

safety eyewear LT300

When an application calls for a durable, full coverage goggle that safeguards against liquids and other flying particles (while maintaining optimal comfort), the LT300 is the go-to. The panoramic lens gives an expansive range of unrestricted vision and is spacious enough to be worn over most prescription spectacles.

Part numbers

Lens	Coating	Part #
Clear	TruShield®	12-10001-02
Clear	TruShield®S	12-10002-04

Protective devices do not provide unlimited protection. Some operations may require machine guards, face shields, special filter lenses, or other safety equipment. Safety eyewear does not provide complete protection against hazards, and should only be used in conjunction with the prescribed safety equipment for the application as well as defined safety practices.

UVEX SAFETY GROUP GmbH & Co. KG, parent company of HexArmor®, has achieved a Gold EcoVadis Rating, placing us in the top 5% of sustainable suppliers globally.
