

LDVI® 4x3 Bulk Pack, 54 pcs

4" to 3" Radon couplers, bulk, 54 pcs

Item #: 95908

LDVI anti-vibration couplers help make a radon active soil depressurization (ASD) system installation quieter by providing superior vibration isolation.

- Designed specifically for Radon mitigation applications
- Low Durometer Vibration Isolation
- Ledge holds the pipe in place
- Ledge prevents direct pipe-fan contact
- Ledge prevents from turbulent air inside coupler
- Superior noise vibration isolation
- Soft and flexible material

The bulk pack contains 54 anti-vibration couplers. LDVI 4x3 couplers are used with Rn1, Rn2, Rn2EC or any industry 4" fans.
