

SKU: WCWB25

Winged Wire Connector, Blue (Pack of 25)

Specifications

General

- **Color / Finish:** Blue
- **Wire Nut Type:** Winged Wire Connector

Electrical Ratings

- **Max Voltage:** 600v
- **Max Temp Rating:** 221°F (105°C)

Wire Compatibility

- **Compatible Wire Gauge:** #14 –#6 AWG
- **Wire Type:** Copper / Copper
- **Minimum Wire Combination:** (2) × #10 w/ (1) #12 (AWG
- **Maximum Wire Combination:** (3) × #8 w/ (1) #12 AWG

Strip Length Requirements

- **All Wire Sizes:** 7/8" (22.2mm)

Applications

Bluefin wire connectors provide reliable electrical splicing for residential, commercial, and light-industrial use. Their flame-retardant shell and square-wire spring ensure secure connections, while sure-grip ribs and a threaded funnel entry make installation easy. Color-coded and UL/CSA certified, they offer strong protection and are intended for copper-to-copper conductors only.

Materials:

- Flame-retardant thermoplastic shell

Certifications

- UL 486C
- CSA certification
