

TECHNICAL DATA

700SC | Serial Interface Cable Assembly

Product overview: 700SC | Serial Interface Cable Assembly

The Fluke 700SC is used to communicate with the Fluke 726 Precision Multifunction Process Calibrator and the Fluke Calibration 3130 Portable Pressure Calibrator. It allows you to connect these products to a PC. Use the 700SC cable with the Fluke 754 Documenting Process Calibrator in the field to automate and document calibration that includes both temperature and temperature sensors.
