

# Cross Manifold™

## Intelligent. Simple. Complete.

The Cross Manifold comes complete and ready to install. Attach the tubing and connect the intelligent control.

Radiant Systems

Hydronic Systems

## FEATURES AND BENEFITS

Complete manifold system in a box (manifold, ball valves, temperature gauges, bleed valves, fittings, control, power supply)

Plug & play installation - No electrician required

Total zoning flexibility

- Full flow valves
- No water temperature limitations
- Never change a zone valve motor or actuator again
- Stainless steel 304 manifold body
- Environmentally friendly: Electricity is only used for a few seconds when opening and closing valves
