READY TO RESIST
SUNDAY, APRIL 2 | 8 ET / 5 PT
STRATEGY CALLS TO STOP TRUMP
RSVP: MOVEON.ORG/READYTORESIST
Thanks to YOU!
Tonight’s Agenda

1. **Welcome**: Victoria Kaplan, MoveOn.org

2. **The Supreme Court: No lifetime appointment while president is under investigation**
   - Heather McGhee, Demos
   - Senate Minority Leader Chuck Schumer (D-NY)

3. **#ResistanceRecess, April 7-23**:
   - Anthony Newby, Neighborhoods Organizing for Change
   - Luz Sosa, Citizen Action of Wisconsin

4. **Q+A & Closing**
ATTEND A RESISTANCE RECESS EVENT

The first Resistance Recess in February was a huge success, and constituent activity has been widely credited with building the power to stop Trump and Ryan from taking away our health care. As Trump remains under investigation and as Congress continues to push Trump’s unconstitutional and dangerous agenda, we must make sure that no one allows the passing of time to normalize this president and his harmful policies.

That’s why we’re preparing for another Resistance Recess, April 7–23, when members of Congress are back home for two weeks for their “spring break.” We’ll attend their town hall meetings, organize our own “constituent town halls” and invite our members of Congress if they fail to plan their own, and show up everywhere else they do, so that they understand our message of resistance.

Will you join fellow constituents and attend a Resistance Recess action April 7-23?

Luz Sosa, Citizen
Action of Wisconsin
1) The basics of building a relationship with the reporter
   a) Contact reporters directly (e-mail, text, phone call).
   b) Let them know of the events your organization is putting together.
   c) Respect the reporter’s time.
   d) Be there when they need you.
**Telling your story**

Prepare yourself:

- Emphasize: be prepared, concise, know the angle.
- Look where the cameras are.
- Think about signs, they should reinforce the message.

Preparing others:

- Ask the person to “share their experience”
- Add human side to the issue at hand.
- Integrate the story to the main campaign.
Plans to Introduce State Bill to Challenge Prescription Drug Prices

Anuncian Plan para Disminuir los Precios de la Medicina

The proposed bill hopes to control any possible price hike by creating more transparency. Rep. Kolste plans to propose the bill in January during the next legislative session.

"So if there is a price increase, then we can say yes it's justifiable or not," Sosa said.

Jose Garza knows all too well how expensive prescriptions drugs can be.

"It stresses me out in a sense because when I wasn't service connected, I was paying it out of my pocket," Garza said.

Garza was honorably discharged from the U.S. Army when he was injured oversees. He takes a prescription blood thinner.

"It's not the only medication I take, I take about four or five of them, and you are talking about at least at least $2-3,000 every month," Garza said.

He said his military disability covers a lot. However, he remembers when his mom was sick, she wasn't as fortunate as he is.

"It was expensive with our family paying so much," he said. "You're talking about thousands and thousands of dollars a month because she had lung cancer."

Garza said in the meantime, he'll wait and see if the bill is approved and if anything changes in prices next year.
Thank you!
