.

MODEL	LIST	MAP	NET
MXR-M294	$171.41	$119.99	$102.85

Ten Band EQ

With ten carefully chosen frequencies and both input and output level controls, the Ten Band EQ will let you tune your bass or guitar rig to any room in seconds, and it's been upgraded with noise-reduction circuitry, true bypass switching, a lightweight aluminum housing, brighter LEDs for increased visibility, and a second output so you can run two separate signal chains.
Power: Dunlop ECB004 AC Adapter.

MODEL	LIST	MAP	NET
M108S	$185.70	$129.99	$111.42

Six Band EQ

The MXR Six Band EQ covers all the essential guitar frequencies—with each slider ready to deliver +/-18dB of cut or boost for incredible control over your sound—and it's been upgraded with noise-reduction circuitry, true bypass switching, brighter LEDs for increased visibility, and a lightweight aluminum housing.
Power: Dunlop ECB003 AC Adapter

MODEL	LIST	MAP	NET
M109S	$128.56	$89.99	$77.14

Sub Machine® Fuzz

Features the La Machine Fuzz's circuitry and all of its functions - but it's also got an old school sub octave circuit with its own level control, so you can dial in just the right mix of fuzz and sub octave signals. Plus a Series switch so you can run the sub octave signal straight into the fuzz.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M225-DNL	$214.27	$149.99	$128.56

Echoplex® Preamp

The Echoplex Preamp recreates the tone conditioning mojo of the Echoplex EP-3's front end, following the exact same signal path and using a Field Effect Transistor (FET). Just hit the switch for that secret sauce, and use the GAIN control to boost your signal by up to +11dB. Features a heavy-duty housing, a replica EP-3 knob, true bypass switching, and a status LED.
Power: Dunlop ECB003 AC Adapter

MODEL	LIST	MAP	NET+
EP101	$171.41	$119.99	$97.71

M76 Studio Compressor

The MXR design team took a classic recording studio fixture and stuffed it into a pedalboard-friendly box. The MXR studio compressor features attack, release, ratio, input, and output controls so you can fine-tune your compression level—from subtle to squashing—right on stage with visual feedback from a bright LED gain-reduction status meter. Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
M76-MXR	$271.41	$189.99	$162.85

Echoplex® Delay

It's the size of a Phase 90, and it delivers the EP-3's legendary tones with a simple control interface and a hi-fi all-analog dry path. The Delay control sets the time between repeats—from 4 to 750ms—the Sustain control sets the number of repeats, and the Volume control sets the output level of your repeats.
Power: Dunlop ECB003 AC Adapter.

MODEL	LIST	MAP	NET
EP103	$285.70	$199.99	$171.42

Iso-Brick™ Power Supply

The Iso-Brick Power Supply is small and light with tons of quiet, noise-free DC power on tap to run a wide range of pedal types without crowding or weighing down your pedalboard. Each of the 10 outputs is fully isolated, eliminating gig-ending ground loop noise. Features six 9V outputs, two 18V outputs, and two variable 6V–15V outputs.
Power: Dunlop ECB009 AC Adapter.

MODEL	LIST	MAP	NET+
M238	$214.27	$149.99	$128.56

CAE Power System

The CAE Power System supplies a huge variety of pedal types with reliable, road-ready power. Toroidal transformers ensure quiet operation with superior performance capabilities. The MC403 can be used on pedal boards or rack mounted in a single rack space with the front mount bracket (included). All multi-tap outputs are completely isolated, linear regulated, and short-circuit protected. Enclosed in a heavy-duty housing and designed for years of rugged road or studio use. Power: 115/230 VAC, 50-60 Hz.

MODEL	LIST	MAP	NET
MC403-DUNLOP	$385.70	$269.99	$231.42

DC Brick™ Power Supply

The DC Brick Power Supply features the same short circuit and overload protection of the DCB10, but it handles twice the power. Additionally, each 9V output has a red LED that illuminates if there is a short. The M237 has eight 9V outputs and two 18V outputs, a change from the DCB10's seven 9V outputs and three 18V outputs. Power: Dunlop ECB009 AC Adapter.

MODEL	LIST	MAP	NET+
M237	$114.27	$79.99	$68.56

Talk Box

The Talk Box offers modern gigging convenience and ultimate tone sculpting while maintaining the effect's legendary character. With a built-in amp and speaker driver, the talk box boasts a compact footprint, with no need for a separate rig and no need to patch into your amp's speaker output. VOLUME, TONE, and GAIN controls shape your voice's texture for maximum impact.
Power: Dunlop ECB004 AC Adapter.

KMONT	$299.00	$299.00	**$221.74**

Filaments High Gain Distortion

Level and Gain set the stage for rich layers of high gain tube-amp saturation. Bass and Body give you the punch and authority of a gain monster no matter what size amp you are playing.. The Boost and Crunch switches give you two different levels of gain and compression to get your edge just right for your tone. The Presence control works with the Bright control to give any guitar or pickup combination the authority to stand up and shout. Lastly, the Treble control gives you that added range of highs to make your amp sing.

Product Spotlight!

These 6˝ patch cables are MXR-approved for clean, pure tone. An oxygen-free copper conductor and spiral shield help block unwanted interference, and a PVC outer jacket provides flexibility and protection. Flat, low-profile right-angle ends keep your pedalboard tight and tidy. Trust MXR to patch you through.

DCP06J	MXR 6" Patch Cable 20/Jar	$183.84	**$99.27**
3PDCP06	MXR 6" Patch Cable 3-Pack	$28.36	**$15.31**

MXR Cables

MXR instrument cables are designed by musicians for musicians with tone and durability in mind. “Sweet Spot” capacitance means these cables are designed to translate the right tonal harmonics from pickups that enable both guitars and basses to sound big and rich, whether acoustic or electric. Oxygen-free copper (OFC) conductors keep your instrument’s tone pure and OFC spiral shielding blocks unwanted interference while keeping the cable flexible and lightweight. PVC outer jacket enhances flexibility and noise rejection while providing additional protection.

"A" Frame Guitar Stand

The most popular guitar stands ever made, now redesigned for a new contemporary and modern look. Quik Lok A-frame stands are solidly constructed with high-grade steel and arc-welded joints, in a true integration with high-tech style. Soft rubberized cushioning on cradles holds guitar firmly in place without damaging finish.

The gentle press of the spring-loaded lever located in the back of the upper disc allows to quickly set the stand in perfect open position and fold it flat for easy storage. Firmly locks in open position.

Universal Guitar Stand with Self Locking Yoke

Universal Guitar stand with Self-Locking Yoke: when the guitar is placed into the stand yoke, the instrument's weight will automatically drive the yoke safety barrier to engage. The safety barrier turns down to lock the guitar neck securely in place, preventing the instrument from accidentally falling off the stand. When the guitar is lifted from the stand the security arm will simultaneously turn back to its original position to free the instrument.

The neck holder height can be easily adjusted to 5 different positions by simply pressing the spring-loaded push button behind the center hub to accommodate any size and shape electric/acoustic guitar and bass.

Durable, injection-moulded soft rubber cushioning on yoke protects guitars from scratches and will not mar finish. Body of guitar rests safely against rubber covered side legs.

Folds flat in a snap for easy storage and transport.

MODEL	LIST	MAP	NET
GS-500	$87.49	$49.99	**$26.24**

Fully Adjustable Electric Guitar Stand

- Conforms to the contour of any electric guitar or bass.
- Each lower guitar cradle independently adjusts, in both height and angle, out of the way of knobs, switches or input jacks.
- Solidly constructed with high-grade steel and arc-welded joints for years of dependability.
- Soft, rubberized cushioning protects guitars from scratches and will not mar finish.
- Cushioned protector on height adjustable neck holder prevents the guitar from falling out of stand.
- Rear adjustment knob firmly locks stand in any open position up to 15'' (38 cm) wide and at the same time sets neck holder at the desired height.
- Rotating leveling foot compensates for uneven floors.
- Folds down to a convenient portable size for transport and easy storage.

HARMONICAS & ACCORDIONS

Lee Oskar HARMONICAS

4 COLOR-CODED models in multiple keys

Harmonica players all over the world prefer the Lee Oskar Harmonicas System, which is distinguished by the consistent quality of materials, design, construction, and sound. Our four distinct harmonica models feature standard and altered tunings (available in multiple keys), for playing many different musical genres, as outlined below. Color-coded for easy identification.

Major Diatonic - Key label in 1st Position

The Major Diatonic is the "standard" Blues tuning and may be played in the 1st & 2nd Positions. Using 1st Position (Straight Harp): **FOLK, COUNTRY**; using 2nd Position (Cross Harp): **BLUES, ROCK, POP, COUNTRY**. It is also possible to play different genres using other positions.

Available in 18 keys (Listed below, from low to high)

MODEL	DESCRIPTION	LIST	MAP	50% 1-4	50+5% 5-9	50+7% 10+
1910(*)	Orange Label	$64.99	$43.99	$32.50	$30.87	**$30.22**

*AVAILABLE IN KEYS OF (Lo C, Lo D, Lo E, Lo F, Lo F#, G, Ab, A, Bb, B, C, Db, D, Eb, E, F, F#, Hi G)

Melody Maker™ - Key label in 2nd Position

The Melody Maker™, with its three altered notes, is great for playing Major scale melodies in 2nd Position (Cross Harp): **R&B, COUNTRY, REGGAE, POP, STANDARDS, LATIN; AFRO, CLAVE, SKA** (Dorian scale) can be played in 1st Position. *(Not recommended for BLUES)*

Available in 5 keys (Listed below, from low to high)

MODEL	DESCRIPTION	LIST	MAP	50% 1-4	50+5% 5-9	50+7% 10+
1910MM(*)	Blue Label	$64.99	$43.99	$32.50	$30.87	**$30.22**

*AVAILABLE IN KEYS OF (C, D, E, G, A)

Natural Minor - Key label in 2nd Position

The Natural Minor, with its five altered notes, is a natural choice for playing minor music and the relative major in 2nd Position (Cross Harp): **minor BLUES, REGGAE, SKA, LATIN, FUNK, R&B, HIP HOP** and the Dorian scale in 1st position.

Available in 12 Keys (Listed below, from low to high)

MODEL	DESCRIPTION	LIST	MAP	50% 1-4	50+5% 5-9	50+7% 10+
1910N(*)	Green Label	$64.99	$43.99	$32.50	$30.87	**$30.22**

*AVAILABLE IN KEYS OF (Dm, Ebm, Em, Fm, F#m, Gm, Abm, Am, Bbm, Bm, Cm, Dbm)

Harmonic Minor - Key label in 1st Position

The Harmonic Minor, with its five altered notes, is ideal for playing World Music. It offers a soulful, Eastern European sound, perfectly suited for playing traditional ethnic music spanning many different cultures. Typically played in 1st Position (Straight Harp): **EASTERN EUROPEAN, GYPSY, YIDDISH, ASIAN, TANGO, REGGAE**

Available in 12 Keys (Listed below, from low to high)

MODEL	DESCRIPTION	LIST	MAP	50% 1-4	50+5% 5-9	50+7% 10+
1910H(*)	Yellow Label	$64.99	$43.99	$32.50	$30.87	**$30.22**

*AVAILABLE IN KEYS OF (Gm, Abm, Am, Bbm, Bm, Cm, Dbm, Dm, Ebm, Em, Fm, F#m)

Altered tunings make it easy to play many different kinds of music and can help to expand your musical horizons. Knowing the difference between Major and minor music is important! Altered tunings sound very different from the traditional Blues/Rock/Country Standard tuning. Certain reeds have been modified to create each of the altered tunings, providing different sounds and scales. Owning multiple Lee Oskar Harmonicas altered tunings, in different keys, is like adding new colors of paint to your musical palette... and they are fun to play! It is very important to understand the different playing positions used in the Lee Oskar Harmonicas System to get the most out of your harmonica exploration. Learn more: www.leeoskar.com

New. Unique. Different. Innovative

Suzuki Harmonicas incorporate the latest in technology and design features to give the player a whole new world of musical expression. Laser reed tuning with specially developed reeds and reed plate covers produce the widest range of sound timbres from any harmonica line. Machined alloy and resin control expansion due to heat and moisture and work to amplify and project the harmonica sound. Revolutionary power reed valve system lets you bend, draw and blow notes for unheard of versatility. New Low F and High G Keys give blues and pop players new ways to expand their favorite music. Suzuki Harmonicas are designed for amateur, hobbyist or performing professional, with more features, more sound and more quality than any other harmonica in the world.

See the complete model lineup of amazing Suzuki Harmonicas at the website listed below.

World Class Harmonicas

New. Unique. Different. Innovative.

HOBBYIST

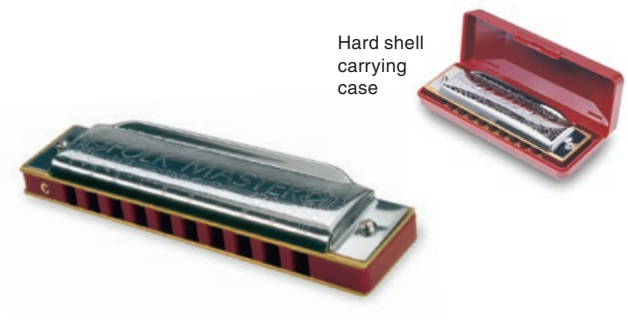

EASY RIDER

The all new EASY RIDER harmonica is our answer to every entry level player's dream. An exceptional quality product manufactured to exacting specification, just like our professional models. It's built to last, feels comfortable and sounds great. Laser tuned brass reeds are easy to pitch bend for that fat, expressive sound the blues and folk player wants. Easy Rider includes a compact carrying case. Available the keys of C or G.

Hard shell carrying case

FOLKMASTER

The Suzuki Folkmaster harmonica is both easy to play and economical to purchase. Its exceptional sound clarity and perfect tuning is made possible by a unique laser manufacturing process. Thin bendable reeds produce a mellow tone and the widest choice of sound timbres available from any harmonica manufacturer. The most exacting standards are used together with a molded plastic waterproof body and classically sculptured metal covers to make your musical experience as rewarding as possible. Includes a hard shell carrying case.

HARPMASTER

The Harpmaster features an easy to play, free blowing design with its solid ABS comb and focused note holes. The bendable laser tuned phosphor bronze reeds produce the clarity and rich, mellow tones you would expect from much more expensive harmonicas. The classically shaped reed covers offer the look and feel of the traditional harmonica and they are built from durable polished stainless steel. The Harpmaster will provide you with years of proven performance. The Harpmaster includes a hard shell carrying case.

PROFESSIONAL

MANJI

Advanced technology and functional beauty are combined in this stunning 10 hole diatonic harmonica, the all-new Suzuki MANJI Harmonicas.

This revolutionary new diatonic harmonica is named after Mr. Manji Suzuki, the company's founder — now in his late 80s, but still very much in charge. He started with a single hand-built model 70 years ago, and has built Suzuki up into one of the world's premier harmonica manufacturers.

Harmonicas are Mr. Suzuki's passion and his life's work. The fact he is putting his own name on the MANJI Harmonica is because those 70 years of dedication to perfection are condensed in this one impressive instrument.

Hard shell carrying case

PROMASTER

We are proud to offer the best professional harmonica you have ever played! Consider the machined Phosphor Bronze reed plates (replaceable) or the computer-aided laser cut, tuned and bendable reed system and the satin anodized, milled, billet aluminum alloy comb that holds it all together. All these cutting edge components combine to produce an instrument unparalleled in the industry. The ergonomically designed, polished stainless steel reed covers provide maximum playing comfort while the inner components produce the rich tones and clarity so sought after by professional players. Once you play a Promaster, you won't want to put it down. Even the soft lined, hard shell carrying case is specially designed for comfort and protection.

OLIVE

The ease of playing a harmonica is strongly influenced by its airtightness. Suzuki 10 hole harmonicas are extremely airtight due to highly accurate manufacturing processes and assembly. The Olive's tight seal between component parts makes respond quickly to quick phrases, and gives sensitive tone and bending control.

In addition, Suzuki's unique welded-reed manufacturing process gives unprecedented accuracy of reed attachment and the most accurate reed/slot alignment of any manufacturer. This allows the reeds to respond flexibly to all advanced bending and overblowing technique to achieve a dynamic, deep sound.

The "Made in Japan" stamp on Suzuki harmonicas guarantees the player a consistently high quality of manufacture and service.

FIRE BREATH

The MR-500 is made with high quality Rosewood. If you prefer to play a wood comb harmonica but dislike the problems associated with wood comb harmonicas in the past, then here is the harmonica for you. The comb is resistant to moisture and swelling. The mouth piece is rounded for a great comfortable feel and ideal for tongue blocking technique. The durability of rosewood is regarded as one of the best in the 'Tonewood' family.

HUMMING TREMOLO

Tremolo harmonicas are diatonic models constructed with double holes, each containing two reeds tuned to the same note. Each reed is tuned slightly higher than the other and when played together, this slight difference in tuning creates a beautiful vibrato or tremolo sound. "C" positions are marked on the comb for easy reference during performances. Comes with carrying case.

SUZUKI

PERFORMANCE

CHROMATIX SERIES

If a harmonica can be described as luxurious, the new Suzuki Chromatix Series surely qualify. These 12, 14 and 16 hole harmonicas are gorgeous to look at, substantial to hold and a pleasure to play. Comfortable and completely air tight, the Chromatix Series is specially designed for professionals and hand constructed by skilled workers . . . one at a time. Features include ergonomically designed mouthpiece, precise and smooth slide mechanism, ABS comb, Phosphor Bronze reed plates and chrome plated covers. Exquisite attention to detail make these harps the most airtight chromatics ever produced by a major manufacturer. Play one once to hear and feel the difference. Their smooth tone production and quick response will allow you to advance your playing level far ahead of what you thought possible. Each Chromatix harmonica is packed in its own deluxe soft lined case.

MODEL	DESCRIPTION	LIST	MAP	50% 1-5	50+5% 6+

SPECIALTY

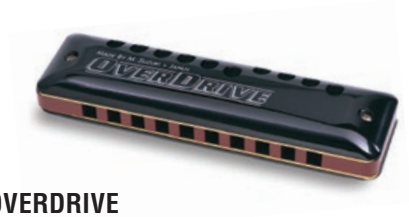

PURE HARP

The MR-550 is Suzuki's newest all-hardwood Harmonica. Even the covers are Rosewood! Using Rosewood can produce a high velocity of sound and a broad range of mid and low overtones. These 'lows' help to create a complex bottom end which imparts a richness to the overall tone to the instrument. The re-designed reeds, which are the heart of the instrument, have been produced with the advanced player in mind. The new Suzuki Reed plates allow ease of play, especially with overblow and overdraw techniques.

MODEL	DESCRIPTION	LIST	MAP	50% 1-5	50+5% 6+
MR-550-*	Pure Harp Rosewood Harmonica	$219.99	$159.99	$110.00	**$104.50**
	*AVAILABLE IN KEYS OF (A, Ab, B, Bb, C, D, Db, E, Eb, F, F#, G, HG, LF)				

Hard shell carrying case

OVERDRIVE

Precisely placed holes in the top and bottom of this harmonica allow you to produce thick, rich and beautiful over-blow and over-draw sounds. Although players have been bending notes for more than a century, it has only recently been discovered that when you draw bend, it is the BLOW reed that makes the bent note. Conversely, when you blow bend, it is the opposite blow reed in the same air channel that makes the bent note. Comes with deluxe carrying case.

MODEL	DESCRIPTION	LIST	MAP	50% 1-5	50+5% 6+
MR-300-C	Deluxe Bendable 10 Hole Diatonic Harmonica	$119.99	$89.99	$55.00	**$57.00**
	*AVAILABLE IN KEYS OF (A, Ab, B, Bb, C, D, Db, E, Eb, F, F#, G, HG, LF)				

PIPE HUMMING

If you've never seen anything like our new PH-20 Pipe Humming harmonica, there's a good reason. It's the only harp of its kind. The hauntingly beautiful sound of a harmonica vibrato is now as easy as playing the blues. No more struggling to get an air tight seal with your hands. Control is the name of this game. Get a perfect vibrato the very first time you try. Slow, fast, loud, low, flutter, any way you want to make your music sound. Aluminum comb and phosphor bronze reeds combine with special nickel plated pipe cover to create a heavy, rich, deep sound. The new PH-20 from Suzuki. Pocket the Music! Uses MR-350 replacement reed plates.

MARINE BAND

This original series has defined the way harmonicas have been built since 1896. All Marine Band series harmonicas feature a wood comb and are built in a "sandwich "configuration. The Marine Band family has been played by blues and folk legends around the world. Available Keys: (1) G, A, Bb, C, D, E, F (2) G, G#, A, Bb, B, C, C#, D, Eb, E, F, F# (3) G, Ab, A, Bb, B, C, Db, D, Eb, E, F, Low-F, F# (4) Natural Minor - NMA, NMBF, NMB, NMC#, NMC, NMD, NMEF, NME, NMF#, NMF, NMG#, NMF.

Marine Band

The One, The Only, The Original.
The legendary instrument for the blues harmonica purist.

CHROMATIC HARMONICAS

Chromatic Harmonicas are designed to play every complete scale in any key – major, minor, pentatonic, blues, etc. – all on one instrument. Additionally, all accidental notes are available at any time for any situation. Each single hole contains four reeds: two natural notes and two chromatic notes are enabled by pushing a slide button on the side of the harmonica. Most chromatics are solo tuned, meaning each group of four single holes covers a complete octave. This design offers a wealth of new musical options to the player. Most often, chromatic harmonicas are heard within the classical and jazz scenes, but they are frequently found in blues, folk, rock and pop music.

CHROMONICA

When HOHNER introduced the first ever 10 hole slide chromatic harmonica in 1912, nobody could have foreseen how successful the concept would be. The Chromonica series not only remains the world's best selling chromatic harmonica, but is also the basis for all harmonicas in this field

FEATURES

Racketex
High abrasion resistance 600 denier polyester. It won't fade, crack or shrink. 100% waterproof high stability in extreme climatic conditions.

