- Convenient Tablet Form
- Prevents Overflows
- Cleans Drain Pan & Lines
- Controls Odors, Improves IAQ
- Prevents Water Damage
- Prevents Drain Pan Corrosion
- Use in A/C Drain Pans, Condensate Pumps, and Humidifiers

Fouled Condensate Pan

Never Clean a Pan Again!
Economical Preventative Maintenance For Condensate Drain Pans
Powerful Formula - Only 1 Tablet Per Ton Needed!

PurCool Tablets utilize a powerful formulation to keep condensate drain pans clean and free flowing. PurCool Tablets eliminate problems caused by plugged condensate drain pans and drain lines. Use PurCool Tablets to remove sludge and slime in A/C condensate pans to prevent overflows and the costly water damage caused by such overflows. PurCool Tablets will control clogs, build up, odors, and corrosion in drain pans, condensate pumps, and humidifiers. **Approved for computer room humidifiers.** PurCool tablets are safe when used as directed. They are completely soluble in water and biodegradable. They will not leave any deposits on surfaces. **For Professional Use Only.**

Part #PC200 • 400 grams by weight ≈ 200 Tablets • 12 per case
