 areas to be cut out

INSTRUCTIONS

- 1) Print out this pattern.
- 2) Prepare the pumpkin by carving out a lid and cleaning out the pumpkin.
- 3) Tape or pin the pattern to the pumpkin.
- 4) Use a poking tool or nail to poke small, shallow holes through the paper, following the pattern lines.
- 5) Once the lines have been traced, remove the paper pattern.
- 6) Following the poked lines, carve out the pattern

Tip: Coat the cut surfaces with petroleum jelly to prolong the life of the pumpkin.