Propadd
Superior dual density foam. Hard on the outside and soft on the inside, giving incredible strength and rigidity while keeping the cases very light. The characteristics deflect and dissipate impact forces so that none of the shock passes to the instrument in transit.

Propile
A non abrasive, synthetic fleece that removes surface moisture and preserves tonal stability between gigs. Maintains instrument well being. Polishes & cleans your drums in transit!

Zip & Thread
Heavy duty nylon spiral chain, indestructible, waterproof, rot proof! The Stitching Thread: Bonded nylon that doesn't deteriorate and holds the case together even if an area of stitching is breached. Double Stitching: To first complete the wall and two ends separately and then to join them together giving twice the security at the corners and edges for greater protection and durability.

Webbing
The Webbing Handles and seams: 1,500 kilo breaking strength giving enormous load carrying capacity. Handles vertically mounted on seam: both handle and seam are doubly secure by the former being stitched to 1,500 kilo breaking strength webbing, rather than to the body of the case.

Zip Pully's
Satin finished nickel plated steel zip pulleys & beautifully finished and embossed with the Protection Racket Man. Inter-locking so you can pad-lock them together for extra security & peace of mind on your travels. Totally rust proof & indestructible.

Handles
Racketex as per main body of case, Lined with soft neoprene for comfort. The underside of handle has polyprop for rigidity lined with 5mm foam. This is our first choice handle on all drum & percussion cases.

Luggage Tag
So you turn up at a gig and all the drummers are inevitably using Protection Racket! Now you can easily identify your drums with this simple to use luggage tagging system.

Size Labels
It doesn't get any easier than this! Every PR case has size label that shows diameter and depth as a simple & quick to read graphic, shows product code too, perfect!

Ergo Handles
Ergonomic rubber handles are used on the ends of our hardware cases with wheels. Super strong with pre-shaped easy grip for fully loaded cases that carry that bit of extra weight. Indestructible & comfortable.

Buckles
Like all materials and components used in the construction of our cases, our buckles are of the highest quality. Designed for ease of use, lightness and toughness. These buckles will perform every time and will not let you down.

All Protection Racket products carry a 12 month warranty

SET2

Bass Drum Cases

The sizes shown refer to the shell size of the drum, the internal dimensions of all Protection Racket cases take into account all fixtures and fittings. Thanks to Propadd P2 foam our bass drum cases are semi-rigid and do not collapse when open & empty, this ensures easy entry for your bass drum. Super light at under 3.5 kilos, PR bass drum cases make for effortless bass drum transportation!

Durable and easy-to-use bags That's how we roll!

Hardware Cases On Wheels

Designed wide and not too high for even distribution of your hardware. Coffin style opening for ease of use. Two ergonomic rubber handles at either end. Poly-prop runs up both ends and down the base of the case for strength and rigidity, complimented with plastic runners which run the length of the base for even more protection. Funky clear inline skate wheels. 19" x 7" x 2" zipped pocket. Each case can accommodate up to 12 x cymbal stands. The 47" and 54" will accommodate most rack systems.

Dream Cymbals and Gongs

BCR17

BPT18

Bliss Series

Each Bliss cymbal is an individual work of art, painstakingly hand-forged, and hand-hammered. They have a warmth that seduces at low volume and thunders with a froth of dark undertones at more extreme volumes. These cymbals come alive, shimmering and wobbling as if the mere touch of human hands excites the cymbal and it can't wait to get its voice out there and sing. The undertones are warm, rich, dark with an edge of dragon's breath. Each one is a unique, complex voice that will excite your imagination.

Vintage Bliss Series

Our very first Bliss prototypes were a unique micro-lathed hand-hammered cymbal with our signature soft edge, low profile bell and gradual taper. Overnight these exceptional cymbals became collector's items. The demand for this special sound grew to the point we had to release them as their own line: Vintage Bliss. Their unique shape and weight produce an oceanic wave of complex wash, while maintaining a rich, warm stick sound. Responsive, full-bodied with a rapid decay, these make truly functional crash rides. The crashes are full and punchy supported by just the right amount of wash.

C-CR14

Contact Series

The Contact line combines a traditional sound concept with complex sonic characteristics. Beautifully bright and bold, the Contact series feature a more traditionally shaped bow and slightly deeper profile with a relatively larger bell. The deep wide lathing gives the stick a lively feel - higher pitched but still rich and warm. These are medium to medium-thin cymbals that come alive very easily. Speaking faster and louder, these plates also have depth and complexity in the undertones and a shimmering wash.

Energy Series

Energy Series: The Name says it all. A bolt of sonic lightning in each handcrafted cymbal, our Energy line delivers exactly as advertised. These cymbals are explosive. Made with the same care and craftsmanship as all our cymbals and gongs, the Energy series are exceptionally responsive with longer decays and a broader dynamic range. With a signature unfinished bell and considerably heavier weight, they do not sacrifice warmth or tone for volume.

Dark Matter Series

Dark Matter Series: Re-imagine what a cymbal is. Created out of our unrelenting need to explore sound, the Dark Matter line was released in 2010 and quickly sent the industry into a tailspin trying to catch up - Beware of imitations! Dark Matter is created from our proprietary process where the cymbals are fired repeatedly. The extreme stresses from this action create changes to the cymbals on a molecular level, taking months of aging to mature and evolve. These cymbals continue to grow as they are broken in and played upon, becoming part of your own unique musical voice. Dream offers four styles of Dark Matter: Energy, Flat Earth, Moon and Eclipse.

DMECLP21

TRIHAT14E

Eclipse Series

Made completely by hand, our ECLIPSE cymbals are created by firing the cymbals in our oven and hand hammering before immersing the cymbal in a salt water bath. After the metal is soaked it returns to the oven, and is re-fired before coming out and getting treated with a Bliss style lathe on the outer edges. Hand hammered B20 bronze, half lathed for true dual zone playing.

Recycled Re-FX Series

At Dream we believe we can make cymbals and contribute to protecting our environment at the same time. Bring any broken B20 or B8 style cymbal into your nearest Dream Cymbals dealer and receive $1 per diameter inch in a rebate towards a new Dream cymbal purchased at that store. Dealers pass on the rebate to the customer and call us to collect the broken cymbals. Broken cymbals are re-manufactured into new sounds, castings and effects such as the cool Re-FX series.

CH16

Pang Series

Neither a china, nor a ride nor a swish, the Pang Series combines elements of all of these to create a whole new colour in cymbal sounds. The unique inverted bell, combined with its radical shape, creates an extremely fast crash with a sound palette that is entirely new. Loud, brash, but not strident.

CHAU18

Crotales

Cast in the USA from melted cymbals acquired from our recycling program, this instrument is finished and assembled in Canada. These crotales are the realization of a dream born from years of frustration with available products. They are significantly heavier and larger in diameter than any other crotale on the market, providing a larger dynamic range, longer sustain, purer sound, impeccable tuning, done by master tuner Warren Hyer, and a durability that will take them from the orchestra to the field. This is the crotale sound you have been searching for. While we offer octaves in the standard C5-C7 range, we also sell individual notes and stock extended range notes down to A4 - including the extra pitches required for Toru Takemitsu's classic "Rain Tree" for percussion trio.

MODEL	DESCRIPTION	LIST	MAP	STANDARD	GOLD	PLATINUM

Ambassador® Coated Classic Fit

The Ambassador® Classic Fit Drumheads feature a slightly narrow flesh hoop and step design to address oversized drums made prior to the mid 60's. This gave us the inspiration to make a larger inside diameter with maintaining a standard outside diameter that does not interfere with the counter hoop. Constructed with Ambassador® Clear, Coated, or Fiberskyn® , the Classic Fit Drumheads are ideal for older vintage drums that are out of round with thick overlapping drum coverings.

American Classics® Hickory

The American Classic® line combines tradition and Vic Firth style. With bold designs for fuller sound, the Classics are turned from select hickory – a dense wood with little flex for a more pronounced sound. Hickory is also capable of withstanding a great deal of shock, making it highly durable.

American Sound® Hickory

The new American Sound® drumsticks are a take off on our most popular hickory American Classic® models, featuring the shaft and neck specifications of the 7A, 8D, and 5A, 5B, 2B and ROCK, but with a full round tip. This tip change creates a completely different sound for each model, bringing increased focus and clarity to the drums and cymbals.

Modern Jazz Collection - 1

A slightly elongated 55A shaft with a medium taper and oval tip. The thicker diamer helps deliver a little more weight and emphasis to the ride symbol.
L = 16 1/8", Dia = .580"

MODEL	DESCRIPTION	LIST	MAP	50+10% 1-11	50+15% 12-35	50+20% 36+
MJC1		$17.00	$9.99	$7.65	$7.23	**$6.80**

Modern Jazz Collection - 2

Slightly thinner than the 5A with an extra long taper.for unbelievable response and playability. Elongated arrow tip provides a broad surface area, perfect for pulling lots of complex overtones out of the symbols.
L = 16", Dia = .550"

MODEL	DESCRIPTION	LIST	MAP	50+10% 1-11	50+15% 12-35	50+20% 36+
MJC2		$17.00	$9.99	$7.65	$7.23	**$6.80**

Modern Jazz Collection - 3

An 8D shaft with a little extra length for a great up-front feel. Well balanced with a medium taper, proportionate neck and oval tip
L = 16 5/6", Dia = .540"

MODEL	DESCRIPTION	LIST	MAP	50+10% 1-11	50+15% 12-35	50+20% 36+
MJC3		$17.00	$9.99	$7.65	$7.23	**$6.80**

Modern Jazz Collection - 4

The unmistakeable sound and feel of maple! A 5B diameter with a long taper for great rebound. Small barrel tip provides a focused symbol sound.
L = 16 3/8", Dia = .595"

MODEL	DESCRIPTION	LIST	MAP	50+10% 1-11	50+15% 12-35	50+20% 36+
MJC4		$17.00	$9.99	$7.65	$7.23	**$6.80**

Modern Jazz Collection - 5

An 8D shaft with a meduim taper for great balance. Unique nylon tip marries elements of a barrel and an oval, for bright well defined symbol sounds.
L = 16, Dia = .540"

MODEL	DESCRIPTION	LIST	MAP	50+10% 1-11	50+15% 12-35	50+20% 36+
MJC5		$17.50	$10.49	$7.87	$7.44	**$7.00**

American Custom® Timpani Mallets

These models reflect Vic's fifty years of experience as Solo Timpanist with the Boston Symphony Orchestra. Each mallet is turned from a single piece of rock maple, which eliminates a core that could rattle and the need for a screw-on washer to secure the head. Coupled with round seamless heads, they produce bigger and brighter sounds.

Pro Mount Integrated Mounting System Included With Each Pro Series Tambourine

Pro Series Tambourines

The new Rhythm Tech Pro Tambourine features an over-molded GLS playing edge that provides an incredible feel for players. An innovative comfort handle and more efficient jingle placement actually produce more sound while reducing fatigue and stress on the player's wrist. The included Pro-mount fits any 3/8" rod, allowing the Pro-Series Tambourine to be played both on and off mount. Steel or Brass jingles and frames coming in Black, White or Red give players the options they need to find the perfect fit for their needs. All of this makes for an extremely versatile tool for drummers, percussionists and singers alike.

SUZUKI

RHYTHM BAND INSTRUMENTS

Suzuki rhythm instruments offer you a refreshing alternative to the old style painted rhythm instruments of yesterday. Suzuki quality crafts each instrument from selected hardwoods in exciting oversized designs that make the instrument easier to hold and give each instrument a large distinctive sound. Every instrument is sanded to a silky smooth natural nontoxic finish. Suzuki rhythm instruments are even safe for the young child as there is no toxic paint to swallow. Every Suzuki rhythm instrument is ergonomically designed to fit small hands and to produce the best possible sounds.

NATAL PERCUSSION

Fuego Series Wood Congas and Bongos

The Fuego Series is specifically designed for those venturing into the world of Afro-Cuban percussion. Featuring Congas & Bongos, the Fuego range embodies the exact same build quality, depth of finish and attention to detail that is present throughout all Natal percussion ranges.

The traditionally hand crafted Siam Oak shells and natural hide heads produce a warm, rounded and full bodied tone, while the chrome-plated 'Comfort Hoop' rims and hardware provide superior strength and elegant styling, together with improved playing technique due to this innovative design. The Fuego Conga sets come complete fully adjustable, double braced, chrome-plated stands and chrome hardware.

Classic Series Fiberglass Congas

The natal classic series revisits the original fibreglass designs that led to natal becoming hugely popular throughout the '60s and '70s. Legendry groups such as the Rolling Stones, Fleetwood Mac and Led Zeppelin could regularly be seen on stage using Natal percussion, which was favoured for its superior volume, strength, unique style and distinctive sound.

So faithful is the process of manufacturing the Classic Congas that it involves utilising the original shell moulds; even the badge remains faithful to the original. All models come complete with steel 'Comfort hoop' rims, heavy-duty tuning bolts and hand lapped heads.

Légère REEDS LTD.™

Eb Soprano Clarinet

If you prefer a stiffer reed for your Traditional or Classical set-up then this is the cut for you. This reed has a thicker tip than our other Clarinet reeds and is cut from hard materials. It is designed to produce a darker sound. A great reed for a beginner to mid-level player but is extremely popular with players at all levels. It is the recommended reed for school band players.

Bb Soprano Clarinet – German Cut

This reed is designed specifically for the German System and has become a huge seller in Europe. Our German cut reed is very similar in most aspects, to our "Bb Standard" cut and produces a similar sound. The vamp design for the German cut reed is why this reed will only work with the German System. The vamp is much shorter than other Bb Clarinet reeds and the vamp length must match the mouthpiece opening to properly play.

Signature Series

Artists tend to prefer our Professional Signature Series reeds as these reeds are a great deal more responsive in all registers. Signature Series reeds are made from a more dense material, allowing the reed to be cut substantially thinner. The unique design of these reeds makes them more flexible across the tip, producing maximum results with minimal effort

Vandoren Ligatures & Caps – Carlinet & Saxophone

LC57DP

LCO4P

M/O Series ligature combines the lightweight construction of the legendary Masters ligature with the highly efficient tightening of the OPTIMUM ligature.

- Lightweight
- Easy to set up
- Quick and symmetrical tightening with a unique double-track screw mechanism
- Two small contact points only on the reed with an inverted tightening

Thus, the ligature allows an optimum vibration of the reed and a crisp articulation.

PRECORDER

Precorder is a value packed beginning wind instrument that will provide an easy and rewarding first learning experience. Specially designed polished wind chambers make Precorder especially easy to play. Upper or lower register notes pop right out! Unlike cheap imitations, Precorder has raised tone holes that help produce clear, even tones. Little fingers seat properly and play more easily. Precorder has a full chromatic range. Start with diatonic notes, then progress to the chromatics and more interesting music.

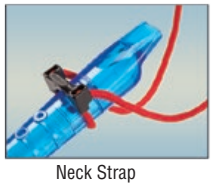

Specially designed for the Suzuki Precorder, "It's Time For Precorder" guides your students through the basic skills of Precorder play, note name introductions and finger techniques. Also includes folk, popular, classical and familiar songs, fingering diagrams, duets and exercises.

1 PIECE RECORDER

As the industry's leader in manufacturing excellence, the Suzuki recorder sounds better, responds easier, has the most perfect pitch, the best features and thoughtful, no extra cost accessories, making it the best recorder value available from any source. Each Suzuki Recorder starts life as the highest grade of unbreakable plastic resin. Then, it is vacuum formed in molds designed by computers to exacting specifications. The tone chambers of each instrument are then bored and polished. Next, they are tested against 20 different standards to make sure they are perfect in every aspect of intonation and playability.

Band Instrument Holders

You asked for it – and Ingles delivers. We are offering the most complete line of instrument display holders available. Great care was taken in the design of the holders to assure that each instrument is shown at its best and that each is safely supported. A black coating is applied, where possible, to minimize distracting reflections or glare. Metal construction is used for long life and carefree handling. Most importantly, the holders are priced affordably. At these prices, you'll be able to display more.

ORFF INSTRUMENTS

XYLOPHONES

Suzuki diatonic xylophones form the base for your instrument set. The warm, timbric resonance is a result of genuine rosewood bars, perfectly tuned and balanced. Unlike other companies that charge extra, many features are standard equipment on Suzuki xylophones, including the finest rosewood bars, mallet storage, chromatic bar storage, bottom positioned bar holding pins that prevent bending from improper bar removal and note name labeling inside each resonator chamber. Each diatonic xylophone includes 1 BH and 2 FG bars and 2 pairs of appropriate mallets.

MODEL	DESCRIPTION	LIST	MAP	NET
SX-200	Soprano Xylophone	$349.99	$349.99	**$207.95**
AX-200	Alto Xylophone	$419.99	$389.00	**$270.55**
BX-200	Bass Xylophone	$694.99	$649.00	**$451.38**

METALLOPHONES

Suzuki diatonic metallophones add a full, lasting resonation to your instrument ensemble necessary for a complete concert sound. Each metallophone bar is manufactured from the finest aluminum alloys, then skillfully overtone tuned for perfect pitch and harmonics. All metallophones include mallet storage, chromatic bar storage, bottom positioned pins, note name labeling inside each resonator chamber, damper bar with adjustable handle, 1 BH and 2 FG bars and 2 pairs of appropriate mallets.

MODEL	DESCRIPTION	LIST	MAP	NET

SUZUKI

GLOCKENSPIELS

Suzuki diatonic glockenspiels add sparkle and excitement to every Orff concert. Each aluminum bar is meticulously tuned for perfect pitch and harmonics. Each Suzuki glockenspiel comes complete with inside note name labeling, bottom positioned pins, 1 BH and 2 FG bars and 2 pairs of appropriate double headed mallets.

CHROMATIC ADD-ONS

The chromatic instruments shown here are used together with your diatonic Orff instruments to form full chromatic keyboards. Order these instruments after your students have become sufficiently skilled on the diatonic Orff instruments. The chromatic keyboards come with resonator box and 2 CG, 2 DG & 2 GG bars. Combine the spare BH & 2 FG bars from your diatonic instruments with the chromatic notes to form full chromatic keyboards.

MALLETS & BEATERS

Specially designed to enhance the tonal quality of each instrument, Suzuki mallets are also indestructible. Professional mallets use bamboo handles to provide just the right resilience and bounce, but bamboo is brittle and very expensive. Our handles use a specially formulated ribbed plastic that perfectly simulates the properties of bamboo, but lasts and lasts.

Piano Lab Teaching System

Suzuki's new Piano Lab Teaching System puts you in charge by allowing easy monitoring and communication with every student in your keyboard class. Our verbal switching network allows for 2 way communication and lets you monitor the progress of up to 10 students at a time, and you can add systems to make classes up to 30 students! Performance can be monitored on an individual basis or split your class into two groups based on lessons learned. Talk to any student individually or in groups and they can talk back! Pre-recorded lesson plans or informational tapes can be played and explained through the system. Our new Piano Lab Teaching System is the most affordable product available today. In addition to SPL-10C, one SPL-KIT is required for each student.

SPL-10C Specifications

AUDIO

BATTERIES INCLUDED

Discover new venues and play places you've only dreamed of. Experience professional sound—even when there's nowhere to plug in. We've added a rechargeable lithium-ion battery with an incredible 6 hours of play time to the award-winning EON ONE—so you can cut the cord and give your fans unique experiences. PLAY ANYWHERE with the new EON ONE PRO. Find out what else is new at JBLPRO.com.

EON ONE PRO

ALL-IN-ONE RECHARGEABLE PA SYSTEM

PLAY ANYWHERE

JBL PROFESSIONAL by HARMAN

EON ONE PRO

All-in-One Rechargeable PA Solution

Get that world-renowned JBL Professional sound, anytime, anywhere with the new JBL EON ONE PRO—the first, portable, battery-powered, linear-array PA system in its class. With a lighter, more compact design and up to six hours of play time provided by a rechargeable lithium-ion battery, you can now take your performances to places you've only dreamed of. Bring the band along and get pristine audio quality through its seven-channel analog mixer with integrated effects. And keep the crowd engaged between sets by streaming Bluetooth® audio from your mobile device.

PLAY ANYWHERE - TAKE YOUR PERFORMANCE TO NEW PLACES
The rechargeable lithium-ion battery provides up to six hours of play time, so you can give back-to-back performances without an outlet.

SOUND AND COVERAGE ACROSS ALL ANGLES
Optimizes sound dispersion so your audience can hear your performance from all angles—even from behind.

THE CONNECTIONS YOU NEED
EON ONE PRO's streamlined 7-channel mixer has the inputs, effects, and features you need for the perfect mix.

STREAM BLUETOOTH AUDIO WHENEVER YOU NEED IT
No wires, no problems. Stream music from any Bluetooth-enabled device to
keep the party going, or even use this for backing tracks.

CAPTURE YOUR PERFORMANCE OR SET THE VIBE
Features an accessory mount located at the top of the line-array speakers—simply attach a GoPro® camera and you're ready to record.

EON ONE PRO Specifications

- Battery: lithium-ion rechargeable, 6-hour play time
- Max SPL: 118 dB (peak)
- Bass: 8" LF bass unit
- Driver: 6 x 2" HF drivers
- 100° x 50° Clean Coverage using patent-pending Directivity Control Geometry
- Seven-channel mixer with Bluetooth streaming audio, (4) 1/4"/XLR, (1) 3.5 mm, (1) stereo RCA, +48V phantom power, Hi-Z, and a pass-thru XLR connector
- USB charging port and built-in tablet/phone stand
- Weight: 37.5 lbs. / 17 kg

EON208P

Packaged 8” 2-Way PA with Powered 8-Channel Mixer and Bluetooth®

Everything You Need to Be Heard

The 8-channel detachable mixer provides professional connections for mics, instruments and line-level sources, while the 8” two-way stereo speakers deliver best-in-class audience coverage. Bluetooth connectivity also allows you to stream audio from your mobile device. With 300 watts, you’ll have more than enough volume to be heard. Plus, the compact and lightweight form factor means you can carry the entire system with one hand.

