

3/4" MHT Hose Bibb Vacuum Breaker

(Lead Free)

FEATURES

- **Lead-Free Brass Construction** – C46400 brass alloy includes tin for added corrosion resistance and excellent strength
- **High Pressure Tolerance** – Capable of withstanding high-pressure environments up to 125PSI.
- **High Temperature Tolerance** – Suitable for use in environments with elevated temperatures up to 180°F, maintaining integrity and performance under thermal stress.
- **Please note:** This product is susceptible to dezincification and does not hold a high DZR rating. This product should not be used in applications where brass parts may be exposed to hard water with high sulfur or mineral content.
