

THE MUDDER[®] series 7310

The HexArmor[®] Ugly Mudder[®] 7310 relies on a premium PVC-Nitrile dip to create the most durable lightweight, liquid-resistant glove on the market. Our impact protection encapsulated within the outer layer provides continuous back-of-hand protection, in addition to greater durability and comfort. The pre-curved design and safety cuff make it easy to slide on and off. Additionally, the 7310 features a textured palm for added grip and durability when dealing with fluids.