Control

The 208P features an 8 channel mixer for a variety of applications. Channels 1-4 can accept either a 1⁄4” instrument cable or an XLR cable and have volume, reverb, treble and bass control. Additionally, channels 1-3 allow for both phantom power and Hi-Z input. Channels 5 & 6 accept either a stereo pair of 1⁄4 inch TRS plugs or stereo RCA cables. Channels 7 & 8 accept a stereo 3.5mm input for mobile devices like phones, tablets or Bluetooth streaming audio from any compatible device.

Included Akg Mic

The 208P ships with a handheld AKG vocal mic to get users started right away.

JRX200 SERIES

JRX200 delivers the performance and prestige JBL is known for at an affordable price point. To meet these conflicting design goals, we looked at every element of the speaker system design. We kept everything that makes a speaker perform and sound its best and we eliminated things that don't. With performance, value and popular price points, we are going to be building a lot of JRX200 speakers. This means we can apply efficient, high-volume production methods and purchase materials at the lowest cost. .

JRX212

12" Two-Way Stage Monitor
Loudspeaker System

The JRX212 is a portable, twelve-inch, two-way speaker system designed specifically for live performance stage monitoring applications. With enough sensitivity and power handling to cut through the performance volume on stage, the JRX212 has a smooth response so it can deliver maximum gain before feedback. It also includes JBL's dual-angle pole socket making it equally at home as a front-of-house speaker.

MODEL		LIST	MAP	NET
JRX212M	12" 2-Way Passive Speaker	$312.00	$249.00	$188.95

JRX215

15" Two-Way Sound Reinforcement Loudspeaker System

The JRX215 is a portable, fifteen-inch, two-way speaker system designed specifically for applications in live music, music playback, and reinforcement of speech. With the smooth, natural sounding mid-range of the system, the JRX215 does a great job projecting live vocals, solos and speech. The extended lows and great top-end make it at home for music playback in DJ applications or anywhere live sound reinforcement is needed. Features include the dual-angle, 36 mm pole-mount socket as well as Neutrik® Speakon® and 1⁄4" input connectors.

MODEL		LIST	MAP	NET
JRX215M	12" 2-Way Passive Speaker	$374.00	$299.00	$226.96

JRX218S

18" Compact Subwoofer

The JRX218S is driven by a massive JBL 18" woofer with a cast frame and 3" voice-coil. 350 W (continuous), 1400 W (peak) power capacity. A top mounted, cast aluminum 35 mm pole mount receptacle can receive an optional SS3BK pole to facilitate use of the JRX218S as a base for a midhigh speaker cabinet. Non-resonant, all steel handles are used.

MODEL		LIST	MAP	NET
JRX218S	18" Subwoofer	$624.00	$499.00	$347.00

JRX225

Dual 15" Two-Way Speaker System

Designed specifically for applications in live music performance and music playback. A "Quasi 3-Way" design offers the extra bass for which a dual fifteen system is designed, but without sacrificing performance in the critical mid-range. The upper woofer produces mid-frequencies and bass, while the lower woofer concentrates on bass only. Dual JBL low frequency drivers with a 64 mm (2.5 in) diameter edgewound ribbon voice coil which provides more crosssectional wire area in the voice coil gap than round wire designs, for greater efficiency and power handling.

MODEL		LIST	MAP	NET
JRX225	18" Subwoofer	$562.00	$449.00	$336.29

JBLPOLE-MA

• 76 mm (3 in) Full-Range • Shallow Backcan • Ideal for High-Fidelity, Cost-Critical Projects	• 100 mm (4 in) 2-Way • 30 Watts • Soft-Dome Tweeter	• 165 mm (6.5 in) 2-Way • 50 Watts • Soft-Dome Tweeter

Blind-mount speakers tend to be the easiest, quickest and most cost-effective ceiling speakers to install. Control 10 Series is now JBL's most cost-effective blind-mount line, consisting of 3 models – Control 12C/T, Control 14C/T and Control 16C/T. Control 10 Series have excellent, full-bandwidth sound quality. These all-in-one speakers come with everything needed for the installation – integral backcan, press-in grille, multi-tap transformer (with low-Z bypass), tile rails, C-rings, cutout template, and paint shield. The wide, consistent pattern of these models allows for excellent coverage of the listening space.

The existing Control 24, 26 and Micro ceiling speakers are well-suited for spaces with higher ambient noise levels and where higher power handling is required, where ceiling speakers with greater mid-range cut-through or larger 70V/100V transformer taps are desirable. The new Control 10 Series speakers are perfect for applications that don't need to get quite as loud but still require remarkable, high fidelity sound!

Reasons to Use Control 10 Series Ceiling Speakers

Superb sound (with soft-dome tweeters and a "sweet", pleasant, sound character), affordable, excellent coverage, dual cable clamps for "in" and "out" cable, easy installation, available in white or in black for dark ceilings, easy stocking with combined low-Z and 70V/100V in same model.

Mini Stagebox 32i/16i - Compact Digital Stageboxes with Remote Controlled I/O

oundcraft Mini Stagebox 32i and 16i combine high-quality components with a streamlined design, making it easy to add multiple channels of remote-controlled I/O to your Si-series mixing console. The Studer-designed mic preamps provide exceptional sound quality, while the compact form factor offers easy transport and fast configuration. Ideal for live engineers, houses of worship, bands, club owners and corporate installations, Soundcraft Mini Stageboxes allow you to replace heavy, expensive analog snakes with a single RJ45 Cat5 style Ethernet cable.

Mini Stagebox 32i:

- RJ45/Cat5 connectivity, for 100M runs between stage and mixing console (328 feet)
- 32 remote controlled mic preamps and AD converters
- 12 XLR analog line level outputs
- 3U Rack mount design
-

XLS

XLS DriveCore 2 Series

Meet the new XLS DriveCoreTM 2 Series. The next generation of XLS got a makeover with a sleek new look, larger LCD display, and more DSP functionality with band-pass filters. The XLS DriveCore 2 Series is ultra-efficient, with Crown's patented DriveCore technology and selectable input sensitivity that can drive 2400W at 4Ω bridged with tons of headroom guaranteeing a clean, undistorted signal straight to your speakers. The XLS DriveCore 2 assures that you will be heard as you deliver powerful, pure sound experiences for any venue.

Features:

- Class D amp with Crown's ultra-efficient DriveCore technology weighs less than 11 lbs (5 kg)
- Expanded DSP functionality: More control; hi, low, and band-pass filters per channel
- Increased lighting functionality; turn off all LED indicators except clip and thermal to reduce distraction in dark venues
- Selectable input sensitivity; 1.4Vrms and .775Vrms options so that your amp can be driven to full power
- Set your display to sleep after a specified time without having to press a button
- Security setting disables menu buttons; menu locked/unlocked by entering a button combination
- System reset allows factory settings to be restored
- Remote sleep mode trigger
- PeakxTM Limiters provide maximum output while protecting your speakers
- XLR, 1/4", RCA inputs provide flexibility
- Integrated PureBandTM Crossover System for better performance and control
- Efficient, whisper quiet, forced-air fans prevent excessive thermal buildup

3rd Generation Scarlett Range

Scarlett is already allowing more than three million musicians, songwriters and producers to record, mix and play back audio in studio quality everywhere, all the time. Now, featuring six confi gurations of ins and outs with the best performing Scarlett mic preamps the range has ever heard, updated with Air, high headroom instrument inputs, and high-performance converters, the 3rd Generation is the best in class USB interface range on the market today.

SCARLETT SOLO (3RD GEN)

The simplest model in the range, the third-generation Scarlett Solo provides singer-songwriters with a reassuringly easy recording process. Equipped with high performance 24-bit/192kHz AD-DA converters, Scarlett guarantees the same professional sound quality throughout the third-generation range. Its features include a single upgraded third-generation Scarlett mic preamp: with a switchable Air setting to reproduce the Air effect of Focusrite's original ISA mic preamp, giving your vocal recordings a brighter and more open sound. .

SCARLETT-SOLO-3G $139.99 LIST | $109.99 MAP | $82.49 NET

SCARLETT 2i2 (3RD GEN)

The most popular audio interface for artists across all genres, the third-generation Scarlett 2i2 provides two mic/line/instrument inputs allowing simultaneous recording and playback of up to two channels with independently controllable headphone and monitor outputs. The 2i2 features two upgraded third-generation Scarlett mic preamps: with optional Air setting to reproduce the Air effect of Focusrite's original ISA mic preamp, giving your vocal and acoustic recordings a brighter and more open sound.
.

SCARLETT SOLO STUDIO (3RD GEN)

You won't get a better sounding, more reliable recording package. Scarlett Solo Studio provides singer-songwriters with the simplest all-in-one solution for a reassuringly easy recording process. Right out of the box you get a Scarlett Solo USB audio interface, condenser microphone, 3-metre XLR microphone cable, closed-back headphones, and free software so you can start making music in no time at all..

SCARLETT-SOLO-STU-3G $269.99 LIST | $219.99 MAP | $164.99 NET

SCARLETT 2i2 STUDIO (3RD GEN)

You won't get a better sounding, more reliable recording package. Scarlett 2i2 Studio provides singer-songwriters with an all-in-one solution for a reassuringly easy recording process. Right out of the box you get a Scarlett 2i2 USB audio interface, condenser microphone, 3-metre XLR microphone cable, closed-back headphones, and free software so you can start making music in no time at all. The most popular audio interface for artists across all genres, the third-generation Scarlett 2i2 provides two mic/line/instrument inputs allowing simultaneous recording and playback of up to two channels with independently controllable headphone and monitor outputs.

SCARLETT-2I2-STU-3G $329.99 LIST | $269.99 MAP | $202.49 NET

SCARLETT 4i4 (3RD GEN)

Scarlett 4i4 is the perfect interface for musicians and producers starting to expand their setups and needing that extra little bit of connectivity. Take your creativity to the next level with four inputs and four outputs enabling simultaneous recording of microphones, instruments, synths and drum machines - with maximum audio quality. Equipped with high performance 24-bit/192kHz AD-DA converters, Scarlett guarantees the same professional sound quality throughout the third-generation range. .

SCARLETT-4I4-3G $279.99 LIST | $229.99 MAP | $172.49 NET

SCARLETT 8i6 (3RD GEN)

The Scarlett 8i6 is the compact studio solution you've been looking for, allowing you to keep all your hardware plugged in and ready to go: set up mics, guitars and synths to start creating as soon as inspiration strikes. With improved A-D and D-A conversion, your recordings and playback will sound clear and pronounced up to 24-bit/192kHz and two independent high-fidelity headphone outputs with dedicated volume control enable flexible monitoring during recording and mixing.

SCARLETT-8I6-3G **$359.99 LIST | $299.99 MAP | $224.99 NET**

SCARLETT 18i8 (3RD GEN)

The third-generation Scarlett 18i8 is the perfect audio interface for recording engineers and producers who need to adapt to their recording environment, wherever they are. It offers eight analogue inputs: four mic/line inputs, two high-impedance, high-headroom instrument inputs and four additional fixed-line inputs on the rear. An optical input allows for expansion of up to eight additional channels for larger recording sessions. And with improved A-D and D-A conversion, your recordings and playback will sound clear and pronounced up to 24-bit/192kHz, vital to helping you perfect your mix.

SCARLETT-18I8-3G **$479.99 LIST | $399.99 MAP | $299.99 NET**

SCARLETT 18i20 (3RD GEN)

Housed in a 1U rack-mountable enclosure, the third-generation 18i20 boasts extensive simultaneous I/O comprising eight mic preamps, 18 inputs and 20 outputs in total. Take your studio to the next level with the 18i20, offering superior sound quality, talkback functionality and onboard speaker switching. Improved A-D and D-A conversion ensures your recordings and playback will sound clear and pronounced up to 24-bit/192kHz, vital to helping you perfect your mix.

SCARLETT OCTOPRE

8-channel mic preamp with ADAT connectivity. Scarlett OctoPre features eight 2nd Generation Scarlett mic inputs - balanced line inputs too - all running through Focusrite precision 24-bit conversion at up to 192 kHz resolution with 109dB dynamic range. It's the ideal way to expand your Scarlett - or any other interface with an ADAT input. With high-headroom inputs and a pad on every channel, Scarlett OctoPre is ideal for tracking drums as well guitars, keyboards, vocals - and more.

SCARLETT-OCTOPRE **$499.99 LIST | $399.99 MAP | $299.99 NET**

SCARLETT OCTOPRE DYNAMIC

8 channel mic pre with A-D/D-A conversion & analogue compression. Building on the features of the Scarlett OctoPre, Scarlett OctoPre Dynamic brings you the ultimate Scarlett expansion with eight Scarlett 2nd Generation mic preamps with analogue compression on every input channel providing a musical, soft-knee style of compression for more subtle control of dynamics. The "More" button then allows you to double the ratio for more aggressive compression effects Eight channels of Focusrite precision A-D will capture your performance with clarity, honesty and transparency and providing you have an ADAT output on your interface, eight channels of D-A get it back out again via the balanced line outputs. With dual ADAT optical inputs and outputs, it's ideal for expanding your studio's I/O.

ISA

Standing for 'Input Signal Amplifier', the ISA range was born out of the original Focusrite Forte console of the late 80's. This console was, and still is, considered by many as sonically the finest console ever built. The core modules from this console live on with Focusrite's current range of ISA products, which have in themselves also become recording classics, and the choice of the world's finest producers and engineers.

ISA ONE

Featuring a rugged, portable all-metal enclosure, the ISA One combines the classic Focusrite microphone preamp with a flexible, independent DI channel and optional 192kHz precision A/D conversion. Whether you're an artist, engineer or producer, you'll appreciate the versatility of the ISA One, with its front-panel DI input. The DI includes low/high impedance switching and an amplifier output, and its own feed to the optional A/D converter and separate rear-panel XLR output.

ISA-ONE **$679.99 LIST | $539.99 MAP | $404.99 NET**

Launchkey Mini Keyboard

We designed Launchkey Mini to make it easy and fun to produce music in Ableton Live. All the controls work as soon as you plug it in, and they're arranged in the layout we think works best.We put 16 pads along the top, which you can use to launch clips and play beats. They light up to show you when clips are loaded, playing and recording and we laid them out to match your Ableton Live session view; one row to launch clips, and one row to stop them.

You can also easily tweak your instruments using eight high-quality knobs, and sketch out ideas on a 25-note mini keyboard with a fast synth-style action that makes it really nice to play.

MODEL		LIST	MAP	NET
LAUNCHKEY-MINI-MK2	LAUNCHKEY MINI	$129.99	$99.99	**$74.99**

Launchkey 49 Keyboard Controller

Launchkey is our easy-to-use MIDI keyboard controller. It's pretty much the quickest and easiest way to produce and perform electronic music, especially in Ableton Live – because we designed it specifically for the purpose. You just plug in via USB and the keys, faders, knobs and pads immediately spring into life, giving you hands-on control of your grid, instruments, effects and mixer.

Of course, if you don't use Ableton, it'll automatically map to other major music software too. 49 note velocity sensitive synth style keyboard.

Launchkey 25 Keyboard Controller

Launchkey is our easy-to-use MIDI keyboard controller. It's pretty much the quickest and easiest way to produce and perform electronic music, especially in Ableton Live – because we designed it specifically for the purpose. You just plug in via USB and the keys, faders, knobs and pads immediately spring into life, giving you hands-on control of your grid, instruments, effects and mixer.

Of course, if you don't use Ableton, it'll automatically map to other major music software too. 25 note velocity sensitive synth style keyboard.

Mini Nova

MiniNova has the most powerful sound engine and effects of any micro synth. More polyphony, more filters, more effects, more modulation. Every sound has easy access to almost limitless variations, which you can subtly tweak or totally warp with the twist of a knob or the touch of a button. Create all the dirty-fat bass, soaring leads, lush pads and vintage sounds you could possibly want - but on a tough and compact 37 mini-key synth.

novation

Bass Station II

The analogue monosynth reborn. Nothing out there sounds this warm, fat and dirty. Bass Station II is our pure analogue monosynth. We based it on our classic Bass Station, then enhanced every area to make it even bigger, angrier and more versatile.It has two tuneable oscillators, a sub-oscillator for enormous bass, plus noise and ring modulation. It also gives you two distinct analogue filter types: the classic multi-mode filter and a new acid filter, for a massive variation in sonic possibilities.

Z5600A-II Large Diaphragm Tube Condenser Mic

The Z5600a II large-diaphragm condenser is one of the most versatile tube mics in today's market. With 9 graded steps through omni, cardioid and figure eight patterns, -10dB pad and bass cut, the Z5600a II finds uses in a huge number of applications, from miking a live drum kit to overheads on a choir.

MODEL	LIST	MAP	NET	NET (2+)
Z5600A-II-U	$1,249.00	$999.00	$649.35	**$599.40**

SE8 Cardioid Condenser Mic w/ Gold Sputtered Diaphragm

ts new hand-made capsule implements a sophisticated backplate design that provides a perfectly balanced sound, so it's never harsh or aggressive - perfect for sources like high-hats and drum overheads. It's also one of the quietest small-capsule mics on the planet - and with the highest dynamic range and SPL handling in its class, along with attenuation pads and low-cut filters for superb flexibility.

MODEL	LIST	MAP	NET	NET (2+)
SE8-U	$299.00	$249.00	$161.85	$149.40

RIBBON MICROPHONES

X1-R Ribbon Microphone w/ Clip

The sE X1 R ribbon microphone is a high performance passive ribbon from sE Electronics. The sE Electronics X1 R is suited to a variety of recording applications including guitar cabs, overhead drums, brass, woodwind, strings, commercial broadcast and voice-over.

MODEL	LIST	MAP	NET	NET (2+)
X1-R-U	$299.00	$229.00	$161.85	**$149.40**

SE8-PAIR Matched Pair of SE8 with Mounting and Case

Its new hand-made capsule implements a sophisticated backplate design that provides a perfectly balanced sound, so it's never harsh or aggressive - perfect for sources like high-hats and drum overheads. It's also one of the quietest small-capsule mics on the planet - and with the highest dynamic range and SPL handling in its class, along with attenuation pads and low-cut filters for superb flexibility.

VR-1 Passive Ribbon Mic w/ Shockmount and Case

The VR1, a passive ribbon to bring out the bite and edge from your guitar cabs with no muddy highs. Superbly detailed, open and natural recording of acoustic instruments and guitar cabs.

MODEL	LIST	MAP	NET	NET (2+)
VR-1-U	$499.00	$399.00	$259.35	**$239.40**

TUBE MICROPHONES

GEMINI-II Dual Tube Cardioid Condenser Mic w/ Shockmount and Case

The Gemini II dual valve microphone is a no-holds-barred piece of microphone history. The dual valve design means pure valve warmth from the 12AX7 input valve, coupled with a 12AU7 valve on the output stage. The result is an incredibly large, detailed, and intimate sound – reminiscent of the classic valve microphones from decades ago, but with a thoroughly modern twist.

HANDHELD DYNAMIC

V7 Handheld Microphone Supercardioid

Dynamic vocal hand-held microphone with a supercardioid polar pattern. It delivers a crisp, open sound that perfectly captures your voice and instruments in the most natural way you've ever heard on stage. The sophisticated capsule design helps isolate your voice from other instruments, ensuring vast amounts of gain before feedback, and its brand new, patented shockmount efficiently decouples the capsule from mechanical vibration, providing the lowest handling noise in its class. Available in a chrome-plated version (V7-CHROME).

MODEL	LIST	MAP	NET	NET (2+)
V7-U	$129.00	$99.00	$64.35	**$59.40**
V7-CHROME-U				

V3 Handheld Microphone Cardioid

A rugged dynamic workhorse fit for absolutely any voice or instrument. The chassis' high quality, highly durable zinc alloy is designed to hold up under on-stage stress for years, and the spring steel mesh grille is dent-proof and corrosion-free for perfect reliability.

MODEL	LIST	MAP	NET	NET (2+)
V3-U	$79.00	$69.00	$44.85	$41.40

INSTRUMENT DYNAMIC

V-KICK Kick Drum Supercardioid Mic w/ Classic & Modern Voices

The most compact and versatile drum microphone in its class, intended for use with kick (bass) drums and other sources such as miking bass guitar speaker cabinets, floor toms or other large drums where low-frequency energy is of the utmost importance. Its integrated swivel joint allows for any required mic placement. From warm and classic to modern and aggressive, the V KICK gives you any kick drum sound you need.

MODEL	LIST	MAP	NET	NET (2+)
V-KICK-U	$79.00	$69.00	$44.85	**$41.40**

V-BEAT Supercardioid Snare / Tom Drum Mic

The most compact drum microphone in its class, intended for use with snare or tom drums. Features the same high-grade sonic performance as the V7 X instrument dynamic, but in a dedicated low-profile & drum-friendly form factor. Tuned for instrumental use, it can also be used on sources such as electric guitar speaker cabinets or brass instruments.

MODEL	LIST	MAP	NET	NET (2+)
V-BEAT-U	$189.00	$159.00	$103.35	$95.40

V7-X Studio-grade Supercardioid Instrument Microphone

Dynamic instrument microphone ideal for a broad range of instrumental applications - both in the studio and on stage. Its specialized capsule's innovative aluminum voice coil and brand new acoustic design are specifically tailored for full-bandwidth instrumental reinforcement & recording, with a perfect balance of detailed highs and deep, ultra-powerful lows, allowing for use on nearly any source from electric guitar cabinets to brass instruments, snare drums to choir, and many more.

RUPERT NEVE SIGNATURE SERIES

RNT Signature Multi Pattern Tube Microphone

The RNT utilizes fully discrete, Class-A electronics throughout both of its active stages. The first stage is tube-based, with a hand-selected, low-noise ECC82 tube within the microphone chassis, and implementing a custom-built Rupert Neve Designs output transformer. The second stage is within the floor box – which controls polar pattern, filter and gain switching – and is also coupled with a second custom-made Rupert Neve Designs output transformer.

