

Product Specifications

1/2"-1" Bronze Armored Ground Clamp

Part Number 26

Category Number 5560

UPC 781002100409

Armored Ground Clamps are used to connect bare or armored copper wire to steel water pipe for grounding. They feature an integral clamp that securely holds armor conduit, and a set screw that tightly grips bare copper wire, decreasing the chances of the grounding conductors being pulled out. They are manufactured with a highly conductive copper alloy.

Physical Characteristics

Type	Ground Clamp
Style	Armored
Set Screw (in)	1/4"-20 x 1-1/2"
Pipe Size (in)	1/2" - 1"
Size	1/2" - 1"
Material	Bronze
Conductor Material	Copper
Screw Material	Carbon Steel

Packaging Details

Standard Qty	25
Master Qty	250
Price Per	100
Package Length	3.80
Package Width	5.30
Package Height	6.30
Net Weight	0.2114
Package Weight	5.29

Performance Data

Torque Rating	50 lb/in
Applications	Connects Bare or Armored Copper Wire to Steel Water Pipe for Grounding
Environmental Conditions	Corrosive, Wet, Acidic

Certifications

RoHS Compliant	No
Industry Standard	UL & CSA Listed
