

WITH THIS EXTENDED LIMITED WARRANTY, YOUR WATER HEATER INVESTMENT IS PROTECTED FOR TEN YEARS

EXTENDED LIMITED WARRANTY DETAILS

Bradford White water heaters are built for installation by a plumbing or heating professional for safety and maximum performance. Therefore, the manufacturer will approve a product for an extended limited warranty under the following guidelines:

1. The water heater must be installed by a plumbing or heating professional.
2. The water heater installation must adhere to all federal and local codes and be properly installed according to the manufacturer's specifications.
3. The extended limited warranty may only be sold through an authorized wholesaler or the installing plumbing or heating professional and not from any other source.
4. The purchase of this extended limited warranty must be in accordance with the manufacturing guidelines which:
 - a.) Requires the date of installation and the inception of the limited warranty to be within six months of the manufacturing date of the product in order to be eligible. The manufacturing date code is stated on the rating plate of each Bradford White water heater. To determine the age of your water heater, visit www.bradfordwhite.com/find-your-model-and-serial-number. If further assistance is required, please contact the warranty department at 800-531-2111.
 - b.) This extended limited warranty applies to approved use on Bradford White tank-type residential water heaters only.
 - c.) The extended limited warranty registration card must be properly completed and signed by the professional installer. The card must include the model number and serial number from the rating plate. This card must also be mailed to Bradford White within six months of the manufacturing date of the water heater for the extended limited warranty to be valid.

10 YEAR EXTENDED LIMITED WARRANTY

The extended limited warranty upgrade will give you the peace of mind that comes with knowing your Bradford White water heater and parts are protected against failure for 10 years. Bradford White now offers the option to purchase this added protection on our most popular residential water heaters.

HERE'S HOW IT WORKS

Simply have your installing contractor complete and sign the registration card included in the extended limited warranty upgrade kit, drop the prepaid postage card in the mail, and place the 10 year protection label on your Bradford White water heater. If there should be any problems with the water heater up to 10 years after the date of installation, Bradford White will provide a replacement part or replacement water heater*.

**See limited warranty document for terms and conditions.*

YOUR PROFESSIONAL INSTALLER WILL HELP YOU REGISTER YOUR WATER HEATER

When filling out the registration card, your plumbing or heating professional will help you identify the required information including the serial number and model number of the water heater.

Ask your professional installer for the Limited Warranty Upgrade Kit and get 10 full years of protection for your Bradford White water heater.
