

# Product Specifications

## 1-1/4"-2" Bronze Bare Ground Clamp

Part Number 27

Category Number 5560

UPC 781002100256

Bare Ground Clamps are used to connect bare copper wire to rebar, ground rod, steel water pipe and copper water tubing for grounding. They are manufactured from highly conductive copper alloy. Select modes are suitable for direct burial.

### Physical Characteristics

|                    |               |
|--------------------|---------------|
| Type               | Ground Clamp  |
| Style              | Bare          |
| Set Screw (in)     | 5/16"-18 x 2" |
| Pipe Size (in)     | 1-1/4" - 2"   |
| Size               | 1-1/4" - 2"   |
| Material           | Bronze        |
| Conductor Material | Copper        |
| Screw Material     | Carbon Steel  |

### Packaging Details

|                |      |
|----------------|------|
| Standard Qty   | 5    |
| Master Qty     | 50   |
| Price Per      | 100  |
| Package Length | 3.78 |
| Package Width  | 5.43 |
| Package Height | 3.86 |
| Net Weight     | 0.36 |
| Package Weight | 1.80 |

### Performance Data

|                          |   |
|--------------------------|---|
| Torque Rating            | 50 lb/in  |
| Applications             | Connects Bare Copper Wire to Galvanized Steel Water Pipe or Copper Tubing for Grounding |
| Environmental Conditions | Corrosive, Wet, Acidic  |

### Certifications

|                   |                 |
|-------------------|-----------------|
| RoHS Compliant    | No              |
| Industry Standard | UL & CSA Listed |
