

1/2" Chrome Plated PEX Sillcock

Lead Free

FEATURES

- Chrome-Plated – Adds a sleek, durable finish that resists corrosion and enhances the aesthetic appeal of plumbing installations.
- PEX Crimp Connection – Offers a reliable, leak-free connection that's quick and easy to install, saving time and reducing the need for complex tools.
- Brass Alloy C46500 – Known for its exceptional resistance to dezincification, stress corrosion, and cracking, this lead-free alloy ensures the safety and durability of plumbing systems in both commercial and residential jobs.
