For over 60 years, Runtal has been world-renowned as the premium manufacturer of Euro-style hot water panel radiators. We are now pleased to unveil our new electric panel radiators (baseboard style). This revolutionary patent pending technology combines high outputs and low surface temperatures with the fine design and outstanding quality that one expects from Runtal. Runtal’s electric baseboard panels are available in 3’ to 10’ lengths in both 208 and 240 volt configurations and may be ordered in more than 100 Runtal colors.
Electric Baseboard

**Euro-Style:** The American Made design with a space saving 2 ¼” depth.

**Choice of Colors:** Ten standard colors and over 100 optional colors to complement any project design.

**Durable:** Welded steel construction and advanced power coat finishes provide for long-lasting durability for both commercial and residential applications.

**Easy Installation:** Simple wall mounting and a choice of using either end for wiring.

**Comfortable:** Even radiant heat, high output, low temperature design.

**Immediate Availability:** In stock in White. Large quantities and other colors are made-to-order.

### Mounting

- **Wall**
- **Floor**
- **Metal Mounting Clip**
- **Knockout Plug**
- **Junction Box**

---

### Wiring (Please refer to installation instructions for details.)

- **Multiple Electric Baseboards MUST** be wired in parallel.
- **Line Voltage Wall Thermostat**
- **Radiator**
- **Knockout Plugs**
- **White High Temp.**
- **Black, Black, Green**
- **Ground**
- **Radiator Junction Boxes**
- **Radiator**
- **Knockout Plugs**
- **White High Temp.**
