

1/2" PEX x 3/8" OD Compression Angle Stop Valve (Multi Turn) (Lead Free)

FEATURES

- **Lead Free** – For safe and effective use in accessible potable water systems.
- **One-piece Brass Body** – Protects the stop valve from rupturing.
- **Multi-Turn Stop** – Prevents accidental shut-off.
- **POM Stem** – Allows for smooth, low-friction operation.
- **ABS Handle** – Adds heat, chemical, and abrasion resistance.
- **Built for Versatility** – Able to withstand temperatures from 40° F to 140° F.
- **High Pressure Tolerance** – Able to withstand a maximum working pressure of 125 PSI.