MODEL	LIST	MAP	NET	NET (2+)
RNT-U	$3,495.00	$2,499.00	$1,624.35	$1,499.40

RNR1 Signature Active Ribbon Microphone

Two custom Rupert Neve-designed transformers form the buffer between the ribbon and the outside world. The circuitry between those transformers helps maintain the ultra-wide frequency response, compensating for the ribbon's natural predisposition to roll it off, and thus high-frequency content is preserved.

MODEL	LIST	MAP	NET	NET (2+)
RNR1-U	$2,495.00	$1,995.00	$1,299.35	$1,199.40

RN17 Small Diaphragm Microphone w/ Changeable Capsule

This is the world's first pencil microphone with a large-scale, hand-wound, ultra high performance transformer. With a 15mm diaphragm (the world's smallest production gold-sputtered diaphragm), the transient response of the RN17 is unparalleled.

MODEL	LIST	MAP	NET	NET (2+)
RN17-U	$1,299.00	$999.00	$649.35	$599.40

RN17-PAIR Matched Pair w/ Shockmounts B57 and Case

When purchased as a pair, the transformers and cardioid capsules are factory-matched for perfect tolerance, guaranteeing the best possible stereo image.Also includes a precision stereo mounting bar, two shock mounts, a wooden presentation case, and empty canisters for future capsule additions. The whole setup comes packaged inside a secure flight case.

ISOLATION-PACK

Quick-release shock mount with integrated, adjustable pop filter. The Isolation Pack is a great add-on for the X1 Series or sE2200 Series mic. The integrated quick-release mechanism at the base of the shock mount makes it easy to insert or remove a mic. No screws, no hassle, just one twist to secure or release.

MODEL	LIST	MAP	NET	NET (2+)
ISOLATION-PACK-U	$59.00	$49.00	$31.85	**$29.40**

X1-S STUDIO BUNDLE

Contains: X1 S microphone, RF-X Reflexion Filter®, sE Isolation Pack (with pop shield), 3-meter mic cable. If you're recording in a non-acoustically-treated space (bedrooms, closets, etc.), a Reflexion Filter® helps keep your signal clean without the sound of your room around it.

MODEL	LIST	MAP	NET	NET (2+)
X1-S-STUDIO-BUNDLE-U	$399.00	$249.00	$161.85	**$149.40**

sE Electronics

X1-S VOCAL PACK

All the essentials for the start of a great recording chain, including sE's simple but highly effective metal pop shield. Contains: X1 S microphone, sE Isolation Pack (with pop shield), 3-meter mic cable.

MODEL	LIST	MAP	NET	NET (2+)
X1-S-VOCAL-PACK-U	$299.00	$199.00	$129.35	$119.40

RF-PRO Portable Acoustic Treatment Filter- Black

Created by user request, the RF Pro Black is a color variant of our original Reflexion Filter Pro, and is available through select authorized sE resellers worldwide.With the same hardware and performance as the latest version of the RF Pro, the RF Pro Black utilizes a special matte black acoustic fabric behind a black perforated aluminum rear panel.

MODEL	LIST	MAP	NET	NET (2+)
RF-PRO-BLK-U	$349.00	$199.00	$129.35	**$119.40**

REFLEXION FILTER SERIES

RF-SPACE Environment Filter

With a larger surface area, enhancement of sE's patented multi-layer technology, deeper air gaps, and more efficient materials, the SPACE offers great full-bandwidth absorption, isolation, and diffusion to help you gain control over your acoustic environment . Utilizes our most advanced patented multi-layer technologies to create a balanced, acoustically neutral environment around your microphone.

MODEL	LIST	MAP	NET	NET (2+)
RF-SPACE-U	$449.00	$199.00	$129.35	**$119.40**

RF-X Portable Isolation Filter

An instant vocal booth for any home studio. With its lightweight vented body and an efficient, redesigned clamp assembly, the RF-X is simplicity itself, providing stellar performance and ease-of-use. This multi-layer design differentiates the RF-X from its competitors by filtering frequencies evenly across the whole spectrum.

MODEL	LIST	MAP	NET	NET (2+)
RF-X-U	$149.00	$88.00	$64.35	**$59.40**

RF-PRO Portable Acoustic Treatment Filter

sE's patented multi-layer technology works evenly across the whole frequency spectrum to ensure a balanced, even sound with no coloration at all. It remains the indisputable industry standard for portable, effective acoustic treatment. And just like our microphones, each Reflexion Filter is hand-made in our very own factory.

MODEL	LIST	MAP	NET	NET (2+)
RF-PRO-U	$349.00	$199.00	$129.35	**$119.40**

GUITARF X Filter for Guitar Amplifiers

The guitaRF acts as an RF (Reflexion Filter®), an isolator, a double mic stand, and fine-positioning hardware for both your favorite large-diaphragm condenser or ribbon mic AND a dynamic or small-capsule mic. All in one piece of gear, with the ability to perfectly phase-align the two capsules for maximum impact.

MODEL	LIST	MAP	NET	NET (2+)
GUITARF-U	$249.00	$199.00	$109.85	**$101.40**

ACCESSORIES

V-CASE Case for V Series Microphones

Keep your V SERIES mics safe on the road (or in the studio) with the V CASE. Its sturdy internal foam is cut to accommodate one V7 X, one V KICK, three V BEATs, three V CLAMPS, and three sE8 or sE7 microphones with mic clips.

MODEL	LIST	MAP	NET	NET (2+)
V-CASE-U	$89.00	$89.00	$57.85	$53.40

METAL-POP Pro Metal Pop Filter

This unique metal screen is not simply perforated, but implements a slightly convex shape to redirect low-frequency air blasts to the side of the screen. The gooseneck holds its position at any angle, keeping you covered at all times. And since the whole thing is made of metal, it will take a lot more abuse than a traditional fabric shield.

MODEL	LIST	MAP	NET
METAL-POP-U	$39.00	$29.00	**$23.40**

V-CLAMP Drum Microphone Mount

The perfectly compact companion for all your drum mic mounting needs. The V CLAMP adds another axis of vertical movement for even better fine-positioning ability, and keeps the V BEAT securely fastened to your drum rim while adding barely any bulk to the overall footprint.

MODEL	LIST	MAP	NET	NET (2+)
V-CLAMP-U	$44.00	$39.00	$25.35	**$23.40**

DUAL-POP Dual Metal and Fabric Pop Filter

The Dual Pro Pop uses a rock-solid gooseneck with both a standard fabric membrane and our professional metal pop shield on a hinged mechanism. You can use either separately or both simultaneously, depending on the application.

MODEL	LIST	MAP	NET
DUAL-POP-U	$49.00	$39.00	$29.40

DM1-MIC-PRE Active Inline Mic Preamp

The DM1 DYNAMITE is an ultra-slim active inline preamp that fits seamlessly between your mic and mic pre, providing a massive +28dB of clean, transparent gain for all your dynamic and passive ribbon microphones - perfect for podcasting, recording, or live sound.

MODEL	LIST	MAP	NET	NET (2+)
DM1-MIC-PRE-U	$99.00	$99.00	$64.35	**$59.40**

RF-PRO-MOUNTING-KIT Upgrade Hardware for Reflexion Filter Pro

For any Reflexion Filter® PRO from 2006 to 2016. This hardware upgrade kit for the RF Pro helps to increase stability, simplify ease of use, and provide an updated level of performance, durability, and aesthetics.

MODEL	LIST	MAP	NET
RF-PRO-MOUNTING-KIT-U	$69.00	$50.00	$45.00

20 SERIES CARDIOID CONDENSER STUDIO MICS

AT-2050 Multi-pattern Side-Address Mic

Equipped with a switchable 80Hz high-pass filter & 10dB pad, the microphone is ideal for studio & live sound use on vocals, piano, strings, drum overheads, guitar amps, & more. [3 switchable polar patterns: omni, cardioid, figure-of-eight. Switchable 80Hz high-pass filter & 10dB pad.] Large diaphragm for smooth, natural sound & low noise. Includes shock mount & protective pouch.

MODEL	LIST	1-5 NET	6+ NET
AT2050	$229.00	$157.00	

AT-2035 Side-Address Microphone

Side-address cardioid studio condenser delivers exceptional detail & low noise. Switchable 80Hz high-pass filter & 10dB pad, handles high sound pressure levels with ease. Large diaphragm for smooth, natural sound & low noise. High SPL handling & wide dynamic range provide unmatched versatility. Switchable 80Hz high-pass filter & 10dB pad. Cardioid polar pattern reduces pickup of sounds from the sides and rear. Includes custom shock mount & protective pouch.

MODEL	LIST	1-5 NET	6+ NET
AT2035	$149.00	$104.00	

AT-2020 Side-Address Microphone

Project/home-studio applications. High SPL handling and wide dynamic range. Custom-engineered low-mass diaphragm. Cardioid polar pattern. Pivoting, threaded stand mount attaches securely for easy and precise placement.

MODEL	LIST	1-5 NET	6+ NET
AT2020	$99.00	$69.00	

AT-2020USB Cardioid Condenser USB Microphone

Features a built-in headphone jack with volume control that allows you to directly monitor your microphone signal with no delay. It also offers mix control that blends microphone and pre-recorded audio. The microphone's cardioid pickup pattern delivers excellent off-axis rejection, while its A/D converter ensures extremely articulate sound reproduction.

P120	$129.00	$99.00	**$76.01**

C12VR
Reference Multi-Pattern Tube Condenser Microphone

The C12 VR is the reference multi-pattern tube studio condenser microphone with nine polar patterns selectable by a remote control. Among sound engineers, the AKG C12 is considered the holy grail of microphones. The C12 VR is an enhanced version of the original C12, from the capsule sound to the original 6072A vacuum tube carefully handcrafted in Vienna, Austria.

MODEL	LIST	MAP	NET
C12VR	$7,499.00	$5,999.00	**$4,470.72**

C214
Professional Large-Diaphragm Condenser Microphone

Designed as a cost-effective alternative to the high-end C414 family. Offers a supreme one-inch capsule on an integrated suspension to reduce mechanical noise. A switchable 20dB attenuation pad allows recording of loud sources of up to 156dB SPL. A switchable bass-cut filter allows close-up recording with almost no proximity effect.

MODEL	LIST	MAP	NET
C214	$499.00	$399.00	**$309.49**

C214
Matched Pair Stereo Set Package

The C214 Matched Pair Stereo Set Package Includes:

2 X C214

2 X Elastic Spider Suspensions; 2 X Sa60 Stand Adapter

2 X Windscreen; 1 X Aluminum Carrying Case

MODEL	LIST	MAP	NET
3185X00110	$1,129.00	$899.00	**$706.86**

C414XLS
Reference Multipattern Condenser Microphone

The C414 XLS multipattern condenser microphone offers a choice of nine polar patterns for the perfect sonic capture for every application. A peak hold LED displays even the shortest overload peaks. For live-sound applications and permanent installations, all controls can easily be disabled for trouble-free use.

MODEL	LIST	MAP	NET
C414XLS	$1,430.00	$1,074.00	**$814.45**

C414XII
Reference Multipattern Condenser Microphone

The C414 XLII multi-pattern condenser microphone offers a choice of nine polar patterns for the perfect sonic capture for every application. A peak hold LED displays even the shortest overload peaks. The C414 XLII version differs from the C414 XLS version in one major respect the capsule. The C414 XLII's slight presence boost and impressive spatial reproduction are both similar to the legendary AKG C12 microphone from 1953.

MODEL	LIST	MAP	NET
C414-XLII	$1,379.00	$1,099.00	**$835.38**

C414-XL11-MP
Matched Pair Stereo Set Package

The C414 XLII Matched Pair Stereo Set Package includes:

2 x C414 XLII

2 x Elastic spider suspensions; 2x Stand adapter

2 x Windscreen; 1 x Stereo mounting bar

Aluminum carrying case; Measurement documents

MODEL	LIST	MAP	NET
C414-XL11-MP	$2,999.00	$2,349.00	**$1,847.47**

C414 XLS
Matched Pair Stereo Sete

The C414 XLS Matched Pair Stereo Set Package includes:

2 x C414 XLS

2 x Elastic spider suspensions; 2x Stand adapter

2 x Windscreen; 1 x Stereo mounting bar

Aluminum carrying case; Measurement documents

MODEL	LIST	MAP	NET
C414XLS-MP	$2,799.00	$2,249.99	**$1,767.15**

C451B
Reference Small-Diaphragm Condenser Microphone

A small-diaphragm condenser microphone with the identical acoustical behavior of its predecessor, the legendary C451 EB + CK1 capsule, which was a bestseller right from the start in 1969. The roadworthy design around the handcrafted capsule and the low-noise preamp electronics ensure impressive results even under very harsh conditions.

MODEL	LIST	MAP	NET
C451B	$629.00	$499.00	**$374.85**

C516ML
Professional Miniature Condenser Instrument Microphone

Professional miniature instrumental microphone, designed for use on accordions, pianos, guitar speakers and keyboard/organ cabinets. Using two C516 MLs (one on the bass and one on the treble side) and an optional B29 L battery power supply. Comes with a wide variety of mounting materials, such as screws, adhesive pads and adapter plates, for easy installation on the instrument or amp.

MODEL	LIST	MAP	NET
C516ML	$239.00	$189.00	**$138.92**

C519M
Professional Miniature Clip-On Condenser Microphone

The C519 professional miniature condenser microphone clips gently onto the bell of a trumpet, saxophone, trombone, tuba, didgeridoo or any other wind instrument. Its tight cardioid polar pattern and its flat frequency response delivers a natural, powerful and clear sound.The MPAV from C519 M features an integrated, switchable bass cut for adjusting the microphone's frequency response.

MODEL	LIST	MAP	NET
C519M	$309.00	$249.00	**$183.02**

C519ML
Professional Miniature Clip-On Condenser Microphone

The C519 professional miniature condenser microphone clips gently onto the bell of a trumpet, saxophone, trombone, tuba, didgeridoo or any other wind instrument. Its tight cardioid polar pattern and its flat frequency response delivers a natural, powerful and clear sound. The C519 ML package includes a mini-XLR cable and the unique A400 adapter plate for easy mounting onto wireless body-pack transmitters PT40/45/450/470.

MODEL	LIST	MAP	NET
C519ML	$239.00	$189.00	**$138.92**

C520L
Professional Head-Worn Condenser Microphone

Professional head-worn condenser microphone with maximum dynamic range for perfect vocal sound. An ideal choice for frontmen, singing keyboardists,and performers needing a hands-free microphone. The moisture shield prevents perspiration from penetrating into the transducer element. Provides a transducer shock mount to reduce body noise to a minimum. Its cardioid polar pattern effectively rejects unwanted ambient noise. The microphone arm mounts on either the left or the right side of the headband.

MODEL	LIST	MAP	NET
C520L	$229.00	$179.00	**$140.96**

C111 LP
High-Performance Lightweight Ear Hook Microphone

Stainless steel & lightweight ear hook microphone ideal for presentations and theater applications. Weighing 7g, the C111LP is comfortable to wear during even the longest performances. Delivered with a carrying pouch, windscreen and cable clip, it is suitable for all AKG pocket transmitters.

MODEL	LIST	MAP	NET
C111LP	$129.00	$99.00	**$74.97**

CU400
Charging Unit

A high-performance drop-in-style battery charger for WMS450 and WMS470 series wireless handheld and body-pack transmitters. Eliminates the need to remove the battery before charging; simply drop the entire transmitter into the slot. The charger monitors battery voltages and temperatures during charging and automatically ends the cycle when the batteries are fully charged. Provides a status display LED for full control of the charging status.

MODEL	LIST	MAP	NET
CU400	$379.00	$299.00	**$240.98**

C544L
High-Performance Sports Head-Worn Condenser Mic

High-performance head-worn miniature condenser microphone with an easily fitting headband is perfect for gymnastics instruction and other handsfree speech applications. A transducer shock mount reduces body noise to a minimum. The short microphone arm places the microphone in the right position to the mouth to minimize pop and breathing noise. Comes with a three-pin mini XLR connecter which fits all AKG WMS Series body-pack transmitters. Also includes a special windscreen.

MODEL	LIST	MAP	NET
C544L	$179.00	$139.00	**$107.10**

D12VR
Reference Large-Diaphragm Dynamic Microphone

Reference large-diaphragm dynamic microphone with cardioid polar pattern designed specifically for kick-drum recording applications. Thin diaphragm enhances the low frequency performance. Three active filter presets to match its sound shape with the kick drum's character. When activated, the output level is automatically reduced by 10 dB.

MODEL	LIST	MAP	NET
D12VR	$629.00	$499.00	**$371.88**

C555L
High-Performance Head-Worn Condenser Microphone

High-performance head-worn condenser microphone ideal for handsfree applications, including presentations or onstage performances. Rests securely and comfortably on the head, and can be attached to the left or right side of the behind-the-neck headband as desired. A transducer shock mount reduces handling noise to a minimum. Provides a three-pin mini XLR connector and can be used with all AKG WMS Series body-pack transmitters, B29 L battery power supply, or the MPA VL adapter for external phantom powering.

MODEL	LIST	MAP	NET
		$139.00	**$107.10**

D112MKII
Professional dynamic bass drum microphone

Features a new integrated flexible mount, while retaining all the sonic strengths that have made it's predecessor the industry-standard. The D112 MkII can handle more than 160 dB SPL without distortion. Its large diaphragm has a very low resonance frequency that delivers a solid and powerful response below 100 Hz.

MODEL	LIST	MAP	NET
D112MKII	$249.00	$199.00	**$152.03**

C636 WL1
Microphone head

The AKG C636 WL1 head is housed in a worry-free durable housing, you can now focus on your vocal performance—not on the performance of your microphone. Its proprietary double shock suspension system provides unparalleled rejection of handling noise.

MODEL	LIST	MAP	NET
3438X00030	$311.00	$249.00	**$202.80**

D7
Reference Dynamic Vocal Microphone

The D7 reference dynamic vocal microphone creates the subtle and open sound of a condenser capsule with the powerful resonance of a dynamic microphone. The patented dual-layer Varimotion diaphragm can vibrate unhindered, which results in an extraordinarily crisp and clean sound.

MODEL	LIST	MAP	NET
D7-AKG	$229.00	$179.00	**$141.37**

CBL410PCC
PC Microphone

The CBL410 PCC is a microphone for use with any PC or laptop. It improves audio quality when conferencing via VoIP. The microphone reproduces the voice with a clear and natural sound. With its 3.5mm stereo jack, it is a real plug-and-play device.

MODEL	LIST	MAP	NET
CBL410PCC	$129.00	$99.00	**$74.97**

HM1000
High-Performance Hanging Module

Used to fly microphones from the ceiling to pick up music or speech in houses of worship and conference rooms and on theater stages. Provides a 10m (33ft) cable, specially treated to reduce twisting, even if the environment temperature varies. The hanging module fits all DAM Series capsules, CK31, CK32, CK33, CK47 and CK80, via highly reliable contacts.

P2
High-Performance Dynamic Bass Microphone

High-performance dynamic bass microphone delivers a profound, high-energy low end for use on kick drums, trombones and bass amps. Its cardioid polar pattern reduces feedback and crosstalk coming from other instruments behind the microphone. Comes in a rugged, all-metal housing to withstand tough on-the-road conditions. An integrated stand adapter makes the microphone very easy to use. Includes a carrying case for safe transport and storage.

MODEL	LIST	MAP	NET
P2	$129.00	$99.00	**$72.77**

P3S
High-Performance Dynamic Microphone

High-performance dynamic microphone ideal for backing vocals, guitar and wind instruments. Its cardioid polar pattern picks up sound from in front of the microphone while reducing feedback and unwanted noise from behind. Provides a sturdy metal case and wire-mesh grille for exceptional ruggedness. The microphone offers a convenient on/off switch for noiseless muting.

MODEL	LIST	MAP	NET
P3S	$75.00	$59.00	**$43.37**

P5I
High-Performance Dynamic Vocal Mic w/ Harman Connected PA Compatibility

Its supercardioid polar pattern ensures utmost gain before feedback and suppresses ambient noise - even on the loudest stages. P5i also features a heavy-duty metal body to withstand tough stage performances, and an integrated windscreen that efficiently eliminates pop and wind noise. And features embedded HARMAN ioSYS technology so it automatically configures with the HARMAN Connected PA app and ecosystem.

MODEL	LIST	MAP	NET
100H00300	$99.00	$79.00	**$58.07**

C411 PP
High-Performance Miniature Condenser Vibration Pickup

A miniature vibration pickup for acoustic guitar, mandolin, violin and most other string instruments. Its integrated condenser capsule will reproduce the sound of the instrument clearly and without coloration. The C411 ultralight pickup (18g/0.6oz) can be easily attached on or near the bridge with the included nonmarking, solvent-free adhesive pad without changing the balance of the instrument. Features a MPAV standard XLR connector.

MODEL	LIST	MAP	NET
C411PP	$209.00	$169.00	**$127.45**

RHYTHMPACK
Professional Drum Microphone Set

The Rhythm Pack professional drum microphone set contains everything you need to professionally pick up a complete drum set.

1 x D112 bass drum microphone
2 x C430 for overheads
3 x D40 for toms, snare and more

The D112 has earned a well-deserved reputation worldwide as the best kick drum microphone ever made. The versatility of the D40 will stand up to night-after-night onstage use. The C430 is compact with a uniquely crisp sound. This complete set comes in a protective aluminum carrying case.

MODEL	LIST	MAP	NET
RHYTHMPACK	$875.00	$699.00	**$524.79**

EQUITEK STUDIO MICROPHONES

E19 Equitek
Broadcast and Production Miniature Earworn Microphone

The E19 Equitek Broadcast and Production miniature earworn microphone delivers industry leading performance with high sensitivity and low self noise. The E19 miniature design allows for easy inconspicuous placement while providing maximum intelligibility with natural, accurate reproduction. Designed with broadcasters, house of worship user, presenter or theater performer in mind the E19 overachieves for most any application. Currently available for CAD Audio Wireless, Shure Wireless, Sennheiser Wireless and Audio-Technica Wireless.

