

COMMERCIAL AUXILIARY DAMPERS

The SD Series damper is a commercial auxiliary zone damper assembly that includes a damper and actuator. The SD zone damper can be used as an auxiliary damper when wired to a ZD damper actuator in applications where more than one damper is required in a single zone.

Features and Benefits:

- Commercial two position damper; for more than one damper in a zone it can also be used as auxiliary damper when wired to SC-ZD damper
- Available in round (6" to 20") and rectangular (8"x 8" to 36"x 24")
- Works in any conventional zoning system from other manufacturers
- Can be ordered without actuator, also available with multiple actuator options

Warranty:

- 5 Years
