Call Congress to #StopKavanaugh

CALL: 844-766-2707

You can say,

“Please oppose the confirmation of Brett Kavanaugh. I do not want an extremist who opposes choice, would cut off access to health care for 30 million people with pre-existing conditions, would let corporations pollute the environment, and would side with the wealthy few over workers to get a lifetime appointment to the Supreme Court.”

In this election, the stakes are as high for kids as they are for adults.
Share the opportunity to make an impact together.

• Make a list of family members you’d love to join you.
• Reach out to them in the manner you normally communicate with them.
• Briefly share why you’re involved.
• Then share how getting involved could impact them.
• Finally, share the power of working together to get out the vote.