MODEL		LIST	MAP	NET
E19	Terminated for CAD Audio Wireless	$379.00	$265.00	**$185.50**

E29 Equitek
Broadcast and Production Miniature Lavalier Microphone

The E29 Equitek Broadcast and Production miniature lavalier microphone delivers industry leading performance with high sensitivity and low self noise. The E29 miniature design allows for easy inconspicuous placement while providing maximum intelligibility with natural, accurate reproduction.

MODEL		LIST	MAP	NET
E29	Terminated for CAD Audio Wireless	$379.00	$265.00	**$185.50**

E60 Equitek
Small Diaphragm Cardioid Condenser Microphone

Externally-biased point-source transduction with high-power transformerless drive in a bulletproof road-ready housing. Features include three-frequency hi-pass filter, 10dB attenuator and integral stand clamp. P24 (24V) or P48 (48V) phantom power is required. Frequency Response: 30Hz – 20KHz; Sensitivity: -40dBV (10 mV) @ 1 Pa; Impedance: 300 ohms; Max SPL: 140dB (pad engaged); Self Noise: 22dBA; Hi-Pass: 40Hz, 85Hz & 150Hz, 6dB/oct; Attenuator: 10dB; Power Requirements: P24, P48, 5 mA.

MODEL		LIST	MAP	NET
E60	Cardioid Condenser Microphone	$209.00	$149.00	**$104.30**

E70 Equitek
Small Diaphragm Modular Dual-Capsule Condenser Microphone

Omnidirectional capsule for flat near field and ambience. Cardioid capsule for proximity boost and off-axis rejection. Capture your instrumentation with exacting detail. Features include field-effect detection, transformerless drive, dual-frequency hi-pass filter and two position attenuator. Elastic shock mount, stand clamp and windscreen are included. P48 (48V) phantom power is required.

MODEL		LIST	MAP	NET
E70	Dual-Capsule Condenser Microphone	$279.00	$199.00	**$139.30**

M179 Equitek
Variable Pattern Condenser Microphone

Omnidirectional capsule for flat near field and ambience. Cardioid capsule for proximity boost and off-axis rejection. Capture your instrumentation with exacting detail. Features include field-effect detection, transformerless drive, dual-frequency hi-pass filter and two position attenuator. Elastic shock mount, stand clamp and windscreen are included. P48 (48V) phantom power is required.

E100S Equitek
Large Diaphragm Supercardioid Condenser

Engineered and built in the USA, the new E100S large diaphragm supercardioid condenser has the lowest noise floor in its class (3.7 dBA) and the smooth, vintage tone and robust low end CAD is known for. The bootstrapped, full differential Quadra-FET™ front end delivers high sensitivity and low distortion, plus CAD's proprietary circuitry ensures the highest performance.

MODEL		LIST	MAP	NET
E100S	Large Diaphragm Supercardioid Condenser	$709.00	$499.00	**$349.30**

E300S Equitek
Large Diaphragm Multi-Pattern Condenser

1.1" gold-vapor deposited multi-pattern (cardioid, omni, figure-of-eight) dual diaphragm capsule for exceptional accuracy and sonic performance. Hand dampened capsule for consistent frequency response. Sophisticated laser trimmed op-amp circuitry for enhanced management of fast transients. Dual stage filter for unmatched ballistic stability and plosives control. Hi-pass filter and 20dB pad. Hard shell composite carrying case and shock mount included.

MODEL		LIST	MAP	NET
E300S	Large Diaphragm Multi-Pattern Condenser	**$989.00**	$699.00	**$489.30**

GXL STUDIO MICROPHONES

GXL1200
Small Diaphragm Cardioid Condenser Microphone

The GXL1200 is a small diaphragm condenser microphone with a cardioid pattern. Ideal for miking acoustic instruments. Clip, windscreen and vinyl pouch included.

GXL1200 GXL1200BP

Polar Pattern:	Cardioid
Frequency Response:	30Hz To 20Khz
Sensitivity:	-36Dbv (16Mv) @ 1 Pa
Impedance:	100 Ohms

MODEL		LIST	MAP	NET
GXL1200		$79.00	$59.00	**$41.30**

STUDIO ACCESSORIES

AS16
Acousti-Shield 16

The Acousti-shield AS16 is constructed from a high quality 16 gauge perforated metal shield mated to 30mm high density micro cell acoustic foam, resulting in a dry recording environment. The Acousti-shield AS16 reduces reflections, echo and attenuates unwanted environmental acoustic interference. Innovative design allows for pencil condensers as well as dynamic instrument mics to be used in both recording and live environments. Microphone not included.

MODEL	LIST	MAP	NET
AS16	$99.00	$69.00	**$48.30**

AS32FLEX
Acousti-Shield 32 Folding Acoustic Enclosure

The Acousti-shield AS32Flex is constructed from a high quality 16 gauge perforated stainless steel shield mated to 53mm high density micro cell acoustic foam, resulting in a dry recording environment. The Acousti-shield AS32Flex reduces reflections, echo and attenuates unwanted environmental acoustic interference. An innovative advanced mounting design allows for a maximum positioning stability even when mated to an economy mic stand. Designed with a heavy duty adjustable hinge - the AS32 Flex is ready for custom applications and improves portability. Microphone not included.

MODEL	LIST	MAP	NET
AS32FLEX	$209.00	$149.00	**$104.30**

AS22
Acousti-Shield 22

The Acousti-shield AS22 is constructed from a high quality 16 gauge perforated stainless steel shield mated to 53mm high density micro cell acoustic foam, resulting in a dry recording environment. Reduces reflections, echo and attenuates unwanted environmental acoustic interference. Innovative foldable design allows for portability and positioning flexibility. Microphone not included.

MODEL	LIST	MAP	NET
AS22	$139.00	$99.00	**$69.30**

VP1
VoxPop

6" Pop Filter on 14" Gooseneck. Double-layer Acoustic Nylon is highly effective at extinguishing plosives. High quality metal construction gooseneck and stand clamp allows for precise placement. Sonically Transparent Microphone not included.

MODEL	LIST	MAP	NET
VP1	$39.00	$25.00	**$17.50**

AS32
Acousti-Shield 32

The Acousti-shield 32 is constructed from a high quality 16 gauge perforated stainless steel shield mated to 53mm high density micro cell acoustic foam, resulting in a dry recording environment. Reduces reflections, echo and attenuates unwanted environmental acoustic interference. An innovative advanced mounting design allows for a maximum positioning stability even when mated to an economy mic stand. Innovative microphone positioning flexibility accommodates a variety of microphone designs and allows for creative control and a tailored acoustic result. The portable design allows for easy studio placement and simplifies remote recording. Microphone not included.

LIVE MICROPHONES

A77
Large Diaphragm SuperCardioid Dynamic Side Address Vintage Microphone

The A77 is a large diaphragm dynamic side address microphone equipped with a modern tribute to the original capsule — Updated with PowerGap™ high gauss magnet and a TrueFlex™ diaphragm. The update brings modern performance and results in a hot and articulate acoustic profile.

Pattern	Super Cardioid
Frequency Response	30Hz – 15KHz
Sensitivity	-48dBV (3.56mV) @1Pa
Principle	Dynamic moving coil motor
Impedance	500ohms
Max SPL	>150dB

MODEL	LIST	MAP	NET
CAD-A77	$359.00	$249.00	**$174.30**

A77R
Stage Ribbon - Large Format High Gauss Ribbon Microphone

The A77 is a large diaphragm dynamic side address microphone equipped with a modern tribute to the original capsule — Updated with PowerGap™ high gauss magnet and a TrueFlex™ diaphragm. The update brings modern performance and results in a hot and articulate acoustic profile. The A77R brings the vintage ribbon sound to the A77 style.

Pattern	Super Cardioid
Frequency Response	30Hz – 15KHz
Sensitivity	-48dBV (3.56mV) @1Pa
Principle	Dynamic moving coil motor
Impedance	500ohms
Max SPL	>150dB

MODEL	LIST	MAP	NET
A77R	$499.00	$349.00	**$244.30**

D32X3
3 Pack of D32 Supercardioid Dynamic Vocal Microphone with on/off switch

The CADLive D32 is a supercardioid dynamic handheld microphone with a QuietTouch™ on/off switch and neodymium capsule. Superior gain before feedback and silent on/off switch make the D32 a perfect choice for vocal performance. Supplied in a 3-pack as the D32X3 with carry case and mic clips.

Pattern	Supercardioid
Principle	Dynamic moving coil motor
Frequency Response	80Kz – 15KHz
Sensitivity	-51 dBv (2.8mV) @ 1Pa
Impedance	520 ohms
Max SPL	>145dB

MODEL	LIST	MAP	NET
D32X3	$89.00	$59.00	**$41.30**

D38X3
3 Pack of D38 Supercardioid Dynamic Instrument Microphone

The CADLive D38 is a supercardiod dynamic handheld with a neodymium capsule. Durable and articulate the D38 overachieves in most any live sound application from lead vocals to spoken word announcements. Supplied in a 3-pack as the D38X3 with carry case and mic clips.

Pattern:	Supercardiod
Principle:	Dynamic moving coil motor
Frequency Response:	80 – 18kHz
Sensitivity:	-53 dBV (2.3mV) @ 1Pa
Impedance :	500 ohms
Max SPL	>148dBB

MODEL	LIST	MAP	NET
D38X3	$99.00	$69.00	**$48.30**

D80
Large Diaphragm SuperCardioid Dynamic Side Address Microphone

D80 is a Large Diaphragm Moving Coil Dynamic that delivers a reminiscent, yet updated sound profile you would look for in a dynamic microphone. The D80 has a tight Super-Cardioiod polar pattern while supplying a hot output — ensuring outstanding performance on even the loudest stages.

Operating Principle	Moving Coil Dynamic
Polar Pattern	Super-cardioid
Frequency Response	50Hz -15KHz
Sensitivity	-48dBV (4.0mV) @ 1 Pa
Impedance	370 ohms
Max SPL	132dB @100Hz

MODEL	LIST	MAP	NET
D80	$139.00	$99.00	**$69.30**

D82
Large Format Ribbon Side Address Microphone

D82 is a Moving Ribbon Dynamic that will give you true ribbon warmth with a bit more sparkle than you might expect in a ribbon microphone. Its exceptional frequency response along with an impressive max SPL make it perfect for delivering your custom tone.

Operating Principle	Moving Ribbon Dynamic
Polar Pattern	Figure- of-eight
Frequency Response	25Hz -20KHz
Sensitivity	-56dBV (1.5mV) @ 1 Pa
Impedance	400 ohms
Max SPL	140dB @ 100Hz

MODEL	LIST	MAP	NET
D82	$259.00	$179.00	**$125.30**

D84
Large Diaphragm SuperCardioid Condenser Side Address Microphone

D84 is a Large Diaphragm Condenser that gives you true studio reproduction delivering a rich, transparent, true to life sound. The D84 has an internal shock mount adding to its ease of placement — No need for a big, hard to position shock mount.

Operating Principle	Externally-polarized Lg Diaphragm Condenser
Polar Pattern	Cardioid
Frequency Response	20Hz -20KHz
Sensitivity	-30dBV (30mV) @ 1 Pa
Impedance	150 ohms
Max SPL	138dB @ 1KHz

MODEL	LIST	MAP	NET
D84	$259.00	$179.00	**$125.30**

D88
Large Diaphragm SuperCardioid Dynamic Kick Drum Microphone

The CADLive D88 is equipped with one of the largest capsules for a percussion mic. The TrueFlex diaphragm is powered with a PowerGap Neodymium magnet to provide a particularly hot signal engineered for today's massive kick drum sounds.

Pattern	Super Cardioid
Frequency Response	20Hz – 17kHz
Sensitivity	-65dBV (0.56mV) @1Pa
Max SPL	>150dB

MODEL	LIST	MAP	NET
D88	$139.00	$99.00	**$69.30**

D89
Premium Supercardioid Dynamic Instrument Microphone

The CADLive D89 supercardioid dynamic instrument mic is outfitted with a Trueflex™ diaphragm and PowerGap™ high gauss Neodymium magnets creating a hot and articulate live performance instrument microphone. Excellent on acoustic and electric instruments – its versatile design makes it a perfect match for drums, guitar cabs, brass and strings.

Pattern:	Supercardiod
Principle:	Dynamic moving coil motor
Frequency Response:	50 – 17kHz
Sensitivity:	-50 dBV (2.8mV) @ 1Pa
Impedance :	520 ohms
Max SPL >	150dB

1800VP

1600VP / 1700VP / 1800VP
Continuously Variable Pattern Condenser Microphone System with Remote Polar Control

The 1600VP / 1700VP / 1800VP is a continuously-variable pattern condenser microphone system with remote polar control (patent pending). The variable polar pattern with remote control allows the user to precisely adjust the shape of the pick-up pattern for best performance from a remote location. Utilizing a two-conductor shielded cable (maximum length 2,000 feet) between the microphone head and the pattern-control box (VPC-1), the user can adjust the polar pattern in real time without changing capsules, microphone positions, or inducing noise in the audio chain.

Choose the 1600VP when a suspended system is required. Featuring an exclusive anti-rotational mount, 30' of cable, XLR-F wall plate and counter poise string.

Choose the 1700VP when a floor stand version is needed. Featuring a feather light 56" boom and exclusive Clutch Rotation System, this boom can be mounted on any standard microphone tripod or base stand.

Choose the 1800VP when a podium version is required. Featuring an 18" miniature gooseneck with TA3F and XLRM.

Operating Principal	Permanently-Biased Condenser
Polar Pattern	Continuously Variable
Frequency Response	40Hz – 20KHz
Sensitivity	-29dBV (35 mV) @ 1 Pa
Impedance	135 ohms
Max SPL	110dB

MODEL		LIST	MAP	NET
1600VP	Hanging Microphone	$889.00	$625.00	**$437.50**

INFINITELY ADJUSTABLE MICROPHONES

220VP
Variable Polar Pattern - Boundary "Button" Mic

220VPW

220VP

Miniature installation, continuously variable polar pattern, button-style, condenser boundary microphone designed for surface installation. Special attention has been given to design the 220VP to resist interference from cell phones, two-way communication, and other RF devices. The integral 80Hz, 12dB/ octave high-pass filter removes unwanted low-frequency energy to improve intelligibility. The all metal, threaded body and shock-absorbing bushings make for easy installation in surfaces up to 3" thick. For remote polar control add the VPC-1 or a compatible DSP.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Continuously Variable
Frequency Response:	90Hz – 17KHz
Sensitivity:	-32dBV (25 mV) @ 1 Pa
Impedance:	125 ohms
Max SPL:	120dB

2600VP

2700VP

2800VP

2220VP

2600VP / 2700VP / 2800VP / 2220VP

Continuously Variable Pattern Condenser Microphone System with Remote Polar Control through a Digital Signal Processor

The 2600VP / 2700VP / 2800VP / 2220VP is a continuously variable pattern condenser microphone system with remote polar control through a Digital Signal Processor. The variable polar pattern with remote control allows the user to precisely adjust the shape of the pick-up pattern for best performance from within a DSP. Utilizing a two-conductor shielded cable (max length 2,000 feet) between the microphone head and the DSP unit, the polar pattern of the microphone can be adjusted in real time without changing capsules, microphone positions, or inducing noise in the audio chain.

Choose the 2600VP when a suspended system is required. System includes a counter poise string, exclusive articulating steel hanger, anti-twist thread and rods, 30' of cable, and 24" XLR-F to Phoenix-type connector**.**

Choose the 2700VP when a floor stand version is needed. System includes the MB-1; a feather light 56" boom and exclusive Clutch Rotation System, this boom can be mounted on any standard microphone tripod or base stand. Also, includes 24" XLR-F to Phoenix-type connector**.**

Choose the 2800VP when a podium version is required. System includes the MB-18; an 18" miniature dual-flex gooseneck with TA3F-type and XLRM-type connectors. The system also includes 24" XLR-F to Phoenix-type connector**.**

Choose the 2220VP / 2220VPW when an installed boundary style microphone is needed. System includes 220VP boundary microphone with mounting hardware and rubber bushings. The system also includes 24" XLR-F to Phoenix-type connector. Specify "W" for white unit.

MINIATURE GOOSENECK AND CHOIR

827A-17
22” Cardioid Condenser - Mini Gooseneck

Quick-mount cardioid gooseneck condenser mics for speech and vocal pickup. May be used for lectern, courtrooms, conference/meeting rooms, paging, telecommunications and intercom systems. Matte black finish and 22” in length.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Cardioid
Frequency Response:	100Hz – 16KHz
Sensitivity:	-50 dBV (3.2 mV) @ 1 Pa
Impedance:	350 ohms Max SPL: 120 dB

MODEL	LIST	MAP	NET
827A-17	$149.00	$109.00	**$76.30**

905R
11” Premium Shotgun Mini Gooseneck

Quick-mount microphone is designed for speech and vocal pick-up. The line-cardioid polar pattern is engineered to attenuate unwanted sources outside of the +/- 45 degree acceptance angle while effectively utilizing the Supersensitive™ technology to “zero-in” on the desired voice. It's appropriate for boardrooms, courtrooms, house of worship. Windscreen and FM-2A XLR-F mount included.

Operating Principal	Permanently-Biased Condenser
Polar Pattern	Line-Cardioid
Frequency Response	70Hz – 18KHz
Sensitivity	-15dBV (0.18 Vrms) @ 1 Pa
Impedance	150 ohms

MODEL	LIST	MAP	NET
905R	$399.00	$285.00	**$199.50**

915B / 920B
Cardioid Mini Condenser Gooseneck Microphone

Dual-flex point, quick-mount cardioid gooseneck condenser mics for speech and vocal pickup. May be used for lectern, courtrooms, conference rooms and house of worship applications. 15” (915B) and 20” (920B) lengths available.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Cardioid
Frequency Response:	150Hz – 20KHz
Sensitivity:	-32dBV (25 mV) @ 1 Pa
Impedance:	440 ohms

MODEL		LIST	MAP	NET
915B	15”	$279.00	$195.00	**$136.50**
920B	20”	$279.00	$195.00	**$136.50**

900B / 900W
Cardioid Overhead Condenser Microphone

Miniature overhead cardioid condenser mics for speech, vocal and choral pickup. May be used for installation over choirs, in courtrooms, conferencing and in meeting rooms. 30’ of cable is permanently attached to the flex gooseneck for easy positioning and adjustments when suspended. Available in black or white.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Cardioid
Frequency Response:	150Hz – 20KHz
Sensitivity:	-32dBV (25 mV) @ 1 Pa
Impedance:	440 ohms

MODEL		LIST	MAP	NET
CAD-900B	Black	$239.00	$169.00	**$118.30**
CAD-900W	White	$239.00	$169.00	**$118.30**

GSM-1
Shock Mount - Gooseneck Mic

Direct input connection via top mount 3-pin femaleXLR type connecter. Internal stop pin protects rubber parts from damagewhen inserting or removing microphones. Includes 6’ balanced cable terminating in strippedand tinned ends Fits any mini condenser gooseneck mic or other similar mics andattachments with XLR type connector.

MODEL	LIST	MAP	NET
GSM-1	$109.00	$78.00	**$54.60**

FM-1A
Flange Mount And XLR Adapter Kit

Flange mount and XLR adapter kit for mini gooseneck mic. Includes 6’ balanced audio cable terminating instripped and tinned ends. Fits any mini condenser gooseneck mic or other similar mics andattachments with XLR type connecter

MODEL	LIST	MAP	NET
FM-1A	$59.00	$45.00	**$31.50**

FM-2A
XLR-F Connector

XLR-F Connector on 1¾” diameter mounting flange with locking ring.

MODEL	LIST	MAP	NET
FM-2A	$29.00	$22.00	**$15.40**

BOUNDARY MICROPHONES

201R
Cardioid - Boundary “Button” Microphone

Miniature installation button style condenser boundary mics for use in teleconferencing or voice lift sound reinforcement. Other applications include surveillance, ambient recording or audio observation. Improved RF immunity to greatly reduce susceptibility to radio interference from cell phones, PDA or similar two-way communication devices. Available in cardioid in black (201R). Metal nut/washer hardware supplied.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Cardioid, Omnidirectional
Frequency Response:	90Hz – 17KHz
Sensitivity:	-32dBV (25 mV) @ 1 Pa
Impedance:	150 ohms

MODEL		LIST	MAP	NET
201R	Black/Cardioid	$279.00	$195.00	**$136.50**
202RW	White/ Omnidirectional	$279.00	$195.00	**$136.50**

901VP
Variable Polar Pattern - Boundary Mic

The 901VP is a continuously-variable polar pattern condenser boundary microphone. Special attention has been taken to design the 901VP to resist interference from devices such as cell phones and two-way communication devices. The integral 80Hz, 12dB/octave high-pass filter removes unwanted low-frequency energy to improve intelligibility. The all metal body and shock absorbing rubber bottom make for easy placement on almost any surface.

Polar Pattern: Continuously Variable

Frequency Response:	100Hz – 20KHz
Sensitivity:	-33dBV (22.4 mV) @ 1 Pa
Impedance:	150 ohms
Max SPL:	120dB, 1% THD, 1KHz

MODEL	LIST	MAP	NET
901VP	$279.00	$195.00	**$136.50**

930VPL

Variable Polar Pattern - Boundary Mic - Assignable Switch

Because the Astatic 930VPL has variable pick-up pattern selection it can shorten the list of products an audio system designer requires when boundary mics are specified. From omni-directional to cardioid, hypercardioid, figure-of-eight and all tight or wide directional pick-up patterns in between, an installer or designer can precisely tailor the mic's pick-up pattern for the best performance depending on the application or environment.

Operating Principal:	Permanently-Biased Condenser
Polar Pattern:	Continuously Variable
Frequency Response:	90Hz – 17KHz
Sensitivity:	-32dBV (25 mV) @ 1 Pa
Impedance:	120 ohms
Max SPL:	120dB

MODEL	LIST	MAP	NET
930VPL	$399.00	$279.00	**$195.30**

40-355

30 ft. Mini Mic Cable XLR-M to TA4F

30' Cable terminated with 3-pin XLRM and TA4F for use with 930VPL.

