**Ref: xxxxx**

Dear xxxxx

The First Alert / BRK team has confirmed that model GC01 (Combination Explosive Gas and Carbon Monoxide Alarm with Backlit Digital Display) is compliant with New York Local Law 157. The GC01 is certified to UL1484. To ensure compliance with NFPA 715-2023, the GC01 should be installed within one foot of the ceiling, and no less than three feet or no more than ten feet from each natural gas appliance.

Yours faithfully,

**Madeline O'Hanlon**  
**Product Manager**
