

1/2" Push Fit Tee (Lead Free)

FEATURES

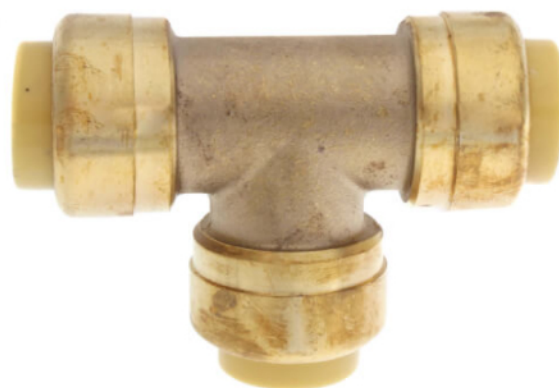

Easy to install - The 2-step cut-and-push installation process allows for fast installation without tools, glue, or soldering.

Durable - Able to withstand a maximum working temperature of 200°F (90°F) at the following pressure ranges:

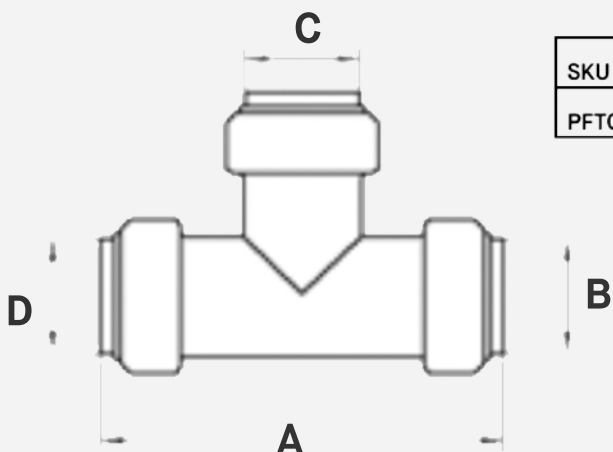

- Maximum working pressure: 150psi (10bar)
- Maximum resistant pressure: 350psi (25bar)
- Maximum endured pressure: 600psi (40bar)

Versatile - Compatible with copper, PEX, and CPVC piping systems. Certified for potable water and hydronics

Lead Free - Made from certified lead-free brass for safe and effective use in hydronics and potable water systems.

Please Note: This product is susceptible to dezincification and does not hold a high DZR rating. This product should not be used in applications where brass parts may be exposed to hard water (high sulfur or mineral content).
