

# CP-22 Condensate Pumps

## Strategy Statement

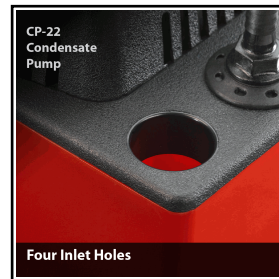

The CP-22 is a full featured pump suitable for use with condensate from high efficiency condensing furnaces and boilers which produce acidic condensate. 22 feet of lift compared to the typical 20 feet.

## Key Message Points

- Four Inlet Holes
- Metal Hang Tabs
- Overflow Safety Switch

---

## Four Inlet Holes

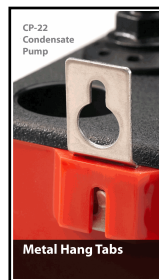

**Bullets:** Makes installation easier

**Copy:** The four inlet versus two or three on other pumps provide the greatest installation versatility. Inlet holes have a reinforced wall for durability.

---

## Metal Hang Tabs

**Bullets:** Easy to mount

**Copy:** The CP-22 Condensate Pump comes equipped with shatterproof stainless steel hang tabs which have hole-and-slot design for easy mounting. The tabs are located on the convenient 8" centers.

---

## Overflow Safety Switch

**Bullets:** Extra safety feature

**Copy:** The 1/4" quick connect terminals provide easy connection to the built-in overflow switch. Two terminals are provided allowing the installer flexibility to connect the air handler shut-down. The switch features SPDT isolated contacts ready for connection to building automation systems.

---

## Indicator Lights

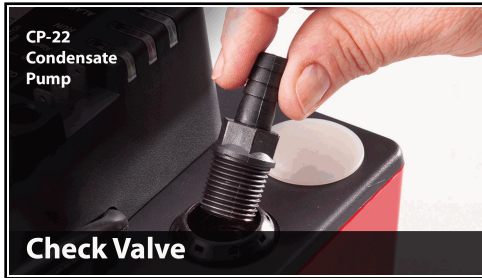

**Bullets:** Lights show pump status

**Copy:** The red, yellow, and green indicator lights show the pump status. The green shows the power applied to the pump, yellow shows the pump is running, and red is for high level alarm.

---

## Removable Check Valve

**Bullets:** Prevents water backflow

**Copy:** The CP-22 Condensate Pump features a removable check valve which allows for hassle free cleaning.

---

## Rubber Feet

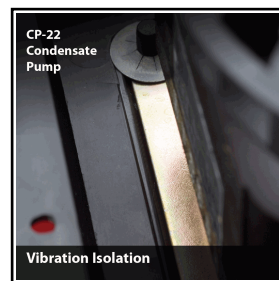

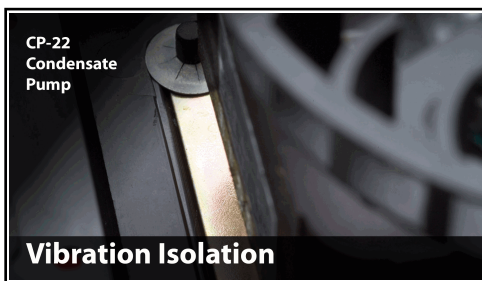

**Bullets:** Lessens vibration and noise

**Copy:** The rubber feet that support the CP-22 Condensate pump help to dampen vibration which reduces noise.

---

## Vibration Isolation

**Bullets:** Less vibration

**Copy:** The elastomeric motor mounting gasket dampens vibration.

## Condensate Pumps

Full line of condensate removal pumps for HVAC and Mini-Split Applications

### CP-22 Pumps

Suitable for use with condensate from air conditioning applications. 22ft of lift compared to the typical 20ft. Features include vibration dampening feet and motor mounts, metal hang tabs, four inlet holes, a clear indicator display, a float switch and check valve, and pan pill dispenser. Integrating the CP-22 into your system is easy. 1/4in. quick connect terminals provide easy connection to the built in overflow switch. 3 terminals are provided allowing flexibility to connect air-handler shut-down and optional alarm as needed. The new CP-22LP comes packed with all the same great features found in the CP-22, but now in a low profile package. This pump is only 4 3/8in. tall so it's a good fit for those instances where space is at a premium. The shorter reservoir holds 1/3 gallon. Suitable for use with condensate up to 160 degree F. UL Listed File Numbers E253155 and E258186.

Catalog No.	Description
CP-22	CP-22 Condensate Pump, 22ft. lift, 120V
CP-22-230	CP-22 Condensate Pump, 22ft. lift, 230V
CP-22-230T	CP-22 Condensate Pump, 22ft. lift, w/ 20ft. of 3/8in. CVT, 230V
CP-22T	CP-22 Condensate Pump, 22ft. lift, w/ 20ft. of 3/8in. CVT, 120V

### CP-22 Low Profile Pumps

The new CP-22LP comes packed with all the same great features found in the CP-22, but now in a low profile package. This pump is only 4 3/8in. tall so it's a good fit for those instances where space is at a premium. The shorter reservoir holds 1/3 gallon. Suitable for use with condensate up to 160 degree F. UL Listed File Numbers E253155 and E258186.

Catalog No.	Description
CP-22LP	CP-22 Condensate Pump, 22ft. lift, low profile, 120V
CP-22LP-230	Condensate Pump, low profile, 22ft. lift, 230V

### General Purpose Pumps

The DiversiTech CP-16 condensate pump is an economical alternative that's based off of the proven CP-22 design. More compact than the CP-22, it's designed to lift to a maximum of 16 feet. The CP-16 shares many of the great features of the CP-22, including hang tabs, four inlet holes, float switch, overflow switch, and a check valve. UL Listed File Numbers E253155 and E258186.

Catalog No.	Description
CP-16	CP-16 Condensate Pump, 16ft. lift, 120V
CP-16-230	Condensate Pump, 16ft. lift, 230V

## Condensate Pumps

Full line of condensate removal pumps for HVAC and Mini-Split Applications

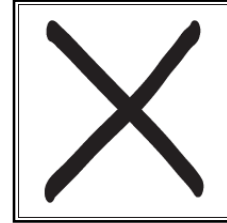

DiversiTech's CP-MINI-L Mini Split Condensate Pump is a quiet, super compact, and feature rich pump that fits almost anywhere. Available in 115V and 230V versions. Pump fits easily in most line sets covers.

Catalog No.	Description
CP-MINI-L	Mini Ductless Sys. Pump w/ Mech. Float

### Pump Parts & Accessories

Check valve installs easily and prevents water from travelling backwards into the pump and overflowing.

Catalog No.	Description
CP-CV	Replacement Check Valve for CP-22

## Merchandising

### Counter Mats

Each counter mat has a specific product focus. The mats are encapsulated with a tough wearing clear plastic cover, and a non-skid rubber back. Most mats are 20in. by 16in.

Catalog No.	Description
MKT-MAT-PUMP	Condensate Pump Counter Mat