MODEL	LIST	MAP	NET
40-355		N/A	**$25.00**

DYNAMIC DESKTOP AND PALM HELD PAGING

878HL-2

Omnidirectional Dynamic Desk Top Microphone

The 878HL-2 is designed for fixed or temporary paging applications. The frequency response is broad with a gentle rise in the high midrange for speech intelligibility. 6' cable provided with stripped and tinned ends.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Omnidirectional
Frequency Response	80Hz – 12KHz
Hi-Z Sensitivity	-43dBV (7.2 mV) @ 1 Pa
Impedance	40K ohms

MODEL	LIST	MAP	NET
878HL-2	$209.00	$149.00	**$104.30**

611L

Omnidirectional Dynamic Palmheld Microphone

The frequency response, especially tailored for voice communications, provides a crisp, clear, highly intelligible sound. The ergonomic teardrop housing is tough and the transducer resists atmospheric extremes. The palmheld series have low-impedance output and is factory wired normally open. High-cycle DPDT switch mutes the microphone and produces an external contact closure. 6' heavy-duty coiled cord is stripped and tinned.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Omnidirectional
Frequency Response	200Hz – 6500Hz
Sensitivity	-58dBV (1.6 mV) @ 1 Pa
Impedance	360 ohms

MODEL	LIST	MAP	NET
611L	$129.00	$89.00	**$62.30**

631L

Noise-cancelling Dynamic Palmheld Microphone

The frequency response, especially tailored for voice communications, provides a crisp, clear, highly intelligible sound. The ergonomic teardrop housing is tough and the transducer resists atmospheric extremes. The palmheld series have low-impedance output and is factory wired normally open. High-cycle DPDT switch mutes the microphone and produces an external contact closure. 6' heavy-duty coiled cord is stripped and tinned.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Noise Cancelling
Frequency Response	200Hz – 5500Hz
Sensitivity	-62dBV (.8 mV) @ 1 Pa
Impedance	180 ohms

MODEL	LIST	MAP	NET
631L	$129.00	$89.00	**$62.30**

HEAVY DUTY DYNAMIC GOOSENECK

727-18

18" Dynamic Cardioid Gooseneck

The smooth frequency response with articulation emphasis makes this microphone suitable for speech applications on podiums, desks, audio and equipment consoles. Matte black finish with an overall length of 18".

Operating Principal:	Moving Coil Dynamic
Polar Pattern:	Cardioid
Frequency Response:	200Hz – 16KHz
Sensitivity:	-56 (1.6 mV) @ 1 Pa
Impedance:	600 ohms

MODEL	LIST	MAP	NET
727-18	$129.00	$89.00	**$62.30**

AMC105

Heavy-Duty Microphone with Push-to-Talk Switch

For fixed paging applications such as fast-food restaurants, supermarkets, gas stations, commercial facilities and dispatch. Dual zone available as the AMC105-2-19. 6' cable terminates with stripped and tinned ends.

AMC105SNO-19: Single Zone 19" Heavy-Duty Gooseneck and Flange

AMC105-2-19: Dual Zone 19" Heavy-Duty Gooseneck and Flange.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Omnidirectional
Frequency Response	150Hz – 10KHz
Sensitivity	-56dBV (1.6 mV) @ 1 Pa
Impedance	550 ohms

MODEL	LIST	MAP	NET
AMC105SNO-19	$179.00	$125.00	**$87.50**
AMC105-2-19	$189.00	$135.00	**$94.50**

119L / 119S

Cardioid Dynamic Heavy-Duty Microphone

For fixed paging applications such as fast food restaurants, supermarkets, gas stations, commercial facilities and dispatch. Cardioid directional pick-up for maximum rejection of feedback or unwanted ambient noise. Switched version available with long lasting switch and external contact closure.

119L-19: No Switch 19" Heavy-Duty Gooseneck and Flange

119S-19: Single Switch 19" Heavy-Duty Gooseneck and Flange.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Cardioid
Frequency Response	120Hz – 12KHz
Sensitivity	-57dBV (1.6 mV) @ 1 Pa
Impedance	600 ohms

MODEL	LIST	MAP	NET
119L-19	$179.00	$125.00	**$87.50**
119S-19	$189.00	$135.00	**$94.50**

DESK STANDS AND MOUNTS

40-107

Desk Stand - 9-13" Adjustable Black Stem with 6" Black Base

Desk Stand with a 9" to 13" matte black post and 6" matte black base, 3 lbs.

MODEL	LIST	MAP	NET
40-107	$29.00	$20.00	**$14.00**

40-116

Shock Mounted Push-to-talk Base

The Astatic 40-116 Portable Desk Base from CAD Audio is designed to conveniently mount the Astatic 800 and 900 series gooseneck microphones, or any third party miniature gooseneck microphone with a standard 3-pin XLR connection. The portable design enables quick and easy setup on podiums, desk tops and more. Shock Mounted. Push-to-talk Base no phantom power required.

MODEL	LIST	MAP	NET
40-116	$129.00	$89.00	**$62.30**

40-117

Shock Mounted Push-to-talk Base with LED light

The Astatic 40-116 Portable Desk Base from CAD Audio is designed to conveniently mount the Astatic 800 and 900 series gooseneck microphones, or any third party miniature gooseneck microphone with a standard 3-pin XLR connection. The portable design enables quick and easy setup on podiums, desk tops and more. Shock Mounted Push-to-talk Base. Active LED, phantom power required.

MODEL	LIST	MAP	NET
40-117	$159.00	$109.00	**$76.30**

40-118

Shock Mounted Base With Selectable Soft Switch And Led Light

The Astatic 40-116 Portable Desk Base from CAD Audio is designed to conveniently mount the Astatic 800 and 900 series gooseneck microphones, or any third party miniature gooseneck microphone with a standard 3-pin XLR connection. The portable design enables quick and easy setup on podiums, desk tops and more. Shock Mounted Push-to-talk Base. Selectable momentary or latching, phantom power required.

MODEL	LIST	MAP	NET
40-118	$189.00	$135.00	**$94.50**

40-119

Shock Mounted Base With With 5-Pin XIr-M Output

3-pin XLR in and 5-pin XLR output for dry contact closure, no phantom power required Shock Mounted, no mute.

MODEL	LIST	MAP	NET
40-119	$179.00	$129.00	**$90.30**

TBS-2

Mic Stand - Straight - 33" to 60"

Floor Stand 33" to 66" adjustable matte black post and 10" matte black base, 8.5 lbs.

MODEL	LIST	MAP	NET
TBS-2	$49.00	$33.00	**$23.10**

WALL MOUNT DYNAMIC

WM-625 / WM-625S

Wall Mounted Omnidirectional Dynamic Microphone

For intercom and P.A., the WM625 and WM625S are designed especially for mounting to wall outlet boxes. The WM625S has a simple push-to-operate DPDT snap-action switch.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Omnidirectional
Frequency Response	300Hz – 4KHz
Sensitivity -	42dBV (7.9 mV) @ 1 Pa / -38dBV
Impedance	500 ohms / 2500 ohms

MODEL		LIST	MAP	NET
WM-625		$79.00	$55.00	**$38.50**
WM-625S	w/Push-to-Talk Switch	$99.00	$69.00	**$48.30**

WM-1000

Wall Mounted Weatherproof Dynamic Microphone

The WM1000 resists extremes in temperature and humidity found in outdoor environments. High impedance output with 1/4" connector.

Polar Pattern	Omnidirectional
Frequency Response	300Hz – 4KHz
Sensitivity -	42dBV (7.9 mV) @ 1 Pa / -38dBV
Impedance	500 ohms / 2500 ohms

MODEL	LIST	MAP	NET
WM-1000	$209.00	$149.00	**$104.30**

PERCUSSION

TSM-411

Supercardioid Dynamic Snare Microphone

A versatile multi-purpose percussion/instrument microphone, the TSM411 incorporates "dual point" suspension to maximize sonic performance and ensure excellent shock isolation and ballistic stability critical to the successful reproduction of toms, snares, cymbals, congas, and guitar amps. The TSM411 has an open, accurate sound.

Operating Principal:	Moving Coil Dynamic
Polar Pattern:	Supercardioid
Frequency Response:	100Hz -15KHz
Sensitivity:	-56dBV (1.6mV) @ 1 Pa
Impedance:	310 ohms

MODEL	LIST	MAP	NET
TSM-411	$109.00	$79.00	**$55.30**

KBM-412

Cardioid Dynamic Kick Microphone

The KBM412 is specifically designed for low frequency sources producing extra punch when miking kick drums. Isolation mic clip included.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Cardioid
Frequency Response	30Hz – 12KHz
Sensitivity	-66dBV (.5 mV) @ 1 Pa
Impedance	60 ohms

MODEL	LIST	MAP	NET
KBM-412	$139.00	$99.00	**$69.30**

C9S

Cardioid Condenser (Pair)

Designed for drum overheads, high hat, ride cymbal and stringed instruments, the C9 cardioid condenser microphone captures the subtle nuance of acoustic instruments and the presence and attack of cymbals.

Operating Principal Condenser	Permanently-Biased
Polar Pattern	Cardioid
Frequency Response	40Hz – 13KHz
Sensitivity	-41dBV (8.9 mV) @ 1 Pa
Impedance	150 ohms

MODEL	LIST	MAP	NET
C9S	$179.00	$129.00	**$90.30**

DMC1

Drum Mount Clip

Rim mounted drum mic clip.

MODEL	LIST	MAP	NET
DMC-1		n/a	**$15.00**

STAGE4

4 Piece Drum Mic Pack

Includes two D29 dynamic tom mics, one D19 dynamic snare mic, both with integrated drum clips, and one D10 dynamic kick drum mic with clip. Protective carrying case included.

D29 Cardioid Dynamic Percussion Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Cardioid
Frequency Response:	90Hz -13KHz
Sensitivity:	-53dBV (2.2mV) @ 1 Pa 90
Impedance:	560 ohms

D19 Supercardioid Dynamic Percussion Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Supercardioid
Frequency Response:	90Hz -14KHz, -6dB
Sensitivity:	-56dBV (1.6mV) @ 1 Pa 9
Impedance:	300 ohms

D10 Cardioid Dynamic Kick Drum Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Cardioid
Frequency Response:	50Hz -16KHz
Sensitivity:	67dBV (0.45mV) @ 1 Pa 90
Impedance:	60 ohms

MODEL	LIST	MAP	NET
STAGE4	$209.00	$149.00	**$104.30**

STAGE7

7 Piece Drum Mic Pack

Includes three D29 dynamic tom mics, one D19 dynamic snare mic, both with integrated drum clips, one D10 dynamic kick drum mic with clip, and two C9 overhead condensers with clips. Protective carrying case included.

C9 Cardioid Condenser Instrument Microphone

Operating Principle:	Condenser
Polar Pattern:	Cardioid
Frequency Response:	40Hz -13KHz
Sensitivity:	(2.2mV) @ 1 Pa
Impedance:	150 ohms

D29 Cardioid Dynamic Percussion Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Cardioid
Frequency Response:	90Hz -13KHz
Sensitivity:	-53dBV (2.2mV) @ 1 Pa 90
Impedance:	560 ohms

D19 Supercardioid Dynamic Percussion Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Supercardioid
Frequency Response:	90Hz -14KHz, -6dB
Sensitivity:	-56dBV (1.6mV) @ 1 Pa 9
Impedance:	300 ohms

D10 Cardioid Dynamic Kick Drum Microphone

Operating Principle:	Moving-coil dynamic
Polar Pattern:	Cardioid
Frequency Response:	50Hz -16KHz
Sensitivity:	67dBV (0.45mV) @ 1 Pa 90
Impedance:	60 ohms

LIVE PERFORMANCE HANDHELDS

C195

Cardioid Condenser Microphone (No Switch)

Electret condenser cardioid microphone. The CAD C195 is a superior low-noise, electret condenser cardioid microphone designed for professional vocalists and musicians. The CAD C195 provides the performance and features to satisfy today's most demanding professionals The CAD C195 is supplied complete with a zippered vinyl protective pouch and a snap-in microphone swivel-mount.

Generating Element:	Electret condenser (Phantom Powered)
Polar Pattern:	Unidirectional (Cardioid)
Frequency Response:	50 Hz - 18 kHz
Output Level:	Open Circuit
Voltage:	-55 dB (0 dB = 1 volt per microbar)
Impedance @1 kHz:	500 ohms
Dynamic Range:	110 dB
Equivalent Noise Level:	Less than 22 dB, A weighted
Maximum SPL:	132 dB (1% THD, open circuit)

MODEL	LIST	MAP	NET
C195	$229.00	$159.00	**$111.30**

CAD12

Cardioid Dynamic Microphone with on/off Switch

Excellent for vocals and instruments. Wide frequency response for accurate, natural sound reproduction. Cardioid polar pattern for superior feedback rejection. Flex-Form hardened-steel grill for durable performance. Includes mic clip. Recessed on-off switch. All-metal housing.

Operating Principal	Moving Coil Dynamic
Polar Pattern	Cardioid
Frequency Response	80Hz – 13KHz
Sensitivity	-56dBV (3.2 mV) @ 1 Pa
Impedance	500 ohms

QLX-D™ DIGITAL WIRELESS SYSTEMS

RAISE THE BAR.

Demanding live sound events require a rugged, reliable wireless system that delivers consistent performance and superior audio quality with every use. Designed to answer the needs of today's sound reinforcement professionals, QLX-D™ Digital Wireless combines professional features with simplified setup and impressive RF efficiency.

- **Transparent 24-bit digital audio** with a virtual flat frequency response
- **Reliable and efficient wireless:** more than 60 compatible systems per frequency band
- **AES-256 encryption** for secure wireless transmission
- **Rechargeable lithium ion batteries**
- **Powerful networking features** such as network scanning, comprehensive system controls and AMX/Creston compatibility

ULX WIRELESS SERIES

ULX offers full-featured UHF wireless choices for experienced engineers and professional installations that require powerful solutions.

ULXS24/BETA58 Vocal Wireless System

ULX® Standard Wireless Systems offer sophisticated, scalable UHF wireless solutions for both working musicians and professional sound installers. Includes ULX2/BETA58 handheld transmitter, ULXS4 standard diversity receiver, microphone clip, grip/switch cover, screwdriver, zipper bag, two 1/4 wave antennas, power supply, 9V battery, and user guide. Rack hardware not included with ULXS4 receiver.

MODEL	DESCRIPTION	LIST	MAP	NET
ULXS24/BETA58-G3	ULXS24 Vocal Wireless System	$924.00	$739.00	Call
ULXS24/BETA58	ULXS24 Vocal Wireless System, J1 Frequency	$924.00	$739.00	Call

ULXS24/58 Vocal Wireless System

ULX® Standard Wireless Systems offer sophisticated, scalable UHF wireless solutions for both working musicians and professional sound installers. Includes ULX2/SM58 handheld transmitter, ULXS4 standard diversity receiver, microphone clip, grip/switch cover, screwdriver, zipper bag, two 1/4 wave antennas, power supply, 9V battery, and user guide. Rack hardware not included with ULXS4 receiver.

4000 SERIES DIGITAL WIRELESS SYSTEM

The CADLive 4000 series Digital Wireless features True Diversity operation to minimize multipath interference. Frequency agile design partnered with ScanLink™ technology will precisely scan, select and link to the optimum channel allowing for easy flexible frequency planning.

CADLive wireless features 10, 30, or 50mW transmitter power adjustment and dynamic range >115dB. Receivers and transmitters are equipped with a high definition LCD display and full RF, AF, Battery Life, Mic Sensitivity and RF power metering.

Features

- True Diversity to minimize multipath interference
- Frequency agile operation for maximum frequency plan flexibility
- ScanLink™ technology for instantaneous and automatic channel configuration
- CADTone™ Body Pack input — Optimized Impedance Interface — Hi-Z for Guitar and Lo-Z for mic
- Metal construction Handheld Transmitter equipped with CADLive D90 capsule
- High Contrast LCD displays on TX and RX
- Transmitters feature 10, 30, or 50mW power adjustment to aide in multiple system applications
- 902-928MHz operation free from FCC TV spectrum legislation
- Simultaneous usage of up to 17 systems
- Dynamic Range > 115dB
- AA Batteries with up to 15 Hrs of battery life
- Systems ship with rack ears single/dual BNC relation kit and durable carry case
- Body Pack systems include miniature E19 Earworn, E29 Lav, WXGTR guitar cable
- XLR and ¼" outputs on receiver

.

3000 SERIES WIRELESS SYSTEM

The CADLive 3000 series features True Diversity operation to minimize multipath interference along with CADLock™ Automatic Tone Encoded Squelch to eliminate unauthorized transmissions in the signal path. Frequency agile design when partnered with ScanLink™ technology will precisely scan, select and link to the optimum channel allowing for an easy, flexible frequency plan.

CADLive wireless features 10, 30, or 50mW transmitter power adjustment and dynamic range >115dB. Receivers and transmitters are equipped with a high definition LCD display and full RF, AF, Battery Life, Mic Sensitivity and RF power metering.

Features

- True Diversity to minimize multipath interference
- CADLock™ Automatic Tone Encoded Squelch eliminates unauthorized interference
- Frequency agile operation for maximum frequency plan flexibility
- ScanLink™ technology for instantaneous and automatic channel configuration
- CADTone™ Body Pack input — Optimized Impedance Interface — Hi-Z for Guitar and Lo-Z for mic
- Metal construction Handheld Transmitter equipped with CADLive D90 capsule
- High Contrast LCD displays on TX and RX
- Transmitters feature 10, 30, or 50mW power adjustment to aidin multiple system applications
- Simultaneous usage of up to 15 systems per frequency band
- Dynamic Range > 110dB
- AA Batteries with up to 15 Hrs of battery life
- Systems ship with rack ears single/dual BNC relation kit and durable carry case
- Body Pack systems include miniature E19 Earworn, E29 Lav, WXGTR guitar cable
- XLR and ¼" outputs on receiver

IN EAR MONITOR SYSTEMS

Stereo Wireless In Ear Monitoring System

The StageSelect™ IEM Stereo Wireless In Ear Monitor System features 16 channel frequency agile performance for outstanding connectivity. CADLock™ Automatic Tone Code Squelch eliminates unauthorized interference in RF unfriendly environments. Stereo operation lends flexibility of use — You may send discrete signals to the left or right channel. High performance MEB2 Monitor Earbuds are included to make your listening experience top flight. The MEB2 TruPitch™ Balanced Armature Earbuds provide accurate audio reproduction while the EasyFit™ silicon earmolds provide a custom fit. The metal construction rack mountable transmitter is supplied with rack ears, half wave antenna, antenna relocation kit and sturdy carrying case.

Frequency	Q Band 470 – 498MHz
N Band	518 – 542MHz
Audio Frequency Response 4	0Hz – 16KHz
Audio Input Combination	XLR - 1/4"
Dynamic Range	>101dB
Audio Output Power	100mw into 32 Ohm
Transmit power	30mW
AA Batteries with	>10hrs battery life

GXLU WIRELESS SYSTEMS

The GXLU UHF system features two channels of UHF wireless, also engineered into one chassis. The GXLU receiver is outfitted with XLR and ¼" connectors as discrete outputs and XLR as mix output of the two channels. The receiver also includes RF and AF indicator lights and volume controls. GXLU wireless is also offered with a choice of handheld or bodypack transmitters. All bodypack systems are supplied with guitar cable and condenser headworn mic at no additional charge.

Frequency Band	500MHz – UHF
Frequency Response	50Hz – 18KHz
Dynamic Range	>105dB
Output Connectors	(2) XLR Balanced, 1 TRS 1/4"
Power Requirements	"AA" size alkaline or rechargeable batteries
Battery Life	>10 hours (alkaline)

Unrestricted Operation

2.4 GHz Digital High-Fidelity Wireless Systems

Why is 2.4 GHz WiFi Band OK?

While it is certainly true that there's a lot of activity within the 2.4 GHz range, System 10 is a frequency-agile system capable of continually detecting and adjusting its frequency to operate without interference. Both the receiver units and transmitters are actually transceivers that are constantly communicating with one another. These transceivers allow System 10 to remain always aware of other 2.4 GHz usage and automatically change frequencies to avoid interference.

No Analog Audio Compander

System 10 offers full-bandwidth, high-fidelity audio. There is no analog companding during transmission and reception. System 10 is capable of full-frequency response (20 Hz to 20 kHz), and better-than-CD audio quality of 24-bit/48 kHz.

3 Levels of Diversity Assurance

All System 10 products provide three levels of diversity assurance: frequency, time, and space. Frequency Diversity sends the signal on two dynamically allocated frequencies. Time Diversity sends the signal in two time slots to maximize immunity to multipath interference. Space Diversity uses two antennas on each transmitter and receiver unit.

Plays Well With Existing Systems

System 10 products work perfectly well, straight from the box, even in environments with a WiFi network. They are also ideal for adding additional channels on top of an existing TV-band wireless setup, since System 10 will not cause any intermod or interference issues. The existing setup will not need to be reconfigured, as would be the case if adding additional TV-band wireless.

audio-technica

2000 SERIES UHF WIRELESS SYSTEM

The second-generation Audio-Technica 2000 Series is a 10-channel frequency-agile True Diversity UHF wireless system. New features include 2 available frequency bands & switchable antenna power. Other features: Metal half-rack receiver with soft-touch controls & LCD display. Balanced XLR & unbalanced 1/4" output jacks. Switchable transmitter power output with high & low settings. Includes rackmount kit & detachable UHF antennas. Ground-lift switch.

CONSUMER ALERT:
Most users do not need a license to operate this wireless microphone system. Nevertheless, operating this microphone system without a license is subject to certain restrictions: the system may not cause harmful interference; it must operate at a low power level (not in excess of 50 milliwatts); and it has no protection from interference received from any other device. Purchasers should also be aware that the FCC is currently evaluating use of wireless microphone systems, and these rules are subject to change. For more information, call the FCC at 1-888-CALL-FCC (TTY: 1-888-TELL-FCC) or visit the FCC's wireless microphone website at www.fcc.gov/cgb/wirelessmicrophones.

