Low Profile Sconce Box

INCLUDES...

5.0 cu. in. Low Profile Sconce Box, NM cable connector, (2) mounting wings for 1/2" drywall, (2) mounting wings for 5/8" drywall, and (2) installation screws for 'wings'.

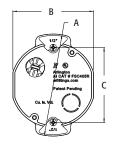

FEATURES AND BENEFITS

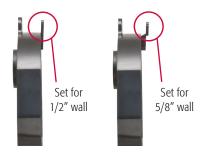

- Time-saving solution to retrofit installations that have shallow wall cavities—or obstructions running behind the wallboard
- Includes NM cable connector and mounting wings for 1/2" or 5/8" drywall and installation screws for mounting wings
- 4" diameter box accommodates most sconce light canopies, completely hiding the box

Easy-to-install mounting wings

INSTALLATION INSTRUCTIONS

FOR EXISTING WALLS:

Determine sconce light location. Cut opening with 4" hole saw.

Pipe obstruction behind wall prevents the installation of a typical sconce box. Install mounting wing for 1/2 or 5/8" drywall. Pull cable...

...Inserting it into installed NM94 connector. Tilt box to insert it into the stud cavity.

Pull box towards you, into the 4" opening. Flip the retaining wings outward. Tighten screws to secure box to wallboard.

Finished box installation. Ready to install sconce light.
