Base/Line 2000 includes these important features:

- Flared element tubes facilitate joining sections.
- Heavy gauge front cover and reinforced brackets give enclosure exceptional strength.
- Ample space above each heating element for a return line using standard copper fittings.
- 1 3/4" floor-to-front cover opening promotes good air circulation for effective convection heating.
- Fully modulating, pivot mounted damper helps control individual room temperatures.
- Neat fitting accessories that stay in place help maintain beautiful appearance.

Base/Line 2000 is made by Slant/Fin in the industry’s most advanced baseboard manufacturing facility. You can count on consistent high quality piece to piece and job to job.

Choice of element size broadens range of applications.

- 7 3/8" height
- Choice of 3/4" or 1/2" heating element
- 600 Btu/ft. output*
- Pre-cut lengths from 2' to 10'.
- Nu-White baked enamel finish

Base/Line 2000, the competitive baseboard from Slant/Fin, is ideal for heating in tract housing, apartments and renovations. It provides gentle full room convection heating that blocks chilling drafts at the outside walls. Its attractive design and Nu-White baked enamel finish look good in any room.

Renowned Slant/Fin element provides high-performance heating

Base/Line 2000 is made with the premium quality Slant/Fin E-Series 3/4" or 1/2" copper/aluminum heating element. The exclusive double bent aluminum fins pack extra heating surface in a slim enclosure. Interconnecting fin design lets fins reinforce each other while preventing vibration noises. Self-adjusting velvet-smooth plastic expansion cradles eliminate noisy metal-to-metal contact with bracket and enclosure.

Base/Line 2000 is manufactured with contractor-friendly features for quick, trouble free installation, without annoying callbacks. Each length of baseboard is fully assembled, ready for box-to-wall installation.
Please specify part number and name when ordering.

Base/Line 2000 hot water baseboard radiation accessories:

**Hinged End Cap**
- **No. BL-LEC—LEFT**
- **No. BL-REC—RIGHT**
- 4” wide with piano-hinged door. Allows 5” adjustment.

**Valve Cover**
- **No. BLVC—LEFT**
- **No. BLVC—RIGHT**
- 8” wide with piano-hinged door.

**2” Splice Plate**
- One piece splice plate included free with every baseboard unit 5’ and over.

**Filler Sleeve**
- **No. BLFS—7”**
- **No. BLFS—14—12”**
- One piece filler sleeve covers gaps from 1” to 6” or 1” to 10”.

**Non-Hinged End Cap**
- **No. BL—LEC—LEFT**
- **No. BL—REC—RIGHT**
- 2” solid metal.

**Non-Hinged Wall Trim**
- **No. BLWT—4—4’**

**Inside Corner**
- **No. BLIC—90°**
- **No. BLIC—135°**
- 3⅞” wide at top (2¾” for 135°).

**Outside Corner**
- **No. BLRC—90°**
- **No. BLRC—135°**
- 4” wide (2” at top), one-piece unit.

### Ratings:

**Base/Line 2000 Series Hot water ratings, BTU/HR per linear ft. with 65°F entering air.**

† Millimeters per foot. *Ratings at 140°F and lower temperatures determined by multiplying 150°F rating by the applicable factor specified in Table E in the I=B=R Testing and Rating Standard for Baseboard radiation.

**NOTE:** Ratings are for elements installed as per drawing shown in “Dimensional Data” window (open “Dimensional Data” window to view) with damper open, with expansion cradles.

**ELEMENT:** Furnish and install heating element with expansion cradles. 2” splice plate packed with lengths 5’ and over. 10 foot assemblies contain two separate elements.

**LENGTHS:** 2’, 3’, 4’, 5’, 6’, 7’, 8’, 10’

**COLOR:** Nu-White baked enamel finish.

**ORDERING DATA:**
- **COMPLETE BASEBOARD PACKAGE**
  - No. BL-75 (with ¾” element)
  - No. BL-50 (with ½” element)
  - Carton contains fully assembled baseboard, complete with damper vane, heating element and expansion cradles. 2” splice plate packed with lengths 5’ and over. 10 foot assemblies contain two separate elements.
  - **LENGTHS:** 2’, 3’, 4’, 5’, 6’, 7’, 8’, 10’
  - **COLOR:** Nu-White baked enamel finish.

**SPECIFICATIONS:**
- **HEATING ELEMENT:** Furnish and install E-75E (E-50) baseboard heating element as manufactured by Slant/Fin Corp., consisting of 25/64” x 2 1/8” or 0.009” aluminum fins, bent to 2 5/16” x 2 1/8”, spaced 56.35 per linear foot (BL-75) or 55 per linear foot (BL-50) (unpainted). Use 4 gpm ratings only when flow is known to be equal to or greater than 4 gpm; otherwise, 1 gpm ratings must be used.

---

**Dimensional and installation data:**

Baseboard and all hinged accessories serve either flush or recessed installation.

† End cap width: Non-hinged, 2”. Hinged, 4”.

Specially designed support bracket accommodates return tubing above the heating element using standard fittings.