SENNHEISER

EVOLUTION WIRELESS D1

Ease of use, outstanding live sound and extremely robust radio transmission make the new digital evolution wireless D1 radio microphone system the perfect tool for ambitious bands and artists of all genres. Intuitive menu navigation on the large, high-contrast OLED display makes it easier than ever to use. evolution wireless D1 has a global application, with frequencies that can be used in virtually any country without need for registration or additional costs.

Wireless link protection
evolution wireless D1 independently chooses the best transmission frequency, automatically and imperceptibly selecting a free frequency before any unwanted interference can be heard. So the system can also work securely in environments with WLAN and Bluetooth. Up to 15 channels can run simultaneously under ideal conditions.

Ease of use
Artists want to concentrate on their performance — not on technical configurations.
evolution wireless D1 transfers all the settings you need automatically and ensures perfect results — stress free.

Perfect live sound
evolution wireless D1 uses the state-of-the-art aptX Live ® audio codec for outstanding sound quality across the entire frequency range and with minimal latency. With the interchangeable microphone capsules from the renowned evolution 800 and 900 series, there is no comprise on high-quality sound.

License free — worldwide
evolution wireless D1 uses the 2.4 GHz band for radio transmission virtually anywhere in the world, without registration.

Remote control
You can manage and monitor the entire system with the D1 Remote Control app. Access to output level, audio ef-fects and much more all help to make the system extremely comfortable to use.

Transmitter power supply
The transmitter also has a battery compartment for 2 x 1.5 V AA batteries, providing power for 6 hours of continuous use. Optional Li-ion battery packs make the already excellent evolution D1 performance even better. Runtime increases to an impressive 11 hours. The batteries are easily charged, either in the CHG 2 system charger or using any USB power source, including the one in the car on the way to the gig.

XLR to USB Signal Adapter

Perfect for multi-track recording, the X2u features built-in headphone monitoring with zero latency, and easy controls to balance mics and playback audio, just plug and play for better-than-CD quality sound.

MODEL	DESCRIPTION	LIST	MAP	NET
X2U	Signal Adapter	$161.00	$99.00	Call

ELECTRONICS

A15AS Switchable Attenuator

Switchable in-line attenuator reduces the level of any balanced microphone or line-level signal, preventing input overloads.

MODEL	LIST	NET
A15AS	$47.00	**$32.00**

A15PRS Phase Reverse

Reverses the phase (polarity) of a balanced audio signal. An in-line switch permits instant selection of either normal or reversed polarity for comparison purposes.

MODEL	LIST	NET
A15PRS	$75.00	**$50.00**

A15RF RF Filter

Reduces interference from AM radio stations that may bleed into microphone lines when using long cables.

MODEL	LIST	NET
A15RF	$53.00	**$35.00**

SCM268 4-Channel Mic Mixer

Six transformers provide protection from RF interference for exceptionally quiet performance.

MODEL	LIST	NET
SCM268	$315.00	**CALL**

SCM800 8-Channel Mic Mixer

Non-automatic version of SCM810 features adjustable channel EQ and linking capability for up to 32 mics.

MODEL	LIST	NET
SCM800	$788.00	**CALL**

A95UF Transformer

Allows a balanced low-impedance microphone to be connected to an unbalanced high-impedance input.

MODEL	LIST	NET
A95UF	$53.00	**$35.00**

SCM810 8-Channel Mic Mixer

This eight-channel automatic mixer features the Shure patented IntelliMix®, which activates only microphones being addressed, minimizing poor audio caused by multiple open microphones. Designed specifically for installed sound applications.

MODEL	LIST	MAP	NET
SCM810	$1,575.00	$1,365.00	**CALL**

A96F Transformer

Connects microphones with an XLR-type connector to the 3.5 mm inputs found on camcorders and other recording devices.

MODEL	LIST	NET
A96F	$68.00	**$45.00**

MX400SMP MX Surface Mount Preamp

Surface mount preamp for use with MX405, MX410, and MX415 Microflex Modular Gooseneck Microphones.

SOUND EXTRAORDINARY

UA221 Passive Antenna Splitter

Antenna Splitter/Combiner Kit includes two adapters that can be used as one-input, two-output or two-input, one-output passive antenna splitter/combiners for UC4, SLX4, ULXS4, ULXP4, QLXD4, U4S, U4D, UR4S, UR4D, ULXD4, ULXD4D, and ULXD4Q.

MODEL		LIST	NET
UA221		$151.00	**$101.00**

UA221-RSMA GLX-D Advanced Passive Antenna Splitter

Reverse SMA Passive Antenna Splitter works with GLX-D® Advanced Digital Wireless Systems.

MODEL	LIST	NET
UA221-RSMA	$263.00	**$169.00**

UA400B 1/4 Wave Antenna

1/4 Wave antenna for SLX4, U4S, U4D, and UC4 receivers and the P3T transmitter. 470-752 MHz.

MODEL	LIST	NET
UA400B	$24.00	**$16.00**

UA440 Front Mount Antenna Kit

Front Mount Antenna Rack Kit, Front Mount, includes Four 2-foot BNC-BNC Coaxial Cables and Four Bulkhead Adapters.

MODEL	LIST	NET
UA440	$114.00	**$76.00**

UA8-24GHZ GLX-D 1/2 Wave Antenna

For Shure GLX-D Advanced Wireless Receivers. 2.4 GHz Frequency Band. Reverse SMA Connector.

MODEL	LIST	NET
UA8-24GHZ	$49.00	**$32.00**

UA844+SWB Antenna Distribution System

An antenna distribution system that allows for the expansion of wireless microphone systems by splitting one pair of antennas to multiple receivers. It also amplifies RF signals to compensate for insertion loss that results from splitting signal power to multiple outputs.

MODEL		LIST	NET
UA844+SWB-LC	No locking power cables	$499.00	**$329.00**
UA844SWB		$569.00	**$379.00**

UA8 1/2 Wave Omnidirectional Receiver Antenna

UA8 is a 1/2 wave omnidirectional receiver antenna for UHF-R®, ULX®, SLX®, QLX-D®, ULX-D®, and BLX4R receivers (frequency range dependent) and PSM transmitters.

MODEL	LIST	NET
UA8-470-530	$32.00	**$21.00**
UA8-518-578	$32.00	**$21.00**

Remarkable Slatwall Guitar Holders

Loaded with exclusive features. The yolk rotates to adjust to uneven headstocks, and the padded arms are ribbed to keep the guitar from twisting out of the hook. Plus, the locking slatwall plate ensures the holder will not accidently lift out of the slatwall and fall on instruments below. Fits slatwall or slat-style grid. Non-glare Black.

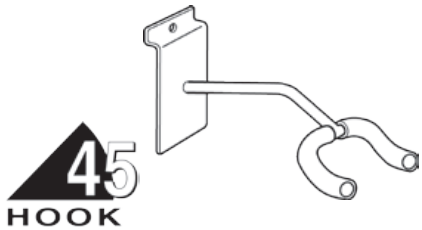

MODEL	DESCRIPTION	LIST	NET
SA-341BKL	Left Facing	$18.99	**$10.82**
SA-341BKF	Front Facing	$17.99	**$10.25**

Remarkable Swivel Guitar Holders

All of the exclusive features with a yolk that swivels to hold guitar in either left, right or front facing position. Change display direction without having to buy new hooks. Sturdy swivel joint. Ribbed yolk and locking slatwall plate. Non-glare Black.

MODEL	LIST	NET
SA-341SBK	$22.46	**$12.80**

Basic Guitar Holder for Slatwall

The plate style slatwall mount distributes the weight more evenly in the groove, reducing the risk of damage to the slatwall. Non-glare black coating.

MODEL	DESCRIPTION	LIST	NET
SA-2135BK-F	Front Facing	$19.99	**$11.39**

Leather Hook Covers

Prolonged contact between guitar's lacquer surface and guitar hook covering, may cause marks in the finish. The wood cannot breathe, or the finish reacts with the rubber. Leather allows the wood to breathe and can replace worn rubber parts. These black leather covers fit easily over most guitar display hooks. 10 pack.

MODEL	LIST	NET
SA-10HC	$13.64	**$7.77**

Trumpet Holder for Slatwall

This holder displays the instrument in the playing position. Display multiple horns, all at the same angle, to make a very dramatic display. Fits most trumpets, cornets, flugelhorns and even bugles. Protective pads at all contact points. Holder becomes almost transparent behind the horn. Fits slatwall or slat-style grid.

MODEL	LIST	NET
SA-301	$32.09	**$18.29**

Instrument Finishes

There is no such thing as a completely safe instrument stand. Contact with the rubber or vinyl protectors for a prolonged period of time can cause markings on the finish of the instrument. Nitrocellulose lacquers are especially susceptible. Wood does "breathe" even through lacquer, and when the air cannot get through, a mark will occur. In addition, rubber goes through molecular changes over time, and may even try to bond itself to the surface. It is important to note that instrument polishes, humidity, heat and airborne pollutants all add to the problem and are often the real cause of the interaction with rubber. If you suspect an instrument has a fragile finish, cover the contact points of the instrument stand with a soft cloth or the Ingles leather hook covers (Model SA-10HC). Instrument stands should only be used to "temporarily" store your instrument, such as on a gig. The safest place to store your instrument is in its case.

Trombone Holder for Slatwall

A holder design similar to the traditional trombone stand. Adjusts to fit various sized instruments. Extends low for best balance of the horn. Also great for flugelhorns.

MODEL	LIST	NET
SA-302	$47.07	**$26.83**

Alto/Tenor Saxophone Holders for Slatwall

Designed for ease of taking instrument in and out of holder. Supports similar to the traditional sax stand. Adjusts for alto, tenor and even curved soprano saxophones.

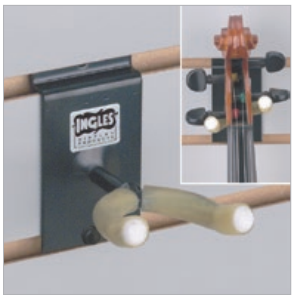

MODEL	DESCRIPTION	LIST	NET
SA-303	Alto/Tenor Saxophone	$44.93	**$25.61**

Clarinet / Flute Holder for Slatwall

Holder becomes almost visually transparent behind clarinets. Dual shaped peg fits both flutes and clarinets. Special peg covering protects instrument. Fits slatwall or slat-style grid.

MODEL	LIST	NET
SA-304	$24.60	**$14.02**

Violin/Viola Holder for Slatwall

A simple way to display stringed instruments. The yolk swivels to accommodate the different peg heights – allowing the instruments to hang straight. Hanging from the pegs assures no finish problems. Fits all size instruments from a 1/8 size violin to a full-size viola.

MODEL	LIST	NET
SA-306	**$22.46**	**$12.80**

Angle Adjustable Violin/Viola Holder

For those who prefer to display stringed instruments left or right facing. Angle adjustable yolk allows display at any angle. Yolk swivels to accomodate different peg heights. Fits all instrument sizes.

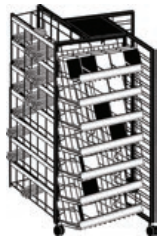

MODEL	LIST	NET
SA-316S	$26.74	**$15.24**

Keyboard & Electronics Display Arms for Slatwall

Display keyboards, synthesizers, mixers and other electronics. Angle adjustable heavy-duty support arms with bolt and wing nut. Adjustable length arms have a 4-stop length adjustment – extending from 13" to 19". Great for larger mixer panels or 3-tier keyboard setups.

MODEL	DESCRIPTION	LIST	NET
SA-307	Display Arms/pr	$85.59	**$48.79**
SA-308BK	Adjustable Arms/pr, blk	$96.29	**$54.88**

IDEAL FOR CDS OR VIDEOS

H-STYLE ASSEMBLY

4-WAY STYLE ASSEMBLY

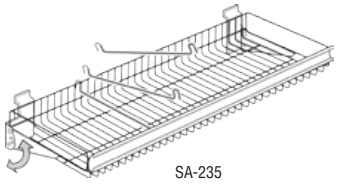

T-STYLE ASSEMBLIES

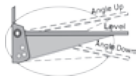

Universal Wire Grid Display

4-Way style, dual T-styles, or extra wide H-style. Panels are made with slat-style grid so they will accommodate most Ingles hooks and accessories. Takes just minutes to assemble (tools included). Includes attractive furniture style casters (6), center top cap (for 4-way), and butterfly connectors (2) for H-style. Black coated. Each display is boxed in a single box for UPS shipping.

MODEL	LIST	NET
SA-4WG	$774.99	**$441.74**

SA-235

Angle Adjustable Accessory Tray

With angle/slope adjustment makes it easy to convert from one application to another. In the level position it can be used as a normal accessory shelf. In the angle-up position, fits string packs and reed boxes. The angle-down position, creates a “gravity feed” display where accessories are naturally forced to the front. Use with **SA-235DW** to maximize display space. Seven removable divider wires are included to keep product rows neat. Label holder fits standard 1.25" x 3" price tickets. Black coated. 8.5" dp x 24" w.

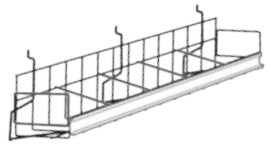

MODEL	DESCRIPTION	LIST	NET
SA-235	Angle Accessory Tray	$84.99	**$48.44**

SA-781

LABEL HOLDER INCLUDED

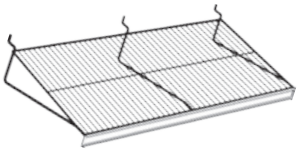

Modular String Racks w/Label Holder

The 24" width rack fits perfectly on the **SA-4WG** 4-Way display or wire grid panels, or use them side-by-side on a wall for longer rows. Tilts upward to keep strings from flipping forward and easy to see into lower racks. The label holder fits standard 1.25" x 3" price tickets. The guitar rack has 5 bins and the bass rack has 3 bins. Bin holds up to 14 string sets. The bass rack also fits CD’s. Fits slatwall or pegboard. Black coated.

MODEL	DESCRIPTION	LIST	NET
SA-781	Guitar String Rack/5 Bin	$55.99	**$31.91**
SA-782	Bass String/CD Rack/3 Bin	$62.99	**$35.90**

The most popular slatwall accessories and hooks to fit your special needs!

EXTRA TIGHT WHITE SPACING

LABEL HOLDER INCLUDED

Modular Wire Shelf

Sized to fit perfectly on a 4-way display or slat-style grid panel. Surface wires are tightly spaced making it possible to display smaller items. A label holder is included for standard 1.25" X 3" price tickets. 24" W x 12" D. Black coated.

MODEL	LIST	NET
SA-218	$64.99	**$37.04**

TIGHTER WIRES

Wire Display Baskets

They are so handy you'll want to have a few in each size. Fill them with product to draw attention, or use them as dump bins for closeout products. The tighter wire spacing of the **SA-205** and **SA-206** makes it possible to display even the smallest items without fear of them slipping through. Fits slatwall or pegboard. Black coated.

MODEL	DESCRIPTION	LIST	NET
SA-206	12" W x 6" D x 6" H	$58.84	**$33.54**

SA-427

Slatwall Scanner Hooks

This hooks style is a "must have" for anyone using slatwall. The slatwall-style plate keeps the hook from accidently lifting out of the slatwall slot. Plus you'll have a hard time finding scanner hooks in black anywhere else. A double hook style is also offered for heavier products that often rip at the hook or hang unevenly. Black coating is standard. **Must Order Label Holders Separately – see label holder page.**

MODEL	DESCRIPTION	LIST	NET
SINGLE SLATWALL SCANNER HOOK/BOX OF 50			
SA-427	4" hook/50 pack	$131.99	**$75.23**
SA-428	6" hook/50 pack	$159.99	**$91.19**
SA-429	8" hook/50 pack	$179.99	**$102.59**

Stepped Literature Holder

Steps books, magazines, music books or literature with the top 2.5"+ of each exposed. Four "roomy" pockets (9.75"w X 1.25"d) make it easy to remove and replace books. Stack side-by-side and one-above-the-other to create a full wall of books or magazines. Fits slatwall or pegboard. Black coated.

MODEL	LIST	NET
SA-216	$52.99	**$30.20**

Standard Pegboard Hooks

Ingles standard hooks fit both slatwall and pegboard. The single hooks have a 1/4" ball-end tip to provide a safe display environment.
Double hooks are "a must" for the larger and heavier products. Black coated.

MODEL	DESCRIPTION	LIST	NET
SA-402	6" Hook/Box of 100	$111.69	**$63.66**

LABEL HOLDER INCLUDED

HANG ON SLATWALL

STACK ON COUNTER OR SHELF

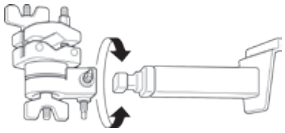

Modular Drumstick Rack

Drumstick display has never been easier. This modular, 6 bin rack can be stacked 3 or 4 high on a counter top or shelf. It can also be hung on slatwall in multiples to create a drumstick wall, or you can hang them on the **SA-4WG** Ingles 4-Way display. Each stick bin holds up to 19 pair (114 pair per rack). A label holder is included that holds standard 1.25" x 3" price tickets. Clean up your percussion department by replacing all of those mismatched manufacturer racks. Black coated. Label holder Included. 15" D x 19.5" W x 6" H.

MODEL	DESCRIPTION	LIST	NET
SA-704	Drumstick Rack / 6 bins	$82.38	**$22.79**

LOCKING PLATE REQUIRES TOOL

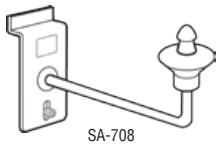

Slatwall Grabber Clamp

This universal grabber clamp displays a wide variety of products on slatwall. Combine with drum rack hardware. Clamp accepts 1/2" to 1-1/2" diameter. The clamp rotates 360° on a ratchet type assembly and the support post connected to the clamp separates and rotates at 90° intervals in a perpendicular direction to the clamp.

MODEL	DESCRIPTION	LIST	NET
SA-725	6.5" Arm, Standard	$74.99	**$42.74**

SA-708

Cymbal Arms with Locking Slatwall Plate

The locking plate design locks the arm to the slatwall. When used in combination with the Ingles **SA-712** Cymbal Security Top, expensive cymbals remain securely locked to your display. Two arm length are available with traditional rubber tip and locking tool. Black coated. Locking plate requires tools.

MODEL	DESCRIPTION	LIST	NET
SA-708	9.5", Fits up to 18" cymbals	$18.99	**$10.82**
SA-701	12.5", Fits all cymbals	$20.32	**$11.58**

Modular Drumhead Basket

A fast and easy way to organize your drumhead inventory. Each drumhead basket can accommodate most popular drumhead sizes (even many bass drumheads). Two dividers are included and can be inserted at any point along the width of the basket. Each basket holds up to 32 heads. Folds compact for shipping and storage. Black coated. 24" W x 15" D x 12" H.

MODEL	LIST	NET
SA-706	$54.99	**$31.34**

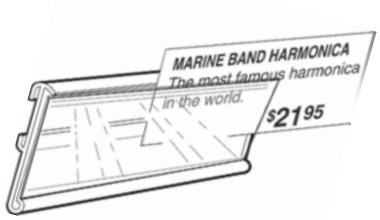

The INGLES modular label and sign holder system is based on a uniform mounting plate that allows the same label or sign holder to fit a variety of mounting devices. Eliminates the need to buy many different styles of holders. Quickly change from one application to another by simply sliding a holder onto a different mounting device.

Adhesive Hang Tabs

Add to boxes and packages to convert to hanging style of display. Excellent for harmonicas, reeds and parts that require different keys and sizes to be hung on the same hook. 1,000 pack.

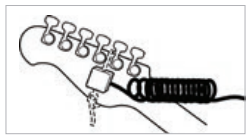

MODEL	DESCRIPTION	LIST	NET
SA-480	Hang Tabs/J-Hook	$109.75	**$62.56**

Clear Front 1.25" x 3" Label Holder

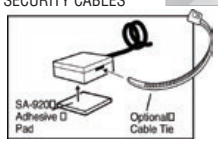

Sign tickets are fully enclosed. Clear plastic cover keeps signs clean and secure in the holder. 1.25" x 3" label holder fits scanner hooks, all mounting clips and easel adapters. 100 pack. Replaces **SA-601** and **SA-602** fits all scanner hooks. **LABEL HOLDERS MUST BE ORDERED SEPARATELY FOR SCANNER HOOKS.**

MODEL	LIST	NET
SA-603	$43.56	**$24.83**

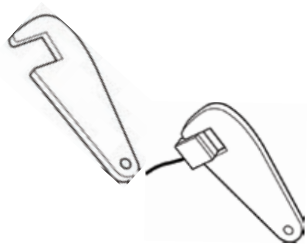

CONNECTS SECURITY CABLES

Standard/Flat Security Cable

A INGLES exclusive "dual fastening" product connector makes it possible to use high-strength adhesive pads, cable ties or both pads and ties for worry free connection to the product. The coiled, 5 foot vinyl-coated aircraft cable and locking slatwall connector completes the cable. The flat connector is great for small electronics, keyboards, guitars, metronomes, etc.

MODEL	LIST	NET
SA-901	$21.99	**$11.00**

Security Cable Removal Tool

The customer can't pull the security cable adhesive contact loose, but this tool can. The resulting leverage makes it easy and quick to remove a security cable from a product at the time of sale. Removal tool is made of nylon to assure "no scratch/damage" removal.

MODEL	LIST	NET
SA-911	$9.99	**$5.00**

Most private label product companies listed here feature their best price for block lettering imprints. Whenever possible pay the extra, upfront art charge and include your logo. Plan in advance since most companies require four to six weeks to complete your order.

