

# HAPPY MOTHER'S DAY!

**T**HANK YOU to all of the moms and caregivers lifting our families, communities, and nation each and every day. Thank you also, President Biden, for your historic actions in the recent *Increasing Access to High-Quality Care and Supporting Caregivers Executive Order* to support moms, parents, and families and to strengthen our economy!

To truly make moms and families happy, and to improve our lives and our economy, every member of Congress must honor the work that moms, dads, daughters, sons, parents, and other caregivers do every day through:

- **Support for Early Care and Education**, by ensuring all children have access to high quality child care and Pre-K opportunities, adopting paid family and medical leave for all working people, and permanently expanding the Child Tax Credit to help moms and all caregivers manage the high cost of raising a family.
- **Safety for Children and Families**, by stopping the scourge of gun violence.
- **Stronger Schools**, by boosting support for K-12, supporting children's mental health and wellbeing, as well as by fighting the bias, censorship, and hate that's harming our education system.
- **Healthier Children and Families**, by providing access to affordable, quality health care as well as long-term care for older adults and people with disabilities, ensuring children and families have adequate food and nutrition, improving maternal health, protecting immigrant families, and ensuring adequate funding to rigorously enforce the newly enacted Pregnant Workers Fairness Act and the PUMP for Nursing Mothers Act.
