1/2" Disc Manual Reset Flame Rollout Limit Switches

No. 14-14

Date: August 14, 2014

White-Rodgers offers a new line of SPST, 1/2" snap disc, manual reset limit switches designed for safety in gas fired furnaces, unit heaters, and roof-top units.

Furnace designs over the last 10+ years have been required to have 2 or more of these manual reset limits inside the furnace to cover safety concerns and prevent flame rollout conditions.

This new line of limit switches complements our existing line of 1/2" automatic (3F11) fan controls & (3L11) limit controls and are offered in a broad range of temperature limit cut-outs to cover most heating applications. The 10 new limit switches are available from your local Wholesaler.

Model Number	Product Description	Case Qty
3L12-130	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 130°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611863	10
3L12-135	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 135°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611864	10
3L12-220	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 220°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611865	10
3L12-230	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 230°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611866	10
3L12-240	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 240°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611867	10
3L12-250	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 250°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611868	10
3L12-260	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 260°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611869	10
3L12-300	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 300°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611870	10
3L12-301	Rollout Safety Switch specifically designed for ICP part # 1013102 , 1/2" SPST, 1/4" QC, Open on Rise, 300°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611971	10
3L12-350	Rollout Safety Switch for gas furnaces, unit heaters, and rooftop units, 1/2" SPST, 1/4" QC, Open on Rise, 350°F Cut-Out Temperature Manual Reset, TOD Style 36TX16, Type 611871	10
