

# Deep Cup Duo Strainer Snap Lock Basket Brass Slip Nut

## FEATURES

- **Chrome-Plated Cast Brass Construction** – gives the basket excellent strength and corrosion resistance.
- **Stainless Steel** – Protects the strainer against rust and ensures increased longevity.
- **Secure Connection** – The long shank, snap lock basket, ribbed rubber washer, and brass slipknot keep the strainer in place and prevent potential clogs.
- **High-Capacity** – The deep double cup means the strainer won't stop up or block water flow.
- **Lead Free** – Meets cUPC standards for safe use in commercial and residential lead-free drinking water systems
