Affordable Comfort Control

The Robertshaw 9615 programmable thermostat is the perfect solution to keeping your home comfortable year-round. Not only that, setting back your thermostat twice each day can reduce energy costs up to 25%. **Set it and save.** Today's busy lifestyle demands hands-free temperature control, and with a programmable thermostat, you've got it. In the QuickSet™ mode, set seven daily programs for summer and winter all at once. Individual days can be customized to match any lifestyle. You will always come home to a comfortable setting, and you'll save energy without even thinking about it.

The 9615 is compatible with all standard 24 Volt AC heating and cooling systems, up to two stage heat and two stage cool. Green LED indicates auxiliary heat stage operation.

When you select a Robertshaw thermostat, you've made the choice of an industry partner that's been making quality products for 100 years. Come home to affordable comfort. Come home to RobertshawSM.

Features and Benefits

Quick Connect Wiring

Fast and easy installation. Uses sturdy wire clamps – no wrap-around of screws.

Automatic Compressor Short Cycle Protection

A system safeguard. Reduces wear and tear of HVAC equipment.

7 Day Programming

Seven separate daily programs with four time and temperature changes per day allow maximum flexibility.

QuickSet™

Allows 7 days to be programmed all at once.

EER™ (Energy Efficient Recovery)

Increased energy savings. EER™ allows gradual recovery from setback temperature to minimize use of auxiliary systems.

Worry-Free Memory Storage

Even during power outages, 2“AA” batteries continuously maintain all program parameters, including time of day.

Adjustable 1st and 2nd Stage Temperature Differential

Maintains optimal customer comfort.

Temporary Program Override

Allows for manual temperature adjustment.

Toll-Free Assistance

Toll-Free Technical Service number printed right on the thermostat provides immediate assistance.
