

12-PIECE ELECTRIC VEHICLE 1000V INSULATED TOOL SET WITH CASE

KNIPEX Quality - Since 1882

Auto mechanics and technicians rely on their tools every day, especially when working on EV vehicles. That's why our insulated tools meet or exceed statutory requirements and provide the highest level of safety, quality, reliability, and performance.

- > This 12-piece set is an ideal toolset for work on all EV vehicles
- > Each insulated tool is individually tested to a dielectric strength of 10,000V AC and provides a safety buffer of ten times the permitted maximum limit of 1000V AC
- > All insulated tools should be kept in a clean, dry place and inspected before each use, any damaged tools must be destroyed to ensure safety
- > Lockable, foam lined and shock-resistant plastic case for storage and organization