413C – Red 414C – Purple 418C – Blue 431C – Red 412C – Yellow 472C – Red 488C

Picks

Dunlop best selling picks are available for custom imprinting on either one or two sides. The second side is great for combining a logo on the front with a name, address and phone on the back. Or, add a special message. Gauges and colors can be mixed (in 200 pick lots).
Imprint Specifications – block print is limited to three lines, 10 spaces max. per line. Custom logos can include signatures, band logos, or special graphics. Black and white camera-ready art must be supplied with order.
Minimum Order – 800 picks.
Lead Time – 4-6 weeks to process order.
Logo Die Charge – $50 camera ready artwork.
Hot Stamp - $50; Digital $75.00
Setup Charge – $10 new block print logos.
Reorder Fee – $10 for artwork or block print logo per side.
Second Side Fee – $10 (per 1000 picks).
Rush Charge – $25 2-3 weeks (specify due date).
Imprint Ink Colors – 479C, 483C, 48C, and 486C are the only picks that can hold gold or silver ink. All other models – primary colors only.

Custom Imprint Maintenance Kits

IMPRINT SPECIFICATIONS – block print or custom artwork can be imprinted on most items (block letters only on brushes). Black and white camera-ready art must be supplied with order (if special artwork is required an estimate will be provided).

LEAD TIME – allow 4 weeks to process order.

Choice of packaging: clear plastic bag with header, zip-lock bag, or clear plastic box. Any Players instrument maintenance kit can be imprinted. See selections in "Band & Orchestra". Standard pricing applies. It is okay to mix instrument kits, as long as the order totals the minimum. Can order any quantity above minimum.

Order 144 or more kits and all products inside are imprinted also. Imprint specifications – block print or custom art will be printed on the outside of the kit package only.

Setup Charge: Block Print: no charge. Logo: $15.00 one time charge. Orders of 144 kits or more: no set up charge. Minimum order: 36 kits. One Stop Pricing applies.

POLICIES & PROCEDURES

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

All prices listed in this catalog are subject to change without notice. Our discounted prices are based on manufacturers' suggested list prices. In case of change in prices since the printing of this catalog, we will ship at current list price less applicable special discounts. Items not listed with a price represent promotional items and need to be verified by an authorized KMC Music representative. Prices in this catalog are listed in U.S. dollars, F.O.B. KMC Music USA locations. This catalog is intended for the exclusive use of bona fide retailers of musical instruments, accessories, lighting and audio products. Possession of this catalog by others does not constitute an offer to sell. The contents of this catalog are protected by a registered copyright. KMC Music will allow use of the photographs, illustrations and written text contained herein by its music dealers for use in promoting KMC Music products only. Use by any others, including all manufacturers and distributors, is completely prohibited. We reserve the right to correct typographical errors..

©2017 KMC Music
Printed in U.S.A.

TERMS & CONDITIONS

All sales are made under terms and conditions established by KMC Music. No shipments will be made without prior credit approval. Unless otherwise specified, all shipping charges are the responsibility of the buyer.

We offer the following convenient payment options:
Company Check, COD, Visa, Mastercard, Discover & American Express. In addition all customers may apply for special finance programs.

BACK ORDERING

The necessity of Back Ordering is regrettable, but sometimes unavoidable. Items temporarily out of stock will be back ordered unless your record reads "No Back Order". These goods will be forwarded immediately when received.

SPECIAL ORDERS

Special Orders are welcomed, if for standard production merchandise. **Imprint items, custom finishes, or other non-stock items, specially ordered are on a non-cancelable, non-returnable basis and require an authorized signature before order can be placed with the manufacturer.** Please note that some manufacturers require minimum quantity or dollar amounts for custom orders. Additional shipping and handling fees may be incurred. **A $150 minimum order threshold applies.**

WILL CALLS

For best results, call in your Will Call orders at least four hours ahead of time. Will Call hours vary by warehouse location. Please contact your Sales Rep for the hours of the location nearest you. NOTE: No facilities are available to take care of your retail customer. Will Call orders will be released only to authorized store representatives.

TRADEMARK PRODUCTS

KMC Music reserves the right to limit sales of certain trademarked products to qualified dealers authorized for such products.

SHIPPING

Our extensively stocked warehouses are strategically placed to reach most parts of the United States in 2 business days or less, typically. Our goal is to ship your order within 24 hours of receipt and to find the most economical shipping method available. In some cases this means using LTL shipping (Less-than-Truck-Load). If you aren't able to receive LTL shipments, please tell your Sales Rep & we'll find an alternative.

LTL Shipments may require a loading dock. If you do not have one, a Lift Gate fee may be charged by the carrier and is the dealer's responsibility. If you request Inside Delivery, a fee may be charged and is also the dealer's responsibility, payable directly to the carrier.

DAMAGE AND LOSSES

All goods are inspected upon arrival in our warehouses, and again at the time of shipment. We cannot accept responsibility for merchandise arriving in damaged condition. Please inspect the delivery and report any damage or shortages to the driver. Merchandise can also be damaged in transit even though the carton shows no outward evidence of rough handling (concealed damage). When checking in your order, if any damage, concealed or apparent, is discovered, notify your Customer Service Representative immediately for further instructions. Save the cartons and packing materials until the claim is resolved. In case of shortage, recheck the carton and packing materials. Check inside instrument cases and accessory pockets. Note if there are any overages or errors. Shortages must be reported to us within five days of receipt of order.

RETURN POLICY

No returns accepted without prior approval. To obtain approval, simply contact your Customer Service Rep to request Return Authorization. No return goods accepted freight collect. Prepaid shipping will be provided and arranged for incorrect (KMC Music's error) or defective stock items only. Shipping costs and arrangements on all other returns are the dealer's responsibility. All returns without a proper authorization cannot be processed and will be refused.

RETURN AUTHORIZATION

Pre-arranged Return Authorization (RMA numbers) allows us to handle repairs, service and quick credit processing. The RMA number is a reference for any needed follow-up.

IMPORTANT: Be sure to put the RMA number on each package.

1. Merchandise over 30 days will not be accepted for credit only. Merchandise will be replaced.
2. A Minimum 15% restocking charge will be applied on merchandise accepted for return.
3. Any return merchandise must be in perfect salable condition or additional handling fee will apply.
4. Defective goods will be repaired or exchanged as warranted. A detailed description of the defect is required for all returned items. Providing this information assists us in improving our products and service.
5. See "repairs and service" section for Warranty return information.

Repairs and Service: If any article shipped to you proves faulty in material, workmanship, or performance, we will make an adjustment or replacement within the proper time limit. Natural products, such as wood, cannot be guaranteed against cracking or chipping. Delicate instruments are affected by climatic conditions. Claims should be made within five days, after that time, factory warranty applies.

A copy of the consumer's sales receipt is required for warranty service. Contact your Customer Service Rep for further instructions.

ANY WARRANTY IS LIMITED

Goods manufactured in the United States are warranted by the factory and it is to the buyer's and dealer's advantage to deal directly with the manufacturer. Information sheets packed with the merchandise usually give the factory's return address. In order to expedite handling, be sure to give specific details of the problem involved. If that item uses a battery or electric cord, be sure to try a different battery or cord before other action. See the Service Center Directory listing in this manual for a listing of authorized service locations.

* WARNING: The dealer should make appropriate warnings to the end user to take care to determine prior to use, whether the devices shown in this catalog are suitable, adequate or safe for the use intended. Since individual applications are subject to great variation, KMC Music and its divisions make no representation or warranty as to the suitability or fitness of these devices for any specific application.

B STOCK WARRANTIES

Warranty does not apply to B Stock items unless otherwise stated.

DEALER REQUIREMENTS

To uphold your KMC Dealer Status in good standing, the minimum yearly commitment is $1,500 in purchases. This will be reviewed quarterly and your Inside Sales Representative will guide you through the process of fulfilling our commitments to each other. In addition, KMC's minimum order amount is $150. We cannot accept an order for less as it taxes the system and compromises our ability to service your stocking orders efficiently. Backorders that accumulate over $150 will be released and shipped.

INDEX

Policies

FREIGHT POLICY

KMC has developed a simple freight policy to ease your ability to budget freight costs. 5.5% of the purchase price of your order will be added to your invoice as a Freight Charge. In many cases this will represent less than the Standard Rates charged by Fed Ex. We have also defined a list of Brands in which KMC will extend a discounted rate of 3.2% or 4.0%. We believe that the ability to understand your actual landed cost of an item without fear of any unforeseen factors, shipping surcharges or delivery variances is critical to your business planning. Please see the list below for 3.2% and 4.0% Freight Brands. A minimum Freight Charge per order of $15 per order will apply. In addition, KMC will run monthly specials where Free Freight for certain brands can be obtained as an added value for your dedication.

Dealer Agreement

Subject to the terms and conditions hereinafter set forth in this agreement ("Agreement"), KMC Music appoints Dealer as its dealer of the type of products listed on the Program Sheets executed by Dealer (the "Products") and grants to Dealer the right to sell Products at Dealer's place of business at the location set forth in the executed Dealer Program Sheets and in consideration whereof the parties agree as follows:

Purchase and Invoicing

1) Dealer agrees to purchase and maintain a reasonably representative stock at the above location in accordance with the current KMC Music terms and conditions of sale then in effect. Dealer agrees that all orders hereunder shall be subject to and shall be billed in accordance with the prices and terms set forth in the KMC Music's terms and conditions of sale in effect at the time of shipment, appearing on KMC Music's invoices or otherwise, notwithstanding any contrary terms and conditions which may appear on any Dealer form, purchase order or correspondence. No additional or different provisions contained in Dealer's purchase order or any other form shall be of any force or effect and Dealer's acceptance of the Products shall constitute Dealer's acceptance of KMC Music's terms and conditions in each case. KMC Music may at its discretion decline to make deliveries except on a prepayment or C.O.D. basis, whenever it is not satisfied as to Dealer's financial responsibility.

Product Support

2) Dealer agrees to devote such time and effort as will most successfully promote the sale and use of the Products at the authorized location in accordance with the general programs, terms and conditions and practices as outlined from time to time by KMC Music. KMC Music agrees to extend to Dealer sales assistance and advertising assistance (including Internet advertising and promotions) provided by KMC Music from time to time, such assistance to be consistent with good business practice and KMC Music policies then in effect. All advertising by Dealer (including advertising on the Internet or in any other electronic medium) will be in accordance with KMC Music Unilateral Policy Regarding Minimum Advertised Pricing currently in effect.

Duration

3) This Agreement shall become effective and shall replace any prior agreements relative to the Products, and shall continue in force until the end of the calendar year. It shall be automatically extended from year to year thereafter unless either party elects to the contrary. Either party may terminate this Agreement at any time during its original term or any extension thereof without further obligation or liability by giving not less than thirty (30) days written notice to the other party. KMC Music shall not be obligated to accept return of any stock of Products from Dealer upon termination of this Agreement.

Mutual Expectation

4) Dealer and KMC Music agree that it is important (1) for KMC Music to be able to ensure an adequate supply of Products to its Dealers; (2) for Dealer to ensure the safety of retail purchasers in using Products; (3) for Dealer to meet the needs of retail purchasers; and (4) for Dealer to actively promote Products and preserve and support their positive reputation. To ensure these objectives, Dealer agrees: (a) that it will sell Products only from the location specifically authorized in this Agreement or from such other location as may be authorized by KMC Music in writing; (b) that it will not sell or otherwise transfer Products to any person or entity for the purpose of resale. (c) that it will provide the services customarily expected of a retail dealer or required by KMC Music of all of its retail dealers from time to time; and (d) that it will ensure that its identity and contact information is clearly disclosed and identified in all catalog sales, mail order sales, telephone sales, telephonic price quotes, or sales through any electronic or other media, including but not limited to, without limitation: invoices, receipts, flyers, post- ers, coupons, rebates, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, email, Internet (Web Sites, 3rd Party Internet Sales Channels, social media, or similar electronic media), television, television shopping channels, radio, and signage outside of Dealer's store, and in all situations in which Dealer utilizes a third party as sales agent.

Indemnification

5) Dealer agrees to indemnify and hold harmless KMC Music, its officers, directors and affiliates from and against any and all claims, liabilities, damages, costs or expenses incurred (directly or indirectly), or in any way arising as a result of Dealer's performance of this Agreement or its sale of Products hereunder. Dealer hereby grants KMC Music a purchase money security interest in all Products purchased by, shipped to or otherwise held by Dealer, together with all proceeds thereof, to secure the payment in full of the purchase price of the Products and all other obligations, of any kind owed by Dealer to KMC Music hereunder or otherwise, now or hereafter. Dealer authorizes KMC Music to file financing statements, in such jurisdictions as KMC Music deems appropriate, generally covering all Products from time to time purchased by, shipped to or otherwise held by Dealer together with all proceeds thereof. In the event Dealer shall default in any obligation to make payment for Products sold to Dealer here under, KMC Music shall have the right to recover from Dealer all amounts owing, together with interest thereon at the highest legal rate and Dealer grants KMC Music the right to enter Dealer's place of business and to repossess all Products for which payment has not been made in a timely fashion with or without legal process. In such event, Dealer agrees that title to such Products shall revert back to KMC Music at KMC Music's option. Dealer shall indemnify and hold harmless KMC Music from and against any and all reasonable costs incurred by KMC Music in obtaining such payment or repossession from Dealer, including, but not by way of limitation, reasonable collection costs and attorneys' fees.

Warranty Claims

6) Dealer's sole and exclusive remedy for any claims against KMC Music for matters arising under or relating to this Agreement or for claims with respect to any Product shall be limited to the extent of the written warranty applicable to such Product and KMC Music's liability to Dealer for any and all claims of any nature whatsoever, regardless of how arising, shall not exceed the cost of returning and replacing the Product involved or previously sold to the Dealer. IN NO EVENT WILL KMC MUSIC BE RESPONSIBLE OR LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE WHATSOEVER RELATING TO ANY PRODUCT OR CLAIM AGAINST KMC MUSIC BY DEALER HEREUNDER.

International Shipping

7) Dealer agrees not to engage in any activities which would result in the sale, directly or indirectly, of Products outside of the United States.

Prohibited Channels

8A). All advertisement of New KMC Music product on Craigslist.org is strictly prohibited. Instances of advertisement of KMC product found on Craigslist.org otherwise compliant or non-compliant with the MAP pricing polices described herein, may merit immediate KMC Music account termination for a minimum of 12 months for all product lines offered, including One- Stop Product. Support and communication with KMC Music and the terminated KMC retailer during this period will be restricted to inquires pertaining only to consumer owned product currently covered under applicable warranties

8B) KMC brands are not allowed on auction sites. EBay stores and web affiliation sites are permitted as long as MAP pricing is followed. Buy-It-Now offerings must be at MAP. "Best Offer" or "Make Offer" solicitations are prohibited.

Retailer Identity Disclosure

9) Dealer agrees to ensure that the following information is provided and disclosed in all sales of (or advertisements for) Products on Internet web sites or through any other electronic medium: clear identification of Dealer and its contact information, including full legal name, store identity, physical and e-mail addresses, and phone numbers.

Mutual Exclusivity

10) The parties hereto are independent contractors and Dealer shall not make any statement, warranty or commitment by or purported to be on behalf of KMC Music and Dealer agrees not to represent itself as having any authority to obligate or bind KMC Music in any way whatsoever. Trademarks, Trade Names, Patents, and Copyright Materials

11) Dealer acknowledges the validity of KMC Music's trademarks, trade names and patent rights and agrees not to take any action which would in any way reduce, misappropriate or in any other way adversely affect such rights. During the term of this Agreement KMC Music grants Dealer the right to use KMC Music's trademarks for such purposes as may be approved by KMC Music in writing and for no other purpose or purposes whatsoever. Dealer agrees to strictly comply with KMC Music's instructions in this regard.

Disclaimer

12) In the event any provision of this Agreement is found to be contrary to applicable law, such provision shall be deemed to be deleted and the remaining provisions of this Agreement shall remain in full force and effect. This Agreement shall be governed by the laws of the State of Connecticut and in the event of a dispute arising hereunder; the parties agree to submit the matter to binding arbitration to be held in Hartford, Connecticut in accordance with the rules of the American Arbitration Association then pertaining.

Dealer Agreement

KMC MUSIC UNILATERAL POLICY REGARDING MINIMUM ADVERTISED PRICING

EFFECTIVE OCTOBER 1st, 2015

KMC Music actively supports the advertising and promotion of its products and brands by its Authorized Dealers through, among other things, materials provided by KMC at no or nominal cost or by its Dealers in accordance herewith. KMC has built a strong reputation and following among consumers based, in large part, on the quality lines of products manufactured by or for KMC. KMC has determined that it shall not support through advertising or promotional materials, cooperative advertising or otherwise, advertisements or promotional materials that have the effect of diminishing or detracting from the perceived value of KMC's products and brands. KMC has unilaterally established a minimum advertised price ("MAP") on certain products that are manufactured by or for KMC. This MAP Policy ("the Policy") governs the advertising and promotion of such products. The Policy applies only to authorized Dealers in the United States.

The following guidelines apply to all products that KMC, in its sole discretion, determines are subject to a MAP:

Authorization to Advertise

1. Only products for which a dealer has specific authorization pursuant to this agreement may be advertised by Dealers.

Printed Publications

2. A copy of each printed Publication containing Products shall be sent by first-class mail, postage prepaid, to KMC Music Inc, 310 W. Newberry Rd., Bloomfield, CT 06002, Attention, Vice President of Sales, immediately upon the first issuance of such Publication or Web site.

Manufacturer-Included Accessories

3. Some KMC products include accessories or other items, e.g. Washburn guitars, with cases and accessories. If a Dealer elects to advertise KMC products without such accessories or other items, the MAP shall remain as listed without any reduction for excluded accessories or other items.

Scope

4. MAP applies to all advertisements that pertain to, or directly or indirectly include covered products in any and all media, including but not limited to, without limitation, flyers, posters, coupons, rebates, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, email, Internet, social media, or similar electronic media, television, radio and signage outside of Dealer's store. Coupons or other advertised price reductions that offer general discounts on products must specifically exclude KMC products and/or brands that are subject to KMC's MAP if the effect of such general discount reduces the MAP of any covered KMC product and/or brand below KMC's designated MAP. Such exclusions must be shown next to the coupon.

Selling Price

5. MAP applies only to advertised prices and does not apply to the price at which the products are actually sold by the Dealer. KMC's Dealers remain free to sell KMC products at any prices they elect. MAP also does not apply to the price offered for sale to a consumer within the Dealer's retail location.
Bundling

6. KMC Music "Bundling" MAP Policy: From time-to-time, KMC Music may approve value-added bundled product offerings to be advertised by the following specific guidelines:

Approval

A. All Bundles intended for advertisement, and their corresponding included contents must be submitted to KMC Sales management, and approved in writing by KMC Music Sales Management prior to the advertisement of the Bundle.
B.The sum of individual MAP for all product subject to MAP included in a given bundle, will determine that Bundle's actual MAP price.

Maximum Advertised Price

7. MAP does not establish a maximum advertised price. All KMC Dealers may offer covered products at any price in excess of the MAP established for such product.

Price Representation

8. Requesting consumers to "call for a price," "email for price," "add to cart for price," "add to cart for details," stating "price too low to print," or phrases of similar import in lieu of providing KMC's designated MAP is prohibited. Unsolicited e-mail advertisements to one or more recipients, showing KMC products that are subject to MAP must be advertised in a manner consistent with this Policy.

Subject to change without notice

9. From time to time KMC may discontinue models or engage in promotions with respect to certain covered products. In such events, KMC may modify or suspend the MAP for such products. KMC may adjust the MAP with respect to all or certain covered products in its sole discretion.

Product Condition

10. KMC's products that are covered by the MAP Policy will be provided in new condition. As a result, KMC's MAP policy applies to all covered products and Dealers may not advertise such products using terms such as "B Stock," "seconds," or similar phrasing unless KMC provides advance, written consent. KMC products sold as anything other than NEW must be identified as USED and NOT covered by the corresponding KMC Brand's warranty. Stock product photos, copyright protected trademarks, multiple quantities of identical used product in a single advertisement, and repeated use of the same product photo across multiple used listings is also prohibited.

Returns, Floor Models, Seconds, etc.

11. Dealers may have KMC products in their inventory that have served as display models or have been returned by consumers. Such products may still qualify as new, yet exhibit minor wear, and as a result, Dealers may be unable to present these items as unblemished or in factory condition. In such cases, with written approval from KMC Music Inc, Dealers may advertise these products at up to 20% off MAP provided such advertisements clearly state the condition of the product and include a serial number. Preapproved advertisements of this nature should also be designated with a condition code of "New Other" where the option is available to distinguish the product from other first quality goods. Phrasing such as, "scratch and dent", "floor model", "demo model", or similar phrases must be clearly displayed in the item's title/primary description. Additional information describing typical wear and tear of such items must also be included in the product's listing. An item presented in such condition must be listed as a separate item from unblemished or factory sealed items. In cases where a product has been displayed, returned, box opened or otherwise, but the product exhibits no visible use wear and tear and can be returned to original packaging, Dealers must advertise these products as new.

Administration and Enforcement

12. Dealers who choose to advertise KMC products covered by the KMC MAP Policy, but who fail to comply with such Policy shall be subject to actions including, but not limited to: KMC's discontinuance of cooperative advertising or other Dealer support by KMC and/or suspension or cancellation of Authorized Dealer status or access to product lines for one or more product lines offered by KMC Music, as determined at KMC's sole discretion.

13. The administration and enforcement of the MAP Policy is handled exclusively by KMC. KMC reserves any and all right deemed necessary, in KMC's sole and absolute discretion, to enforce the Policy and preserve its unilateral nature.

14. This MAP Policy supersedes all other outstanding MAP Policies of KMC.

15. Third Party Manufacturer's MAP Policies
A. Products sold by KMC Music which are not KMC-owned brands, may have MAP policies as put in place by the respective manufacturer or vendor. In such event, see section 15-B.
B. Dealers must comply with such MAP policies. Failure to do so may subject Dealers to disciplinary action, up to and including product line suspensions and termination as an authorized Dealer of KMC Music.

This Policy has been established by KMC unilaterally to help ensure the legacy of KMC as the premium manufacturer and distributor of musical instruments and accessories. This policy also is adopted to induce KMC Dealers to invest in higher levels of service and to encourage new dealers to enter the market to sell KMC products and KMC distributed goods. All questions or comments should be submitted in writing to KMC Music, 310 W. Newberry Rd., Bloomfield, CT 06002.
